FOREWORD

The following paper was prepared, originally, to be read before a Seminary in American Colonial History at the University of Cincinnati. As revised, the article aims to be an account of the Ohio Land Company's endeavors, together with some considerations of the place of that corporation in the history of the Westward Movement in the Colonies.

The author is greatly indebted to Professor B. W. Bond of the University of Cincinnati, at whose suggestion the paper was undertaken; to Professor C. W. Alvord of the University of Illinois, for use of the map accompanying the paper; and to Miss L. Belle Hamlin, Librarian of the Historical and Philosophical Society of Ohio, for assistance in securing the material used, and for the many helpful suggestions she has given him.

THE OHIO COMPANY

It is the purpose of this paper to tell of the formation of the Ohio Company with a discussion of the reasons for its organization; the operations of the Company and its problems, and the failure of the corporation—for it did fail—noticing the causes of that failure as nearly as they can be determined. It will be possible to estimate from such a discussion, what influence the Company may have had upon the westward movement of colonization.

The name, "Ohio Company" has often been confused by writers with a similar title, "The Ohio Company of Associates." To distinguish between these two land projects is therefore of primary importance. "The Ohio Company," more accurately designated as "The Ohio Land Company" was a colonial corporation existing from 1748 until about 1769 and composed of prominent Virginians and British merchants. This Company was interested in the territory immediately west of the Alleghany Mountains. "The Ohio Company of Associates" was a corporation of American citizens, formed at the close of the Revolutionary War, to secure and settle lands located in the Old Northwest.

The idea of a land-holding corporation such as the Ohio Company aimed to be, did not originate with the promoters of that Company. Governor Spotswood of Virginia, was, according to Craig, "the first projector of a Company to settle lands on the Ohio River." This scheme was advanced as early as 1716, but failed, it appears, "partly owing to the timidity of the British Ministry of that time who were afraid of giving offense to the French, and partly to jealousy among the col-

¹ Whether the Ohio Company, legally, was a corporation or a partnership, is a matter of doubt. The records of the Company reprinted in Darlington's *Christopher Gist's Journals* indicate the Company to be a corporation. Fernow, in his *Ohio Valley in Colonial Days* reprints several documents secured from the Records Office of the Board of Trade and Plantations; these documents name the Company as a Partnership. The weight of the evidence seems, however, to support the contention that the Company was a corporation and it is considered as such in this paper.

onies²." The Ohio Company, however, was the first to put the idea into practical execution. How well it worked will be seen later. The lapse of time between that period and the present one has clouded the historical background, and the Civil War caused the destruction of many of the Company's records³, but those remaining tell an interesting story of colonial endeavor.

The Ohio Land Company came into existence by a Royal Charter issued May 19, 1748. The corporation was the project of Thomas Lee, President of the Virginia Council, who in 1747 conceived the idea of forming such a company. He immediately interested several other Virginians, and also certain British merchants. Foremost in the latter group was John Hanbury a Quaker Merchant of London, who immediately became the London "business agent" for the Company. At the time the charter was granted the total number interested in the Company was twelve, including both the Virginians and the British. In the four or five years following 1748, however, the list was increased to twenty members, which was the largest number of persons that ever owned shares in the corporation. The list of stockholders in 1752, included:

Arthur Dobbs, Esq.
John Hanbury
Samuel Smith
James Wardrop
Robert Dinwiddie, Esq.
The Exec of Thomas Lee,

³ A word must be said here regarding the sources of material for this paper. Before the period closed by the Civil War little scientific history was written, hence the details of the Ohio Company are merely recorded by earlier writers as facts with no attention paid to the importance of the Company as a factor in the Westward Movement. All the records of the Company were at the time of the Civil War in the possession of Charles Fenton Mercer, a descendant of the Secretary of the Company, who resided at Alexandria Virginia. When that place was occupied by Federal troops, the trunks containing these valuable documents were rifled and the papers used to make camp fires. (See Kate Mason Rowland's account of the Ohio Company in William and Mary College Quarterly Historical Papers, I, 197-208.) Some of these were saved by one of the soldiers and are now in the possession of the Pennsylvania Historical Society. They remain in manuscript form, however, and were not available in the preparation of this paper. Other records such as Gist's Journals and the Mercer Papers as partially reprinted, remain. By means of these documents the history of the Company has been deciphered, with conjectures holding together the patchwork of recorded facts.

This "stockholders roll," it will be noted, includes the names of several Virginians prominent in the later history of that colony. Furthermore, since the Governor and several members of the Council of that colony were included in the plan, it may be said that the Company had the tacit support of the ruling power of Virginia.

Having received its charter, the Company in 1749, sent its first petition to the Lords of Trade requesting a grant of five hundred thousand acres of land, west of the Alleghany Mountains, in the territory belonging to Virginia⁵. The British Government after due consideration, granted the petition. Thereupon, the Company obtained from Sir William Gooch, Lieutenant Governor of Virginia, an order for the first two hundred thousand acres of the grant, which was based upon the conditions specified in the petition. These were, that on the first two hundred thousand acres, the Company was to settle one hundred families, and erect and maintain a fort; both provisions were to be fulfilled within the space of seven years after the land was obtained. This two hundred thousand acres was to be located south of the Alleghany River, "or in such other part of the country west of the Alleghany (Mountains) as they should think proper⁶." Compliance with the provisions mentioned would entitle the Company to an additional three hundred thousand acres adjoining the first allotment. Finally, for ten years after it was granted, the land was to be free of quit-rent.

A variety of motives impelled the formation of the Company and induced the British Government to grant this first petition. To conduct wholesale trading operations with the Indians, by means of which the Company would make money, was, in the minds of members, the first reason for such a corporation. This trade hitherto had been conducted chiefly by Pennsyl-

⁴ Darlington, Christopher Gist's Journals, pp. 224-225.

⁵ The text of this first petition is to be found in Fernow, *Ohio Valley in Colonial Days*, pp. 253-255. For the general facts of the Company's organization, see Craig, *The Olden Time Magazine*, I, 291.

⁶ The second part of this granting clause was taken advantage of by members of the Company after the failure of their attempts in the area mentioned in the first grant.

vanians, and, as Sparks observes, "The Company conceived that they might derive an important advantage over their competitors in this trade from the water communications of the Potomac and the eastern branches of the Ohio, whose head waters approximated each other7." John Burk, writing at a still earlier period on Virginia believes that the Ohio Company desired to obtain a monopoly over all the Indian trade in the "western country"." That an element of colonial rivalry was mixed with the desire for profit, seems therefore, to be a safe conclusion. The leaders of the Virginia Colony realized, too, that this western region must be colonized, if the claims of Virginia to it were to be sustained. The presence of Thomas Lee and the Washington Brothers in the Company gives weight to this belief, since they were, already, well-to-do colonists. They saw, however, the conflict of the Virginia and French claims to the Ohio country, and realized that colonization was the only sure means of holding the region for Virginia. It was this reason which induced the British Government to grant the Company's petition with its provisions for settlements: the French were beginning to assume a threatening attitude in regard to the New World, and the British Government realized that action was necessary. The Lords of the Privy Council knew, undoubtedly, that there were no French settlements in the Ohio Country, but they did not know what moves the French Governor at Detroit contemplated. A definite governmental policy of colonizing the Ohio territory, if adopted by the British, would lead immediately to a French War, and for this England was not now prepared. Private attempts at colonization, such as the Ohio Company represented were, therefore, the judicious means of gaining the region in question.

Shortly after the Company was organized Thomas Lee died, and Lawrence Washington assumed the direction of the Company. It was he who had to face the problems of fulfilling the terms of the petition, chief of which was the settling of the hundred families on the land already secured. His scheme was to induce German settlers to take up the lands. Of this project he wrote Hanbury: "I conversed with all the Pennsylvania Dutch I met there (Bath in Virginia) or elsewhere, and much

⁸ Burk, A History of Virginia, III, 170.

recommended their settling on the Ohio. The chief reason against it was the paying of an English clergyman whom few understood, and none made use of him. As the Ministry have thus far shown the true spirit of patriotism by encouraging the extending of our dominions in America, I doubt not by application, they would go still further and complete what they have begun by procuring some kind of a charter to prevent the residents on the Ohio from being subject to parish taxes9." Lawrence Washington corresponded also with Governor Dinwiddie, then in London, telling him of a proposition made by several Pennsylvania Dutch, that if they could have such parish-tax exemption, they would take fifty thousand acres of the Company's land and settle it with two hundred families10. Dinwiddie, however, discouraged the scheme, stating that he feared such an exemption would be hard to "get over" and that Parliament was then so busy that "we must wait some time before we can reply"." Nothing ever came of this scheme, which at first looked so promising.

In 1752 the Company suddenly realized that the seven year period for the completion of the conditions mentioned in the first petition would expire in another twenty-four months. These requirements not having been complied with, due to hindrances of one sort or another, the Company petitioned the Lords of Trade a second time. This second document asked that the terms of the first one might be modified, so that the Company should "seat" three hundred families instead of one hundred and build two forts in place of one. In compensation therefor, the Company asked to be given at once the entire five hundred thousand acres, with an additional seven years in which to fulfill the provisions for settlement. This second petition also asked that the boundaries of the tract granted be specified, stating that many other grants of land had been made in the Ohio Country, and hence the exact boundaries of the Company's claim ought at once to be made clear¹². The petition

⁹ Lawrence Washington to John Hanbury. Sparks, Writings of George Washington, II, 481-483. It will be recalled that the Anglican Church had been established in Virginia, and each inhabitant was compelled to pay parish taxes for the support of the Church. It was to this provision for supporting the Anglican Church that these German Lutherans objected.

was granted by the "King and Council." The Company was at last free of legal entanglements.

The first two hundred thousand acres of land secured by the Company under the order of July 12, 1749 was located "on the south side of the river Alleghany between the Kiskiminites Creek and Buffalo Creek, and between Yellow Creek and Cross Creek on the north side¹³." The additional three hundred thousand acres, secured in 1752 extended to "the Great Conhaway on the southwest, and to the west side of the Alleghany Mountains on the east." The entire tract, then, was a triangular region south of the Alleghany River, northwest of the Kanawha and west of the Alleghanies, with a small patch north of the Alleghany River¹⁴.

To all these lands the colony of Virginia considered that it had a valid legal title, which had been secured from the Indians by the treaty of Lancaster. That instrument had been signed in 1744, between the Confederated Nations of Indians (Six Nations) and the commissioners of Virginia, Maryland and Pennsylvania. According to its provisions the Indians had agreed for £400, to release to Virginia "all the lands that are now, or shall be by His Majesty's appointment in the colony of Virginia¹⁵." After this treaty the Virginia Council had granted the land specified to the Ohio Company. The Indians, however, hearing of the grant to the Company, disclaimed any such general release to Virginia, stating that they understood nothing to be granted "west of the first hills on the east side of the Alleghany Mountains¹⁶." The first problem of the Ohio Company, was then, to remove this apparent cloud upon the title to its lands. To this end the Company petitioned the Virginia Council to send commissioners to Logstown (a village about eighteen miles below the junction of the Alleghany and Monongahela) to obtain a confirmation of the Treaty of Lancaster. The Council granted the petition, and in 1752 sent three commissioners to Logstown. There were present also at this meet-

¹⁶ Craig, The Olden Time Magazine, I, 9. Only one explanation, it appears, has been made for this seemingly equivocal action by the Indians. John Marshall, in his Life of Washington, declares that the Pennsylvania traders, fearing the competition of the Ohio Company, stirred up the Indians against the Virginians. See review of this book, found in Craig, Ibid, II, 291.

ing George Croghan, a hunter; Andrew Montour, an interpreter¹⁷ and Christopher Gist, the agent of the Company. The Indians, after hearing the Treaty of Lancaster read, disavowed it, but in a private conference with the three men just mentioned, the tribes agreed not to molest any settlements that might be made on the southeast side of the Ohio¹⁸. Thus the Ohio Company considered its first difficulty to be removed. Unfortunately, however, the Indians in September 1753 took back all the permission they had given at Logstown, and again became hostile to the work of the Ohio Company¹⁹.

The appearance of Christopher Gist as the agent of the Ohio Company leads to a consideration of his services for them. While not a member of the corporation, Gist was employed by it, at the outset, to ascertain the extent and nature of the land granted the Company, and to report the results of his explorations²⁰. Concerning Gist himself, little is known. He was of English descent, his grandfather being Christopher Gist and his father Richard Gist. He was born in Maryland, date unknown, and at the time the Ohio Company chose him as their agent, was residing on the Yadkin River in North Carolina. "He was" says Randall, "gifted with common sense and coolheadedness, a great wood tramper and Indian trader of what Parkman calls the better stamp. Gist was a professional surveyor, becoming unusually experienced in woodcraft and all phases of pioneer and Indian life²¹."

It was Gist's duty for the Company, to examine the land of

¹⁷ Gist had been instructed by the Ohio Company to engage Montour as the interpreter at the Council for the Company. Darlington, *Christopher Gist's Journals*, p. 233.

¹⁸ Montour, who had used his very great influence with the Indians to benefit the Ohio Company, was, therefore, the hero of the occasion. The Ohio Company was very grateful for his services, and resolved, "to allow him thirty pistoles for his trouble at Logstown, and if he will remove to Virginia and settle on the Company's lands and use his interest with the Indians to encourage and forward our settlements, that the Company will make him a present of one thousand acres of land to live on." Records of the Ohio Company, quoted in Darlington, Ibid, p. 165. It does not appear that Montour ever accepted the offer.

¹⁰ The cause of this action by the Indians had not been clearly determined, but it is thought to be the result of the intrigues of the French and the Pennsylvania traders. These whites, as elsewhere stated, were altogether hostile to the work of the Company.

the Ohio country, with a view to locating the best regions for settlements, and discovering the temper of the Indians in the territory. Pursuant to his instructions, Gist set out from Wills Creek on the Potomac on October 30th 1750, and traveled to Logstown and from there to "Muskingum, a town of the Wyandotts," now Coshocton, Ohio. Here he met Croghan and Montour, talked with the Indians and discovered them to be friendly to the English. January 15th 1751 the three men left Muskingum and traveled to an Indian village now the site of Portsmouth, Ohio, where another conference with the Indians showed these tribes also to be friendly toward the English. From Portsmouth the three went cross-country to Piqua, Ohio, the chief village of the Miami Indians. Here a great council was held which resulted in the dismissal by the Indians of three French traders who had come to oppose Gist and his associates²². With this council over Gist considered his work complete—he had observed the land as he went over it—and he now started for his home, but did not reach the Yadkin River until May (1751). Gist notified all the Indians with whom he conversed on this first trip, of the Logstown council which was to be held the next year. As evidence of Gist's success in his work with the Indians, or at least of redskin good faith, it may be said that delegations of Indians from many of the regions Gist visited were present at Logstown.

This first journey was the more important of the two which Gist made for the Company. The corporation desired, however, to obtain a more detailed examination of the two hundred thousand acres they had secured by the order of 1749. Gist was directed, accordingly, "* * * to proceed down the Ohio on the South side thereof as low as the Big Conhaway, and up the same as far as you judge proper, and find good land.23"

²² Of this Indian Council, Randall, drawing on his imagination writes that it was a "Curious conclave on the banks of the Big Miami, in the Ohio capitol of the western savages, a sort of miniature and mimic field of the Cloth of Gold in which France and England contended in their respective displays of power and prodigality for the allegiance of the Indian tribes, as more than two centuries before the courts of France and England had met in the vale of Andreu and exhibited their rival splendors in order to win the favor of Spain." Ibid, p. 246.

²³ Darlington, *Christopher Gist's Journals*, p. 67. Throughout the early records of the territory mentioned in this paper the name "Ohio" is used to refer to what is now known only as the Alleghany River. This fact explains the use of the words in the above quotation.

On this trip he was to keep an exact "Diary and Journal" of all the good land he saw, noting its proximity to the different rivers. The Company, so it appears from the instructions given Gist at this time, desired to possess any land along the Ohio River which would be "convenient for our building Storehouses and other Houses for the better carrying on a Trade and correspondence down that River²⁴." Following these instructions Gist set out from the Wills Creek Storehouse of the Company on November 4th 1751 accompanied by his son. The two explored the region designated by the instructions given them. blazed the company's name on trees along their paths, gathered samples of minerals which they found, invited the Indians whom they met to participate in the Logstown Council, and finally returned to Wills Creek on March 29th 175225. It was the information gathered by Gist on his two trips which enabled the Company to determine the boundary lines of its territory as specified in the second petition of 1752.

The Wills Creek storehouse which was the terminus of these exploring parties of Gist, was the "field headquarters" of the Ohio Company. Will's Creek, now the city of Cumberland, Maryland, was "the last Virginia outpost in the Ohio Country26" as one approached the boundaries of Pennsylvania. Here the Company had erected a storehouse which was constructed in 1750 by its factor, Hugh Parker. The land on which the building stood did not belong to the corporation grant, but was purchased by Parker from Lord Fairfax. The building was "a double house and two stories in heighth.27" After receiving their charter, the Company through Hanbury, had purchased in London a cargo of goods fit for Indian trade, which was shipped to the colonies to arrive in Virginia November 1st, 1749, and did arrive about that time. When the Will's Creek house was completed the goods were transported up the Potomac to that post. Here the shipment was sold to the Indians and the traders, but without profit to the Company due to the difficulties of transportation. The buyers, too, had no desire

²⁴ Darlington, Ibid, p. 68. This quotation leads to the conclusion that the Company planned an extensive trade on the Alleghany River. No mention of this fact is made elsewhere in the works consulted.

to trade regularly at a post so far east, as it was then necessary to carry their purchases across the mountains.

A road was necessary, therefore, to run from Will's Creek across the Alleghanies to the Monongahela River. The Company realized this need, and accordingly Gist was instructed on his second trip, "to look out and observe the nearest and most convenient road you can find from the Company's storehouse at Will's Creek to a landing at Mohongevela (Monongahela)28." Gist followed this instruction and arrived from his second trip with the necessary data. He was, therefore, commissioned to agree with some friendly Indians to have them build the road, provided that "Colonel Cresap has not (previously) agreed with any person to clear a road for the Company²⁹." As Cresap had apparently been waiting for Gist's advice the two at once set to work. Gist surveyed a road from Will's Creek to a spot on the Monongahela which was called Redstone Old Fort, the present site of Brownsville Pennsylvania. The distance between these two points was about eighty miles. The road indicated was, according to Hulbert, "the course of the shortest portage from the Potomac to the Monongahela." Gist and Cresap employed, for the construction of this road, a gang of friendly Indians, chief of whom was Nemacolin. In honor of Nemacolin the road bore his name for several years after its construction. It was later improved and then known as Braddock's Road, and is now the National Highway across the Alleghanies. This road was the first highway of its kind across the Mountains,—"the builders built better than they knew."

So far, however, the Company had erected neither of the two forts required by their second petition. To this task the corporation now turned its attention, resolving, "that tis absolutely necessary that the Company should immediately erect a fort for the security of their Settlement³⁰ on a hill just below Shurtees Creek, upon the South side of the River Ohio³¹", and, "that each member of the Company pay Mr George Mason their Treasurer the sum of Twenty pounds current money for

the building and finishing the Fort, * * * Grubing and clearing the road from the Company's Storehouse at Wills Creek to the Mohongaly * * *32." The fort was never constructed because the Pennsylvanians looked with disfavor on the project, considering it a trespass on Pennsylvanian territory³³.

All these operations—the explorations by Gist, the building of a trading post at Will's Creek, the construction of a road through the Alleghanies—could not fail to attract the French who claimed the entire Ohio country. In fact, the grant of land to the Company was of itself a sufficient offense to the French to cause them to act at once. The news of this "Virginia Corporate enterprise" Finley believes to have been carried very willingly to Montreal by jealous Pennsylvania traders, as well as by French scouts34. It was this news which caused the spectacular expedition of Céleron in 1750, to bury lead plates in the Ohio Valley, in order to hold that region for the French Crown. But when the accounts of the real work of the Company came to the ears of the French, immediate action to stop the operations of the Virginians was determined upon. First, however, the insult to the French caused by the expulsion of their representatives from the Miami Council at Piqua must be redressed. An expedition of French from Detroit accordingly attacked the fort at Piqua and massacred all the inhabitants.

News of this outrage reached Governor Dinwiddie, now in Virginia. He realized that immediate measures were necessary to protect the Company's operations. The Governor therefore sent George Washington on the well-known scouting trip across the Alleghanies and into the Ohio country. On this trip Washington was accompanied by Gist³⁵, the two leaving Will's Creek on November 14th. 1753. After several conferences with the Indians the two scouts again reported at Will's Creek Storehouse on January 4th. 1754³⁶. Dinwiddie, meanwhile, had

sent a party of Virginia woodsmen under the lead of Captain Trent to the forks of the Ohio to build a fort³⁷. With the attack on this half-built fort and the events of the French and Indian War this paper is not concerned. Suffice it to say, that with the capture of the fort at the "Forks" by the French in 1754, all the schemes of the Ohio Company were balked. No further "field operations" ever took place and the corporation dropped out of existence from 1754 until 1760.

In October 1758 a treaty was made between the representatives of Pennsylvania and the Ohio Indians, by which Pennsylvania agreed that no further settlements should be made within her boundaries west of the Alleghanies³⁸. This action was taken at the request of Colonel Henry Bouquet, Commandant of Fort Pitt, and was expected to appease the Indians who, it will be recalled, had taken back all permission ever given to settle west of the Mountains. The action of Pennsylvania was the first step in the general policy of Great Britain which prohibited all settlements west of the Alleghanies. The Ohio Company, seeing what would happen if this policy were extended beyond Pennsylvania was now aroused to action. A statement of the Company's case was drawn up by the secretary, John Mercer, and forwarded to London, to a Mr. Charlton Palmer, a solicitor, whom the Company employed to represent them before the Lords of Trade³⁹. Mercer, at the same time, corresponded with Bouquet to induce the Commandant to join the Company and forward its interests. Bouquet was now between two fires—the action of Pennsylvania, and his own private interests. He chose to continue the policy of Pennsylvania and on October 30th. 1760 issued a proclamation "prohibiting for the present all settlement west of the Allegheny Mountains⁴⁰." In England, too, matters were growing black for the Company, for Palmer seems to have accomplished nothing. On the other hand, the Board of Trade was formulating its famous imperial policy for the Colonies, which resulted, on December 2nd.

³⁷ The building of a fort at the "Forks" of the Ohio had been contemplated by the Company, as previously noted in the text.

1761 in a set of instructions to all the governors of the Colonies forbidding them to "pass any grant or grants to any person whatever of any lands within or adjacent to the territories possessed or occupied by the said Indians, or the property possession of which has at any time been reserved to or claimed by them⁴¹."

The agents of the Company, though the situation looked bad, did not lose heart. In 1763 George Mercer was selected to succeed Palmer as the representative of the Company before the Board of Trade. Mercer remained in England until about 1770. Upon his arrival in England Mercer found that the several grants made to the Ohio Company, the Walpole Company and the Virginia soldiers who served in the French and Indian War, were hopelessly entangled. For the Ohio Company a separate existence no longer seemed possible. Taking the law into his own hands, therefore, Mercer agreed with the representatives of Walpole's Grant to merge the Ohio Company into the Walpole Company forming the "Grand Company." The compensation which accrued to the Ohio Company for this merger was two shares in the "Grand Company", one thirty-sixth part of this larger corporation. Mercer communicated his action to the members of the Ohio Company residing in Virginia, who promptly refused to ratify his work, and the corporation was left where it had been nine years before⁴².

⁴¹ For the facts leading to these instructions, see, Ibid, I, 125-126

⁴² As to Mercer's actions in London, note Sparks, Writings of George Washington, II, 481-483. The following document tells its own story.

Why the Company refused to ratify Mercer's transaction does not appear from the records available. A very sound explanation, however, is given by Kate Mason Rowland the biographer of George Mason. This author alleges that after the French and Indian War," the cause of the Ohio Company was the cause of Virginia" against the Walpole Company of Pennsylvania. The land around the Alleghany River having been granted to the Ohio Company, was indirectly the possession of Virginia. It therefore did not belong to any Pennsylvania Company nor could it be granted to any other land Company. When the Walpole Company secured a charter from the Crown, the struggle became that of Virginia against the Crown to secure her rights as against those of Pennsylvania. Ohio Company could not, in view of these facts, accept a merger with the Walpole Company. To have done so would have betrayed the interests of Virginia⁴³.

The Company virtually died with this refusal of Mercer's work. Its legal claims to land were continued as late as 1782 by George Mason, formerly Treasurer of the corporation. In 1776 Mason had a portion of land around the "Falls" of the Ohio River surveyed at his own expense. From 1776 until 1782, the date of his death, Mason tried in vain to induce the Virginia Legislature to recognize the Company's right to the original two hundred thousand acres. With Mason's death, however, the affairs of the corporation were formally wound up by his executor, and the story of the Ohio Company came to an end.

There remains to be considered the effect which this Company's operations had upon the general Westward Movement, during the colonial period. That the work of the corporation furthered colonization west of the Alleghanies becomes apparent from a study of the Company. Unfortunately, no estimate of the importance of this "Corporate enterprise" has been attempted by writers on colonial history—at least, a careful search has revealed but one such statement. Craig, in concluding his article on the Indian Nemacolin writes: "There can be no doubt that the exertions and influence of this Company had a strong tendency to accelerate the exploring and settling

⁴³ See, Rowland, The Life of George Mason, (Including His Speeches, Public Papers and Correspondence), II, 155-158.

of the western country⁴⁴." The venture is also of importance in the field of colonial land speculation. In addition, five results of the Ohio Company's operations are to be found in the later history of America:

- 1. Through Gist's explorations of the land which was granted the Company, the Ohio Valley from the "Forks" to the "Falls⁴⁵" became better known, so that when the Revolution was over settlers entered that region more easily. Certain it is that Gist's work paved the way for future explorations in the Ohio country, and it is doubtful if Gist would have undertaken two such exploring trips had he not been in the pay of an apparently powerful and responsible corporation.
- 2. The road laid out by the Company, now the National Highway was for many years the principal middle route from the Coast to the Ohio country.
- 3. The Company's storehouse at Will's Creek made that place a rendezvous for traders and woodsmen. This led to the erection of Fort Cumberland and the eventual founding of the city of Cumberland.
- 4. The operations of the Company was a most important factor in bringing to a head the dispute between the English and the French over the Ohio Valley. This dispute was one of the main causes for the French and Indian War.
- 5. The Company's title to its lands was a source of friction between Pennsylvania and Virginia, because the territory claimed by the corporation lay within the present boundary of Pennsylvania. Consequently, the recognition by the British Crown of the claims of Pennsylvania, which came with the Walpole Grant, caused trouble between Virginia and the Crown.

⁴⁴ Craig, The Olden Time Magazine, II, 47.

⁴⁵ Gist, on his first trip for the Company, had descended to a point about fifteen miles above the "Falls" of the Ohio, i. e. about fifteen miles east the present site of Louisville. See, Darlington, *Journals of Christopher Gist*, pp. 58, 59, 130.

THE GANO PAPERS

GENERAL JOHN S. GANO TO MAJOR THOMAS B. VAN HORNE

Cincinnati, Jany 17th 1813.

Dear Sir,

I expected to have had the pleasure of seeing you before this which prevented, or was the cause of my not answering your acceptable letter before this. I am glad you are one of the committee appointed to revise the Militia Law. It certainly is very deficient in many parts. I requested several officers that I conceived most competent to make their observations and send them forward, which I presume they have done. The Mode of ordering Militia on Duty on the frontiers has caused much complaint as you will see by the enclosed copy of a letter rec^d from Gen¹ Whiteman, and Gen¹ Munger complains there is and has been so many of this Brigade on Duty that he has not been able to get a return of the Brigade to forward to me. The Governor ordering detachments out in small detailed parties without any return to the Major, Colonel, or Comdt of Brigade, puts it out of the Officer's power, whose duty it is, to do justice to his Command, as he does not and cannot know who is on duty or who has performed his tour, and it throws the whole into confusion. A Militia Office is truly an arduous, troublesome, expensive, and unthankful one if strictly and properly attended to. I have wrote to Gov Meigs suggesting the propriety of the Upper Brigades being struck off into a Division. The 3 Lower Brigades will form a compact Division and can be thus better disciplined and attended to, and the Governor may then have assistance to regulate and bring to some kind of order and regulation the BULL WORK OF THE COUNTRY.

My little Mary has broken her arm very badly, and I am in haste.

Your sincere friend & Humble Serv^t, John S. Gano.

ALEXANDER A. MEEK TO GENERAL JOHN S. GANO

Headquarters Upper Sandusky Jany 18th, 1813.

My worthy old friend

Although you have not complied with your promise in writing to me yet I will comply with mine to you as often as opportunities may offer. I certainly expected to have heard from you before this time but as yet have not.

Gen^I. Harrison ordered us on here from Franklinton some time since of which I advised you. We left there on New Years day & with a great deal of trouble & labour we arrived here on the 13th Inst, for the particulars of which voyage I refer you to a letter I wrote my wife a few days ago with an injunction on her to shew it to no other person but yourself &c. &c.

Gen¹. Harrison & his suit left here this morning for Lower Sandusky. We march this day for the rapids of the Maumee & the Petersburgh Volunteers with all the pieces of artillery now here 5. [five] 18 pounders 8. [eight] 12 pounders, Six 6 [inch] & 5½-inch Howitzers. We shall take a new road that the Gen¹. has ordered to be cut out & shall not go by Lower Sandusky (as I expected when I wrote my wife) the distance from here about 55 miles. I have understood that Gen¹. Winchester has arrived at the Rapids.

There is now here about 2500 Men which I expect will follow us in a few days. This place & Delaware has been very sickly—three buried here yesterday.

We had a grand parade yesterday & all the regts. finally forming a hollow square had a very handsome & animating discourse delivered by a chaplain from the Penn^y line in which he pointed out the Soldier and man of courage & contrasted him with the dastard & cowardly fellow who would shrink from his duty & pointing to the ground on which Col^o. Crawford was burnt (within about 3 miles) strove to animate the men to go forward & not claim the protection of the Law which did not compel them to cross the line &c. &c. I think it all together very good.

I cannot help expressing my great pleasure at the beauties of this country, the plains of Sandusky are the most beautiful my eyes ever beheld, they are in every respect elegant.

The Men now here although most of them have served their time nearly out yet I have not heard any say that they would return untill they had invaded Canada, if they were wanted, & I believe they will not. We are encamped on the bank of the Sandusky river in the following form. . . . [Here is inserted a rude outline of the location mentioned] This is the first place I ever tasted of the stream that empties into the Northern Lake.

I do not wish you to shew anything respecting the situation of the army to any person, as it is contrary to Gen¹ Orders.

I am now in very good health & Capt. Cushing wishes me to inform you that "Joseph is alive" Our company is all in good health.

My best respects to Mrs. Gano and your family & all others that enquire often. Your Very Sincere & faithful friend

Alex. A. Meek

If an opportunity offers [will] let you hear from me at the rapids & also in Canada I hope in less than six weeks, I know we will either have Detroit & Malden in that time or we will never with this army. Gen¹. Harrison will in a few days have to accept his appointment of Brigadier or return as his K[entuck]y appointment will shortly expire. I have understood from his aid that he would accept & in that case Gen¹. Winchester will command him which I am afraid will create some confusion particularly with this part of the army as they are entirely wrapt up in Harrison,

God send us success is the constant prayer of yours ever &c.

ALEXANDER A. MEEKS TO GENERAL JOHN S. GANO

Upper Sandusky, Jany. 21. 1813.

Dear General

From one dam'd thing & another, being out of order & wanting repairs we have not got started as yet.

An express arrived here last night from the rapids from Genl. Winchester to General Leftwich (Genl. Harrison being

absent on his way from Lower Sandusky to the rapids) which informs us that Genl. Winchester has sent on to the river raison 800 men to attack Tecumseh & Col°. Elliot, who are encamped near there with about 700 British & Indians as their spies. Suppose the same letter calls upon Genl. Leftwich to send on with us, in addition to the two companies first ordered on with us six more companies with all possible expedition as he says he expects daily to be attacked in his own camp. Quere, if Genl. Winchester expects to be attacked in His own camp with about 4,000 men, why send 800 on 30 miles farther into the interior of the enemies country? but I expect Genl. Harrison (who will arrive there this day) will either reinforce them or order them back.

We are all bustle and confusion preparing to make a very early & bold push in the morning for the rapids. The troops ordered on this command are all very high spirited & anxious to proceed & have a shot at the yellow heads—We take all the pieces of artillery with us & have rec^d. some very fine Brass 12 pounders within a few days which we will take with us, but unfortunately we have only one, a 6 pounder, mounted, the rest are all on slides.

We shall be commanded by a Maj^r. Orr of the Pennsylvania Line—we have a dam'd sight of ammunition shells & balls with us which we expect to send to the british by the force of powder & trust to God for the effect it will have &c. &c.

I am in tolerable health at present though I have had a very severe attack of the cholera morbus which I have got entirely clear of except a little debility and soreness. The big folks yesterday talked of leaving me here but I told them before I leave my company I will be lashed to one of the cannons on a slide. Genl. I have suffered a good deal of hardship & deprivation since I left home & now we are on the eve of invading Canada I must as the old man said see the end of it. I told the officers that I felt in good health and all that I complained of was a stiffness in the knees, which prevents me from being able to walk but when standing I could command my gun as well as ever I could in my life. Capt. Piatt Quartermaster Genl. told me he would furnish me with a horse if I wanted one (which I believe I will accept.) Doctor Pendagrass says all I want is rest as I have strained myself walking &c. &c. but at all events I go on.

If anything of importance offers I will write you from time to time.

I hope to see you & my little family in the month of April at farthest but don't let my wife know this as I always say a shorter time. Capt. Gratiot of the Engineers, who is going on with us, says he thinks we will be planted at Detroit & Malden as soon as we get possession of it. If this be the case I will be home sooner than April if I live, for I assure you I want to see the folks very much.

give my respects to all the friends that enquire after me— & Mrs. Gano & your family whether they enquire or not

farewell & may God in his mercy bless you & not forget me

GENERAL JOHN S. GANO TO GENERAL JOHN WINGATE

Division Orders, January 24th, 1813.

Agreeably to orders received from the Governor and Commander in Chief, two complete Regiments (from the State of Ohio) are to be organized and march to join Gen¹ Harrison's Army as soon as possible, to be ready to relieve those whose terms of service will expire next month. Therefore Gen¹ Wingate or the commanding officer of the third Brigade 1st Div. Ohio Militia will cause to be immediately organized one full and complete company of Militia, officers included from your Brigade, and ready to march to Dayton when ordered and have the Company at Hamilton on the 6th of February next equipt as far as possible by themselves as the law directs except arms, ammunition, and accourrements, which will be furnished them by the public and as there is no blankets in the arsenal it is expedient they should furnish themselves with that necessary article as well as comfortable clothing. If a volunteer company should offer they will be received but must immediately signify the same without delay as the complement must be had and a complete muster roll of the Company made out and forwarded

to me as soon as possible.* As the Detachments ordered from the first Division have been prompt when ordered on duty the General flatters himself they will evince the same patriotic spirit on this occasion.

> John S. Gano, Maj. Gen¹ Comdt. 1 Div. Ohio Militia.

Test.

D. Wade, Aid de Camp

- * N. B. You will order the Commandanta of Regiments & Battalions who furnish men that none but healthy effective men that can pass muster be marched to the rendezvous as no discharges will take place after the men are returned for to take this tour of duty— the complement of effective men must be complete. The Surgeon's certificate of disability will be sufficient for the officer to excuse the invalid and an effective man must be ordered to supply his place in regular routine so as to fill the complement required.
- N. B. There being some provision necessary for the Company at Hamilton you will please to inform me if there is a contractor's agent or commissary at Hamilton. If there is give him notice to have supplies ready.

ALEXANDER A. MEEK TO GENERAL JOHN STITES GANO

Camp at Carrying River Jany 25, 1813.

Dear General

I have the pleasure of informing you that I arrived here last night in good health, I will give you a short history of matters & things.

We left upper Sandusky on the 21. and proceeded with six companies & the artillery &c. (as I wrote you in my last from Sandusky) on our march and on the 22nd at 9 o'clock in the morning we were met by an express who informed us that Genl. Winchester (who had previously went on from the rapids, to the river resen) had had a battle & was victorious with the loss

of only 13 killed 37 wounded & 150 killed & wounded of the Enemy. At about 2 o'clock same day we met another express from Gen¹. Harrison directing us to leave every thing where ever the letter met us & proceed immediately to join him. We went on until night, called a council & agreed to start at 2 o'clock in the morning, each man & officer shouldering a gun, Blanket & one days' provision which we did & I assure you we had a d...d bad trip of it; it began to rain at 9 o'clk in the evening & continued until our arrival here,—mud, snow & water, sometimes knee deep & sometimes worse wading creeks & swamps, &c.

On our arrival here we met Genl. Harrison who has retreated to this place from the rapids (15 miles) in consequence of finding that place untenable for want of artillery, before he left there he had to burn all the buildings & military stores & a vast quantity of provisions that could not be brought away.

You will of course enquire what has given rise to all this—Genl. Winchester with 900 men has met with a total defeat, they have had two battles one on the 21, in which they were victorious, the second on the 18th in which the whole detatchment has been killed & taken from the accounts which (about a dozen), some who have escaped say, there is about six or seven hundred killed & the balance are prisoners. It is generally supposed that our men would have stood if their ammunition had not given out, although they were opposed by six or seven pieces of artillery & some Howitzers. It is said with much certainty that Genl. Winchester is among the dead and some say they saw him with his entrails & tongue cut out, tomahawked, scalped, &c.

We are fortifying here and the Gen¹. told me he intended remaining here for reinforcements which he has ordered on from every point. We are now about 15 or 16 hundred strong. We have two pieces of artillery here & plenty of ammunition & provisions for any length of time & more arriving every day—Col°. Wells's Regt is cut to pieces entirely. The French at the river Reson & about the rapids are coming for protection to us (we marched 33 miles yesterday)

I am in haste your Very sincere frd.
Alex. A. Meek

Administer a little consolation to my little girls in my absence— I regret much the very imprudent step Genl. Winchester has taken as I am informed he was apprised of the force which would oppose him was not less than 2000, some who was in the battle say not less than 4000—

This, Genl., is our unpleasant situation, we are encamped on a low bottom surrounded almost by swamp in consequence of the unfortunate thaw & rain that has lately taken place & still continues.

> Farewell, write to me Ever yours Alex. A. Meek

Genl. Harrison informed me he would, as soon as our artillery & sufficient reinforcements arrive, go to the rapids again and fortify which I hope will be in at the furtherest two or three weeks— One more of the unfortunate men who was with G¹. Winchester has this moment arrived, he is nearly froze to death, he passed the rapids last night & heard the Indians exculting &c., he says he saw our (prisoners) men tied of[f] by the Indians in large gangs. It is to be hoped they (the enemy) have taken a great many prisoners if they only spare them afterwards.

adieu

RICHARD M. GANO TO GENERAL JOHN STITES GANO Camp Carron River, Jan. 25, 1813.

Dear Bro[ther]

What shall I say or how begin. My God, my God, my God! hast thou forsaken us. On the 22nd inst. General Winchester at the River Raisin (after the successful action of Col. Lewis of the 17th as I informed you) was totally defeated—did I say totally— yes, out of 1050 Officers and men not more than 30 have escaped the infernal British savages and oh, to call to mind the situation of our best Kentucky blood, to see officers and men sinking under the tomahawk without resistance—saying "Dam you—tomahawk me, it is all you can do." Out of three Kentucky Regts. not a Batallion remains. But two officers in the engagement have got in, viz: Major Mc Clenahan & Capt. Glaves of our Regt.—the latter wounded in two

places but trifling. The command was by detail and the first after we arrived at the Rapids fell to my lot and a number of the officers of our Regt.—as the youngest for duty. We performed the duty ordered; we suffered much from cold but effected nothing thro' them. Thus you see how Providence has spared us a little longer (but not without much murmur that we were not ordered on.)

Gen¹ Winchester, Col. Lewis & several other officers were seen on horseback 3 or 4 miles from the camp retreating, and several accounts correspond that the General and six other officers were killed near there, all together, and most horribly mangled. One or two say Gen¹ Winchester was cut open & his arm cut off & stuck in his body.

Capt. Price, son of the late Col. Price was seen for 2 or 3 miles retreating nearly exhausted and he was heard to say to Col. Lewis "I can go no further, let us form & fight," the Col. replied "the men cannot be rallied we must do the best we can." The Genl. & Col. rode slowly and encouraged the men to keep up and Retreat and thus exposed themselves.

Col. Allen was seen two miles on the retreat on foot nearly exhausted, fighting 3 or 4 Indians with his sword. All accounts as yet are imperfect. Mourn, mourn, mourn America, your history does not furnish an equal. Arouse, unite and march to avenge your loss. The number of British & Indians are said to be from two to three thousand engaged; they attacked our camp at the River Raisin about day break with 8 pieces of cannon - some say 1000 British & Canadian militia & about 1500 or 2000 Indians. Our troops sustained the action until the sun was one-half hour high when a Retreat across the River exposed an open place where every gun [of the enemy] could play upon them; it is said that great injury was done the enemy there. A Cadet by the name of Combe belonging to our Regt. started from our camp to go on to the camp in advance the day before action, he got within a few miles and stoped at a french house where from the Intreaties & distress of the french he stop^d and last night got on to our camp with a french family and 2 or 3 wounded men. The Canadians that had an opportunity escapt—they are in a horrid situation—it is hard among them to discriminate between friend & foe. Capt. Hart got to the camp in advance the night before— just time enough to suffer with his company. Major Madison is said to have or-

35

dered his Batⁿ to ground their arms at the last moment (what was left of them) on the ground. What the fate of our army is, whether all killed, or prisoners, & who, is impossible to tell but the probability is that the greater part is no more— the prime and glory of our troops are gone, I fear forever gone. I enclose you a list of officers composing the whole belonging to the 3d Kentucky Regts. & also those of the 17th U. S. Regts. missing. The whole loss from our Army is not less than 1020 Officers and Men. I know the spirit of our country, we must be Americans, show them an army whose numbers will insure success, we have the men, we have the means and no time to be lost— money is not to be taken into the estimate with the lives of men. Harrison is now at our head— with men and means we shall yet succeed with the sanction of Heaven.

I wish you to use this in such way as to give to Capt. Hubbell, Dan¹ Price & Doct. Richardson the contents immediately. I cannot write my family— my situation & feelings are such—say to them I am well in health.

* I wish you to publish in hand-bills or otherwise a list of the names of non-commissioned Officers & privates of our Regt. as enclosed and send to Capt. Hubbell. If you publish my letter have it corrected in spelling diction, &c.

COLONEL DAVID SUTTON TO GENERAL JOHN STITES GANO

Camp near Fort Mc Arthur, Jany. 28th, 1813

My old friend,

I have received but one letter from you since I have been in the service, notwithstanding my often writing to you, but I am led to believe that the letters miscarry. We have received the following information to wit, that Genl. Winchester has had a sore fight on the River Raison about seven hundred of his Army including himself killed, one hundred and fifty taken prisoners, about fifty escaped, Gen. Harrison being there at the Rappids with only part of his Army, with large quantities of provisions, that he burned houses and provisions, drove hogs back over the river and has made his retreat as far back as the Carron River perhaps 18 or 20 miles on this side the Rappids, some of our men are at Fort Findlay, we look for an express from Gen. Harrison every minute, but the above information we are afraid is too true, I wrote to Wm. Smith the paymaster

of my regiment to come to camp as soon as possible with arrangements to pay my Second Battalion up to the 30th Nov. last, and if possible make arrangements to pay all the Second Battalion in full before their time is out which will be on 22nd Feby. next; the reason why I have wrote to Wm. Smith is that—, when I returned from St. Marvis (?) to this camp on the 26th Instant— on the 27th the Gen. in his own tent, treated me in very rough manner in consequence (so he said) of my permitting Wm. Smith to return to Cincinnati in order to make arrangements to pay the men in my regiment, after he had given orders for Wm. Smith to pay the men before he went away, on the same day Majr. Galloway made use of somewhat the same treatment with threats of my being arrested. As you and Wm. Smith are friends I will thank you to urge Wm. Smith to come as soon as possible with pay in full, or if he cannot obtain the whole, then come on with what will pay the men up to the 30th Nov. last; I am not afraid of an arrest, but the object is to prejudice the minds of the officers and men in the line against me, and by his arriving soon will no doubt be a good thing done for me: remember me to all enquiring friends,

> I am Sir your old friend David Sutton.

N. B. Blackhoof an Indian was shot in the chest when in the General's tent on 25th inst. at night. Perhaps he may recover.

BRIG. GENERAL JOHN WINGATE TO GENERAL JOHN STITES GANO

Hamilton the 30th Jany. 1813.

Majr. Genl. John S. Gano, Sir,

I recd. by express Your divisional order of the 24th of this Instant. I am extremely anxious to discharge all the duties required of me in my official capacity. But in the present Instance I am Jed to believe it will be impossible for me to fully meet the requisition of Your present order under existing circumstances owing to the confused state of the militia in this quarter from the circumstances of the different proclamations

issued by Governor Meigs and Genl. Harrison which I before mentioned to you. I have now but seven days to organize the detachment which is but short notice, but I will for this time use every exertion to have the company organized with all possible dispatch. I expected to hear something from you relative to those drafted men which had taken the benefit of the different proclamations issued as aforesaid, there is no public agent at this place authorized to issued provisions, it will therefore be necessary to make some arrangements in that respect. I wish you if possible to give me some information relative to the officer that will likely take command of the present ordered detachment of Ohio Militia. I am led to believe it is my province at this time and if so I would be glad to know it as soon as possible and if not I would be glad to know it also.

I am Sir most respectfully with the highest consideration John Wingate, Brig. Gen¹.

BRIG. GENERAL EDMUND MUNGER TO GENERAL JOHN STITES GANO

Dayton, February 2nd, 1813.

Dear Genl.

All is Distress and Sorrow for the Disasterous Affairs of our Army to the Northwest, Since the defeat of Genl. Winchester the People of this Quarter are greatly alarmed for the safety of our frontiers, every measure that can be taken for our defence is absolutely necessary, and in the first place Arms & amunition is wanted, for which I must call upon you for assistance, I wish you to assist the bearer in procuring the arms and amunition that the order from Governor Meigs Calls for; I received two hundred Stands of arms but no Catouch Boxes, the Order called for five Hundred Stands. We want the ammunition and A suitable number of flints if it can be had. I send on the return of my Brigade which is made on the most accurate returns I could obtain from the different Regiments in the Brigade.

I am Sir with respect your most
Obet. Servt.
Edmund Munger, Brigr. Genl. 5th Brigade
1st Division Ohio Militia.

GENERAL JOHN STITES GANO TO GENERAL GEORGE KISLING

Genl. Kisling,

Cincinnati, Feby. 2nd, 1813.

Sir,

You will please to give the Contractors agent at Lebanon notice to be prepared to spare provisions to the Company from your Brigade and procure the Court house for them untill they march. None but effective men are wanted and any that procure a regular certificate from a Surgeon that they are not capable of performing the tour need not be rendivoused as none but men capable of performing the tour are wanted; and you will in that case have the complement made up by calling on the next for Duty for the complement must be had. They must furnish themselves with Blankets and Knapsacks & Comfortable cloathing which is absolutely necessary as there are none to be had from the Arsenal. Arms & accourrements will be furnished. Genl. Wingate will Command the Brigade and Colo. Mills from Butler the Regiment and Mair. Kain from Clermont the Battalion. I am pleased that this Division furnishes the Commanding Officers.

> I am Sir in great haste Yours &c. John S. Gano, Majr. Genl. Comdt. 1st Divn. Ohio Militia.

P. S. I am afraid the high waters will prevent the detachment from marching as soon as contemplated. Exertions are necessary.

BRIG. GENERAL GEORGE KISLING TO GENERAL JOHN STITES GANO

Clear Creek, February 2nd, 1819.

Sir.

In conformity to your order of Nov. 30th Published in Liberty Hall requiring the Brigadier Genls. of the 1st Division to have the men who were to serve on the next tour of Duty mustered once a month under the officers whose tour of Duty annexes them to the command till they shall be called into actual service and if the quoto from a Brigade shall amount to a Batalion that they should be mustered under the command of the proper Major, as the quoto drafted in the 2nd Brigade now re-

40

maining are five Companies to wit:—one company of Cavalry two companies of Riflemen and two companies of Infantry (the Light Infantry being in service) I ordered them to be mustered under the command of Major Charles Fye (he being the senior major) at Lebanon on the 30th of December, but owing to the orders issued, Col. Drake not having been properly understood by the officers of the 1st Regt., the men were not notifyed and consequently the men did not attend. The Major then appointed them to meet at the place aforesaid on the 9th day of Jany. at which time and place the inclosed Rolls were made out under his inspection.

Capt. Daniel F. Reeder who commands the Cavalry that was ordered to hold themselves in readiness to march at the shortest notice refused to *obey* the *order* stating for his reason for so doing that he had served his tour of Duty in what is called the thirty days mounted Volunteer expedition— there were however not more than half of the company [who] served. If it should be admitted that that service is a sufficient discharge for a tour of duty, I shall be at a loss to know how to appropriate the balance of the Company; respecting this company I wish your advice.

I also have the honor of acknowledging the receipt of another order from you dated Jany. 24th requiring me to have one company of Militia rendezvous at Lebanon on the 5th day of February which order I immediately acted on by sending orders to Col. Lewis Drake Comdt, of 1st Regiment to have the Company that was organized in the 1st Regt, and commanded by Capt. Shaw, to rendezvous at that time and place for the purpose stated in your order—which order I am informed the Col. was pleased to refuse to act upon stating for his reason in Justification of such refusal that the order is oppressive in taking the whole of the company from the one Regiment and that the Light Infantry Companies were taken from that Regiment. I deemed it most expedient to do so as there were three companies in the first Regiment ordered to be in readiness and but two in the second. The population of the first Regt, is greater than that of the second and much less remote from each other, and the company in the best state of organization as may be seen by the inclosed Rolls.

Sir with high consideration for yours, &c. Geo. Kisling, Brig. Genl.

BRIG. GENERAL JOHN WINGATE TO GENERAL JOHN STITES GANO

Hamilton, February 3rd, 1813.

Maj^r. Gen^l. John S. Gano,

Sir, received your order of this morning by Mr. Stubb, and rest assured I am satisfy^d with the arangement as I have ever felt a disposition to take a part in the cause of my Country when properly called on. I shall therefore with pleasure comply with order and as my Country requires my services I shall use every exertion to serve her to the best of my abilities and I have only to regret that my capacity is not paramount to the duties required of that important office. I am sorry that I could not have had some longer notice that I might have had my Business better aranged this time, however I must plead for as long time as the nature of the case will admit so that I may be Enable to arange my affairs that I may not suffer in that respect, however I shall see You on Friday agreeable to Your wishes at which time more satisfactory statements can be made, in haste

I am sir with the highest Consider^t.

ALEXANDER A. MEEK TO GENERAL JOHN STITES GANO

Head quarters foot of Miami Rapids, Feby. 4th, 1813.

My worthy friend

I have again the pleasure of informing you of my very good health at this time.

I am happy to inform you we have at last proceeded this far into the Enemies country. I believe I informed you in my last that General Harrison sent a flag of truce to the British on the 31st Ulto with a physician & two men to obtain leave to take care of the wounded & bury the dead that lay where Winchester was defeated. We left our camp at carrying (or portage) River on the first Inst. and arrived here on the 2nd. The evening we arrived here our spies in tracing the track which the flag took

(the men had a carryall) they found (nearly opposite to where we are now encamped) where the men had encamped (on the N. W. side), the caryall & one of the men shot, tomahawked & scalped; the spies, traced the Indians trail about 7 miles & found that the other two were prisoners— one of them they had to put on horse back & from his frequent spitting blood conjecture he is badly wounded— the flag lay by the person who was killed, his name was Le Grand, a private from Gen¹ Perkins Brigade, the Doctor's name was McGeeham from Ky, the other is a french man who had come in from the river Reason with his family.

This unfortunate man was the first I ever saw butchered by the d....d rascally yellow heads & I assure you it was not a pleasant sight, we buried him yesterday with the honors of War in front of our Marquee where is an old indian burying ground.

We have fortified this camp & are now employed in building block houses Magazines &c. I have this moment rec^d an order to attend to fixing our cannon. In haste your fr^d.

Alex. A. Meek.

We expect about 3,000 troops here today. I expect we will see Malden in about 10 days.

DIVISION ORDERS

Cincinnati, Feby. 4th, 1813.

The Officers commanding detachments who are to rendezvous in Cincinnati, agreeable to orders of the 24th January last, will make report of their detachments to Major Wade opposite the Court house where the men are to be quartered until they are equipt with Arms, accourtements &c. and be prepared to march at the shortest notice. Genl. Wingate is appointed to the Command of the two Regiments from this State now called into service, who is to be obeyed and respected accordingly, Thomas Thompson is appointed Quarter Master and is now officiating as such, every thing that is within the power of Genl. Gano to afford the detachment to facilitate their march and render them comfortable shall be afforded, as the first Division of Ohio Militia have been prompt in obedience to orders when called into the service of their Country it is hoped the same ardour

still exists and that every bosom will be fired with a Spirit of revenge and indignation for the late horrid Massacre of our Kentucky Militia brothers and soldiers at the river Raisen. under the guidance and direction of Heaven and such a Commander as our beloved Harrison we may hope to see our haughty foe with their savage barbarous Allies vet subdued, and that part of our Country so shamefully lost regained. The Commissioned Officers of every grade belonging to the first Division are hereby ordered to be Vigilent in the discharge of their duty and have the classes next for Duty ready to turn out on the shortest notice. The General of each Brigade in said Division will cause compleat Rank Rolls of all the Officers in this Brigade to be made out and returned to me as soon as possible and those who have not made a return of their Brigade as the Law directs, will cause it to be done immediately that a Return of the Division may be made out for the Adjutant Genl.

The Commandants of Companies must be particular and make a Return to the Major of Battalion of all the men in this Company who are entitled to credit for a tour of Duty and the Major must make a return to their Colonel, and the Colo. to the Brigadier Genl. and the Brigr. Genl. to the Majr. Genl. that he may know what ratio or proportion to call from each Brigade when he is called upon to turn out a Detachment for Duty. The 4th & 5th Brigades which are more exposed on the frontier and have had more Duty to perform are to be particular in reporting from time to time to me the number of Men who are now and have been and that may be on Duty, as it is my design to keep the frontier as well guarded as possible. I have not called on said Brigades for any part of this Detachment now ordered out.

J. S. Gano, Majr. Genl. Comdt. 1st Divn. Ohio Militia.

GENERAL JOHN STITES GANO TO COL. DAVID SUTTON

Cincinnati Feby. 5th, 1813.

Dear Sir,

I received your letter of the 28th Jany, and sent the one you wrote to Smith immediately to him; this morning he called on me and I urged him to go out immediately. I know

nothing of his abilities or conduct as paymaster, but hope the young man may do right. I am sorry there is any contention between the Genl. or any officers and yourself-it ought to be studiously avoided if possible serving in the same cause as much unity and cleverness ought to be inculcated as possible. and each to support one another, that is the way to make yourselves respectable and will have a good effect upon the men you command. I am extreemely sorry to hear of the sad disaster at the river Raisen, my heart feels for the connections of the unfortunate victims, oh! what a slaughter and of some of the most valuable men in Kentucky to be thus massacred and torn from them in that horried way. I am surprised that the men and officers of every grade were not more on their guard and better prepared to meet their foes as we have been informed they had been apprised that there would be an attack and for the officers to suffer the men to scatter and be so unprepared as not to be able, if it was necessary, to make their retreat is astonishing to me. I have the most unbounded confidence in Harrison I hope to God he may retrieve the loss and get some satisfaction, so if possible get your Brigade to volunteer for a longer time. I am informed the Kentucky Legislature have requested 1500 of their troops to continue 3 months longer and the state is to pay them an additional pay of 6 or 7 \$ per month.

I hope something will be done by our State in the same way. I am organizing a Battalion as fast as possible to relieve Jenkinson's or reenforce them if they will continue; the two Regiments will be commanded by Genl. Wingate, he is an experienced soldier, he served in Waynes Army 5 years and was much esteemed by officers and men. I am much engaged in preparing this detachment, have a number of men making cartridges &c. &c.

John S. Gano

GENERAL JOHN STITES GANO TO GOVERNOR RETURN J. MEIGS

Governor Meigs,

Cincinnati February 5th, 1813.

Sir,

I received yours of the 1st Inst. on the 3rd. in the afternoon by express enclosing the Drafts for eight thousand Dollars, I have used every exertion in my power to collect the

Battalion and will have them marched as soon as possible: the extreeme high waters we have had has very much retarded the men in collecting at this place, as ordered, to day and to morrow I expect three companies in, and one at Lebanon, and one at Hamilton have been ordered and will be ready to join on their march to Dayton, which will be commenced as soon as possible. The late sad disaster at the river Raisen has had a great effect upon the feelings of all classes of Citizens, and the public mind is so agitated that the men will march with more alacrity, and I think there would be no difficulty in augmenting the force if necessary. After the brave Genl. Findlay's declining the command—says he has no official notice of his exchange—I sent an express to Genl. Wingate on receiving your order by mail who has accepted, as you will see by the enclosed: Col. Mills of Butler County who is the oldest Colo. in the division has been ordered to take command of one of the Regiments, but I have not heard from him. If the proper officers do not arrive as ordered, the Men shall march if I have to head them myself. I have several men making cartridges and intend to put more at it tomorrow, so as to get ready from 14 to 20,000. I have appropriated a part of the Court house for it—there is but few buck shot on hand—I have ordered a pair of temporary moulds made and will have the business forwarded with as much expedition as possible. Mr. Bryson is disposed, as he informs me to say, to furnish what is in his power. I have also, called upon the contractor to furnish rations here, at Lebanon, Hamilton, and Dayton, for my detachment. I am this Day informed Major Jenkinsons Battalion has volunteered to serve longer, I hope to God its true, for its my opinion unless something dicisive is done this winter we shall have our frontiers very much harassed if not broken up by the yellow Hell hounds of the forest. Judge Griswold informs me by a late letter the Indians are very numerous on the Mississippi and Illinois and he is of opinion in the spring that they can (by water if so disposed,) concentrate 10,000 warriors at Saint Louis or in that quarter in a very few Days. and the success they have had will encourage them no doubt to acts of desperation, which I am in hopes will give us an advantage in battle, for they have always eluded an action untill they get an advantage which in the late melancholy disaster was, (by information) very improperly given them, I have the fullest confidence in Harrison and the inhabitants meet this

evening to express it to the public and to government. I shall use as much economy with the amount committed to my charge as possible. I will advance to the men 10 or 12 Dollrs. cash as I may judge necessary when mustered & have and shall keep an exact account of expenditures. I am with due respect

Yours John S. Gano

CAPTAIN J. CARPENTER TO GENERAL JOHN STITES GANO

Ft. Winchester Feb. 5th, 1813.

Dear Sir,

Although I sent you a scrap a few days ago, informing you of my arrival at this place, yet having an opportunity of conveyance as far as Ft. Meigs, which seldom occurs, and believing it would be satisfactory to you, frequently to hear from the numerous posts under your command that alls well, has induced me to write again.

The Indian Chiefs of whom I informed you, came to this place, and after some difficulty, proceeded on to Dayton, where I am told a great number from different tribes have gone. The total number of Indians in the neighbourhood of this place, to whom I have issued flour, is a little upward of one hundred including men, women, & children, more are daily expected.

As the time for which we were ordered out will soon expire, I beg leave to enquire is any arrangements made or making to relieve us; the anxiety of the men to get home is such, that I fear, unless they arrive previous to that day, or a certainty of it in a day or two, after, the garrison will be evacuated (myself & two or three others excepted), and as there are a very considerable quantity of stores at this place I am very anxious to hear from you on this subject. I had flattered myself that I should be able to persuade many of them to stay a short time after the expiration of the six months, but I fear I am almost sure I have deceived myself in that respect. You know yourself, Sir, how militia have heretofore acted, and can judge from that how they will act in future. Genl. Harrison, with all his influence, added to the promise of additional pay, could not induce them to stay

a day after their times expired, even (as he called them) they were "my own Kentuckians."

Capt. S. Vance of Cincinnati, is with us where he has spent several days, which has made the time pass off very pleasantly, he desires me to make you his compliments, he has sent out a supply of groceries and other articles, which we much needed, and has paid us four months, which enables us to live like Nabobs.

Please remember me to Meek. & Vance, and accept Sir my warmest wishes for your welfare & happiness,

J. Carpenter, Captn. &c.

GENERAL WILLIAM HENRY HARRISON TO GENERAL JOHN STITES GANO

Head Quarters Cincinnati 8th Feby 1813

Dear Sir

Your favors of the 31st Ult. & 1st Inst. have been received—I am glad that the troops have passed over to Put in bay altho I do not believe that the ice on the other side of the Island either is or will be strong enough to bear the enemy—

I have already informed you of the steps taken to supply you with provisions.

I regret that you gave the order for the Public provisions at your posts to be delivered to the contractors without consulting me or Captⁿ. Oliver who is the proper agent of the Governmen^t in selection of provisions purchased by them & who is responsible for those which you have ordered to be delivered. At any rate the order should have been given to him to execute & not to Mr. Thomson who could know nothing about their situation.

I have written to Major Lovier (?) & directed him to send but one Company to Gov. Meigs—time would not allow the order to go through you

> Yours Sincerely Will^m Henry Harrison

MAJOR GEN. JOHN STITES GANO TO GENERAL JOHN WINGATE

Cincinnati Feby 11th 1813

Gen¹ Wingate Sir,

I Received a line from Colo Mills informing me he could not attend here as I directed and requested the detachment march^d from here and he would meet them— a novelty indeed that the Colo is to direct before he takes Command. I through you order him immediately in to this place to receive Orders and if he does not obey I must order another Colo and arrest him, my time is intirely taken up with the detail business of the Detachment and I have not had the assistance of a field officer belonging to the Detachment. The detachment or Company from Hamilton must march for Dayton immediately and you must repair there to organize the Regiments of your Brigade as soon as possible that they may March to join the Army.— Mr. Thompsons appointment is by the authority of the law of the United States and the Governor's appointment must stand good he has had immense trouble and fatigue in it, and not a man in many Militia Regiments would have performed it, he certainly will be a great acquisition to your Brigade.— he has expressed a willingness to decline but I have insisted on his continuance as the Gov^r, appointed him— I shall order the March to morrow or next day at furthest.

> I am Sir yours with respect John S. Gano Maj^r. Gen¹. Comd^t. 1st Divn. Ohio Militia

MAJOR GEN. JOHN STITES GANO TO GOVERNOR RETURN J. MEIGS

Cincinnati 14th Feby 1813

Sir,

I have the pleasure to inform you that the Detachment of Militia has marched for Dayton in good health and spirits. The Battalion from my Division will consist of five. Companies between three and four hundred strong, I have had uncommon difficulties to encounter in organising and Marching them, the

Brigade Major having notified me of his resignation at a time when his services was most wanted and Gen¹ Findlay not having Official notice of his exchange and the Brigadier Gen¹. Wingate, Col^o Mills and Major Kain never joined untill yesterday so you may judge of my situation, having the sick, lame, lasy, and worst of all the ignorant to attend to, and had not Mr. Thompson taken some part of the arrangement off my hands, in the Quarter Master Department, I could not have got them on the March so soon. They are now completely equipt. I made them purchase Blankets &c. with their advanced pay, and have several engaged, that I have hired to make up cartridges as we could get none at the Arsenal. I shall send a load of Amunition to Dayton on Tuesday, have kept a guard for that purpose.

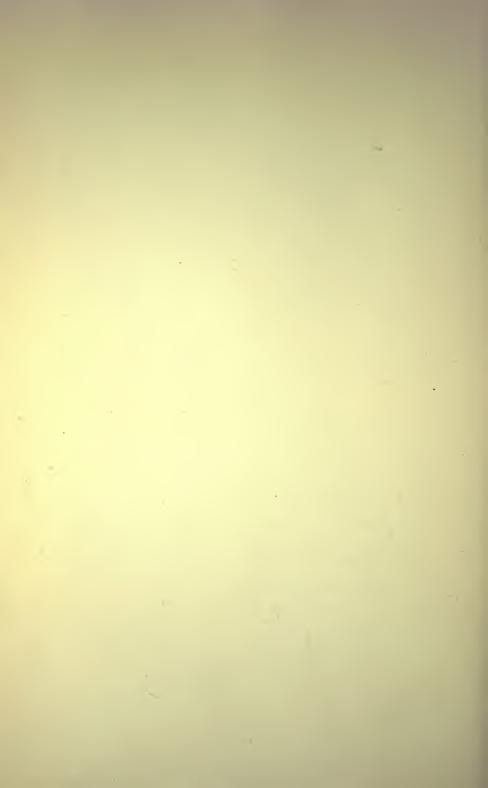

The Cartridges are made the best I have ever seen. I got Buck shot moulds made and as I got them for eight dollars, which is very cheap, I shall not put them in Brysons amount as they are very useful for the State, some 9 & some 12 Buck shot in each cartridge and by experiment I find they will answer much better then Ball cartridges— tho I have had some of them made. I have them put up in dozens and compleatly pack^d, about 60 Doz in each tight Kegg that will not admit the wet to injure the amunition.

I have Sir been indefatigable in my exertions on this occasion and hope my transactions will meet your approbation (I send a greater supply of unfitted amunition than the Detachment will require, which will be wanted in advance I presume, and knowing the difficulty of obtaining Buck shot I will order the man to go on casting a quantity that—by giving a short notice—may be forwarded to your order at any point on the fronteers). We have a rumor in Town that Gen¹. Harrison has had an engagement and been victorious, God grant it may be true— I am Sir in very great haste which will apologise for this confused scrawl

GOVERNOR RETURN J. MEIGS to MAJOR GENERAL. JOHN STITES GANO

Chilicothe March 2d, 1813

Dear Gen.

I have delayed writing you a long time not however for want of Regard but for Time.

I have just returned from Franklinton— the Troops of the Division must be at Upper Sandusky by this Time, those of your Division are at St Mary's. The different Routes & plans of Rendezvous were established in conformity with Gen. Harrison's wishes— I foresee a very active spring approaching. You have done your duty and I have endeavored to do mine—a consciousness of so doing is all the reward we obtain.

Gen. Harrison is fortifying very strong—if his communication be maintained with his rear Posts he will be safe. This winter ought to have been spent in preparations of every kind & in May there might have been 10,000 men marched. I do not expect many men again from Virginia or Penn-[sylvani]a. I gave my opinion to the Secy at war in August last against the Expediency of offensive operations for that Season.

I send you a Treasury Note being the balance due by your statement—it will be paid here on sight. I send you the note because more safe than a number of Bills.

I am pleased to hear that your 5 Companies appear to be well. Gen. Wingate has been tardy, I waited a day for him at Franklinton without seeing him.

I am Sir, with regards, yrs R. J. Meigs

GENERAL ORDERS

Marietta March 8, 1813

Major General Gano is directed upon the Emergency of the occasion to call out into the service of the United States Three Companies of Light Infantry or Riflemen under the command of their respective Captains and have them marched to St Marys and place them under the Command of Col^o Mills of your Division.

EDMUND MUNGER, BRIGADIER GENERAL, to GENERAL JOHN STITES GANO

Montgomery County March 10th 1813

By the Bearer Mr Lowry you will be informed of the sittuation of our frontiers, there has been application made to me for a number of arms to be sent to troy for the use of the Militia in that neighborhood- the arms that Mr. Philips brought up are wanted for those men that are sent out on the frontier Posts at Greenville and other places. The greatest part of the arms we drew last fall from Newport was Delivered to the thirty days men under Gen¹ Harrisons call, the officers who received them became accountable for them, but by an order from Gen¹ Harrison, the arms were left at St Marys, and by that means we are left Destitute of arms in this Brigade. If there should be any got on the order the Governor gave me, which is in your hands, Mr. Lowry would convey them up. I expect our frontier will be Harrassed this spring by the savages, and it becomes us to be prepared to meet such an event. I have the fullest confidence that you will use every endeavour to assist us that is in your Power.

I received a letter from Gen. Harrison of the 17th of Feb^r (?), he informed me that the Miamies had retired to Chicago and united with the Pottawattomies, we expect they will be active the ensuing season.

By the Governor's recommendation I have convened the field officers of this Brigade and consulted the most Imminent measures to be adopted for the defense of our frontiers and it was concluded necessary to Place five companies on the frontiers of this Brigade and the command was given to Major Price of the 3d Regt., since his appointment I rec^d a letter from Major Lanier of said Regt. in which he claims his right as seignor officer. You sir, will recollect that both commissions bore one date and it has been stated to me that you had by their request Decided in favor of Major Price. I wish, sir, you would be so kind as to send by Mr. Lowry your Decision on that subject, as Major Lanier appears to be determined to claim the seignority.

I am sir in haste yours with due respect, Edmund Munger, Brig. Genl.

GENERAL JOHN STITES GANO to GENERAL EDMUND MUNGER

Cincinnati March 17th 1813

Sir,

Yours of the 10th I received by Mr Lowery yesterday and at the same time an express from Gov^r Meigs ordering me to send 3 Companies more to the St Marys which I have ordered

to rendezvous at Dayton on the 24th, I have ordered them from the three lower Brigades as I am confident the 4th & 5 will have as much necessity for their men as ever they have had. At present it is out of my power to furnish you with more armsthe order you mention was delivered to the Military storekeeper, Newport, with a Receipt on it for the number received as it has to be reported to the Secretary of War and the State charged with them which it makes it necessary that when they are delivered to the public at any Post or place they should be receipted for as a credit I have drawn near 3000 stands on the Gov^r of my own order and have not 150 on hand, and have been strongly solicited for 3 times that number on the N. West which is much exposed. The Gov^r ordered me to keep 400 stands in case of emergency in that quarter, tho I have sent to you a part and the Volunteers last summer a part which was also deposited at St Marys-which I have receipts for.

I expect Gen. Harrison here daily and as soon as he arrives I will apply to him on your behalf, and if possible have arrangements made to meet your request.

I am sir in great haste with much esteem yours-John S. Gano

BRIG. GENERAL JOHN WINGATE to MAJOR GENERAL JOHN S. GANO

St. Marys 11th of April 1813

Major General Gano,

I arrived at St Marys on the 21st of March, where I found Col. Mills with but one company (Capt. Shaw of Warren) The Col. having been ordered by the Commander in chief (thro Col. Campbell) to distribute the five companies with which I left him at Dayton among the different posts St. Marys, Amanda, Fort Logan, Winchester (or Defiance) Browns & Jennings, several of which places I visited before General Harrison came on, the troops were generally in good health and spirits.

About the 28th of March Major Pitrer from the 3d Division arrived here with 3 small companies, who together reported

only 85 men including officers present for duty. In a few days after Captain Hetfield and Simonsons from your Division (fine Rifle companies) under your last orders. On the 3d instant the Commander in chief arrived here in the evening, Major Pitrer marched to Amanda, on that day, and in 3 or 4 days after Captain Hetfield also was ordered on to Amanda. On the 8th the Gen¹ and the greatest part of the troops at Amanda and Fort Logan descended the Auglaize, of whom I have heard nothing as yet. On the 9th Col. Mills with Captains Shaw and Simonson started down the St. Mary's with about 20 Keels, Boats and Perogues, loaded with 1000 Blls of flour, 50 or 60 of whisky, upwards of 1000 Bush³ of Forage for the Rapids. Myself & Staff was left here a day or two with 6 or 8 men until yesterday a Rifle company from Butler county came on and here am I ordered to continue and wait for further orders.

General, it is with pleasure I announce to you, the alacrity and punctuallity exercised by the officers and men in your Division by turning out speedily and prepared at such a time as the present, when the *courage*-test cannot be distant.

General I will give you the earliest information in my power of the passing times in this quarter.

I am with great esteem and consideration yours John Wingate, Brig. Gen¹ Comg 3d Detht of Ohio

P. S. I am anxious to hear of Gen. Harrison, I believe when he went from Amanda he entertained doubt whether or not he would have a rough passage to the Rapids as it is understood there is a body of Indians and British above the Rapids, preparing to intercept the General or provisions or both. I hope all will get down safely.

GOVERNOR RETURN J. MEIGS TO GENERAL JOHN S. GANO

Franklinton, Apl 23d 1813

Dr General,

I came here to send some companies to Sandusky which contains military stores & provisions to the value of one fourth a Million of Dollars & is supposed liable to an attack.

The heavy and continued rains debar all Intercourse with the Rapids- even Chillicothe. No mails arrive either general or express. Several companies from the 2d and 3d Divisions are between this and Chillicothe but cannot advance until the waters recede.

General Harrison has arrived at the Rapids and rec^d an additional Force of about 600 men. It is expected that the British (from good information) will attempt some of our Posts. Col^o Procter has sworn that he will have Fort Meigs. Gen^l Harrison is willing he should try.

I wish you to inform me how many Troops are now out on Duty- as well as the No. at Greenville and other Block houses, &c., from your Division. I send to Chillicothe by water as I cannot by land.

With regard and esteem I am y^{rs} R. J. Meigs

MAJOR GENERAL JOHN S. GANO TO GOVERNOR RETURN J. MEIGS

Cincinnati, April 28th, 1813

Gov^r R. J. Meigs,

Sir, yours of the 23d inst. I received by last mail, and in answer inform you. I marched three companies from the first Brigade and one from the 2nd and one from the 3d to relieve Major Jenkinson agreeable to your orders received the latter part of January last, and with great exertions I had the five Companies at St Mary's before the Kentuckians had entirely evacuated that part. The five companies exceed an average of 60 men to a company. I have since marched three excellent Rifle Companies to join Col. Mills agreeable to your orders by adjutant Bayles- one from the first Brigade- one from the second and one from the third a part of which companies are now at the Rapids taken on by Gen¹ Harrison-that is Eight companies now out on Duty from the first Division agreeable to the late Militia Law. Gen1 Munger informed me some time since he had ordered out a Battalion from his Brigade under the command of Major Price to be stationed at Greenville &c, Gen1 Whiteman informed me he would order out a detachment from his former Brigade to protect the frontiers

of his Brigade, I expect shortly to have a Report of particulars from that quarter and will again communicate to you. I made the advance to the whole of the eight companies as I informed you and the pay master of Mills Regt left this last week with the ballance of the pay to compleat two months which he arranged with Mr. Hunt, I have a ballance in the Bank of upwards of \$1000 which I think proper to retain subject to my order as an emergency. I cannot get an advance from Hunt for any Militia that may be ordered out without an immense trouble and I have had to get amunition fixed and transported at much trouble and expense in getting off the different Detachments and when I have funds if they are small it very much facilitates the getting off a Detachment and after they are off a settlement with the Quarter Master is much easier than to have to apply to him for everything and then not get it unless he pleases. I have about 1200 cartridges on hand and some powder and lead together with some Muskets, &c., which I expect will be wanted before the summer is over not far from us on the westward. I am determined to be vigilant in my duty in every respect and any service I can render my Country they shall have with cheerfulness tho I sometimes pay dear for my Patriotism.

I am with great respect and esteem your Most Obd^t

WESTERN SPY OFFICE, CINCINNATI, JULY 6, 1813

Chillicothe, July 2d, 1813.

The Express mail has just arrived from Franklinton, with the following important intelligence, for which we are indebted to the politeness of governor Meigs. If ever there was a time when the services of our fellow-citizens was necessary, that time has now arrived— and our worthy Governor relies with confidence, on the disposition of the people to repel invasion by an immediate and voluntary recourse to arms.

Franklinton, July 1st, 1813.

SIR,

I have this moment received a letter from Upper Sandusky, dated this morning, informing that two men had arrived by

express at five o'clock from Lower Sandusky, giving information of an attack upon that post, yesterday evening, by 300 Indians. Col. Ball's squadron and Major Croghan's battalion were five miles in advance of Upper Sandusky this morning, and were pushing on to Lower Sandusky.

Gen. Harrison with Anderson's regt. left Lower Sandusky on Sunday for the Rapids— Johnson's regt. had reached that place on the 25th ult. My letter further states that firing has been heard for two days in the direction of the Rapids— The General must have got into the Fort the day before the firing commenced.

I am, sir,

Very respectfully,

Your most ob^t serv^t,

J. C. Bartlet.

His Excellency Gov. Meigs.

FREEMEN OF OHIO,

Your state is again invaded by the British and their savage allies. The Indians have invested Lower Sandusky, and Fort Meigs is again in imminent danger of reduction—Cleveland has, perhaps fallen, and your brethren in that quarter may have perished by the hands of a relentless foe!

When your country is thus critically situated, we cannot for a moment believe that you will withhold your services. Your patriotism has heretofore been viewed with astonishment by other states:— Will you then hesitate at this important period to return to the field where glory and honor await you, where your exertions for a few days will humble a proud and perfidious enemy? Will you not rather add new lustre to your characters by repelling the invaders of your state, and the murderers of your friends and connections? We know your anxiety to serve your country; and while we regret that a call upon your patriotism is indispensably requisite at this season, we repose unbounded confidence in your ability and will, to relieve the posts on the frontier and to save from defeat and destruction the brave army of the illustrious Harrison.

Rally, then, fellow citizens, around the standard of your country, and unite in its defence. While you have arms to guard and breasts to shield, let the enemy know your willingness to stem the storm of war and share in all its dangers and privations.

We recommend mounted men to embody themselves without delay; and repair to Delaware, Franklinton and Urbanna, where companies and squads will be organized and then marched for the most contiguous posts which are beseiged or annoyed by the enemy.

> Return J. Meigs Duncan M'Arthur

P.S.

Gov. Meigs goes this day to Franklinton and Delaware to make arrangements for arms, ammunition, provision and forage; Gen. M'Arthur goes to Lebanon, Xenia and Urbana, to make similar arrangements.

Chillicothe, July 2, 1813.

In consequence of the above news, a general meeting of the Citizens of Cincinnati, is requested this evening, at the Court House, at six o'clock.

HENRY BRUSH, AID DE CAMP, TO GENERAL JOHN STITES GANO

Chillicothe Aug. 23d, 1813

Dear Gen¹,

By the enclosed letter you will receive orders from his Excellency the Governor to detach and hold in readiness for march one full complete Regiment for the service. I have been directed in my communication to you to be a little more particular than his Excellency had it in his power from the hurry and press of business. The War department has made a regulation that the proportion of officers and soldiers in the militia when called into service shall be the same, or as near as may be, as in the regular army, which is one Captain 3 Lieuts and an Ensign to one hundred privates, the non-commissioned officers and musicians exclusive making five platoon officers to one hundred rank

& file. To pursue this proportion with the Militia of this State having but 3 officers, one Capt., one Lieut and an ensign the number of rank & file or privates exclusive of non-commissioned officers & musicians, ought to be about sixty-five, which number his Excellency will expect in each company. It is true our law authorizes one hundred rank & file if circumstances should require it, but it does not make 2d and 3d Lieuts. nor provide for more than three officers to a company consequently the only course to comply with the regulations of the War department is to take the proportion as above. Too much expedition in organizing cannot be used. They must be immediately put into encampment for the purpose of discipline and will very shortly be marched, indeed I believe you will receive orders to march them by the time you have them embodied using your utmost expedition. You are authorised to accept any proportion of volunteers. In my opinion it will be dangerous to wait the experiment. The detail may be accelerated at the same time exertions are made for volunteers. If your should obtain any considerable number of volunteers I recommend retaining the drafts notwithstanding until further orders from his Excellency. In the mean[while] please fix your rendezvous and advise me of it. The troops will probably take the direction of Upper Sandusky. In choosing your rendezvous it will be proper to have regard to that circumstance and also the convenience [of] public stores, &c.

I desire information upon every subject and will communicate reciprocally.

Your obt. servt.

Henry Brush, aid

P. S. If the class called upon do not furnish the complement of men they must be taken from the next and so on until the Regt. is full, no Company without sixty-five privates. This is the important part of the regulation and will require the strictest attention, make every subaltern officer responsible for his quota and see that he has them on the ground properly reported after which they must be considered and treated as deserters if they absent themselves without leave

Yours,

Henry Brush aid

GENERAL JOHN S. GANO TO COLONEL HENRY BRUSH

Cincinnati Aug^t, 25th, 1813

Dear Sir:

The Gov^r and Commander in chief's Orders of the 20th inst. enclosed in your instructions I received last evening & am sorry to see the same confusion and irregularity still existing which has always attended a call for Militia. I am never informed as to arns, accoutrements, Camp equipage, provisions, &c, &c, and I am confident regular troops never moved with such rapidity and promptness as Militia from this Division, under half the disadvantages.

I will comply with every part of the order that is within my power, please to inform for what time they are to serve, how & where they are to get arms &c., and if an advance will be made, and any further instructions you may have to communicate. The officers of the 1st Brigade are now convened for exercise at New Town & I shall give the order to them this morning and send expresses to Butler and go or send to Warren immediately. I have been informed that no Gen¹ officers will be again called from the Militia into service. The Gen¹s now out must be all different. I shall indeavor to have the Regt. organized with as much dispatch as possible. I will write more fully by next mail.

MAJOR THOMAS IRWIN TO GENERAL JOHN S. GANO

Hamilton September the 7th, 1813

Dear Gen¹,

I received your letter of the 30th of Last month and can inform you that the two Companies of Drafted Militia required from this Brigade rendezvoused at this place on the 5th agreeable to my order, and expects to draw arms accountrements and other camp equipage previous to their leaving this. They are

now encamped in the court-house— it would be well if the men would draw some money in advance as the greater part stand in great need, and I believe all the Militia Drafted for a Six Months Tour from this State previous to this has drew in advance. They are two very good Companys But I fear should they not draw money and other Equipments as aforesaid it will be Dificult to get them to March.

LIBRARIAN'S REPORT

DECEMBER 5, 1921.

To the President and Members of the Society:

The annual report of the Society last year gave the number of bound volumes in the library as 28,342. During the present year 785 volumes have been added which increases the total number of volumes in the collection at this date to 29,127.

Of these volumes 72 were donated, 95 obtained by an exchange of duplicates, 88 by the binding of periodicals and other publications under paper covers, and the remainder were acquired by purchase. These purchases were accredited as follows:—28 volumes to the Margaret Rives King fund; 3 volumes to the Elizabeth Haven Appleton fund; 43 volumes to the General fund; and, 456 volumes to the income accruing from the Eugene F. Bliss estate.

704 pamphlets and a number of miscellaneous newspapers have been donated, also, other miscellanies that are reported below. From

Mr. W. S. Telford (of Duluth, Minn.)

Six letters of Colonel Jared Mansfield of the U. S. Engineer Corps to his nephew Lieut. Joseph Totten (later Major General and for a long time Chief of the Engineer Corps.) These bear dates of 1808, 1811 & 1812, of these two hold references to Hull's expedition to Detroit, and a third contains an account of the appearance of an earthquake in Cincinnati, December 16th, 1811, from which I quote: "Cincinnati, Feb. 24th, 1812. . . . Since the 16th of December,

we have experienced in these parts, a great number of earthquakes; that on the 16th of sd. month, happened at 1/2 past 2 o'clock, A. M. We were all awakened from profound sleep. The House moved like a boat in a swollen sea; the windows rattled, the tables and chairs danced, & the inferior animals of the Creation were startled and alarmed. There was danger of the House falling & we all fled out doors. It lasted about three minutes. On the morning of the same day another shock took place, it was not so severe or of so long continuance as the first. A great number of lesser shocks were felt for a week or ten days after the first. We were in hopes after that, that they had ceased altogether, but on the morning of the 23d of Jany we experienced another smart shock & several other lesser ones 'till the 7th of February. At about 4 o'clock, A. M. of that day a violent shock, much exceeding any before, started us from our beds, & roused the whole animal Creation. We prepared with all possible speed to escape out of doors, but before we could put on our clothes, the bricks came tumbling in on the floors of the chambers; we supposed the House to be falling & fled halfnaked on the ice and snow, taking with us our dear little ones. Finding that I could not with safety to my health remain barefooted on the snow I was determined to venture into the House for some clothing; by this time the quakes had subsided in a considerable degree. I hauled out bed clothing & wearing apparel, & we remained in the yard sometime till there was evidence of a cessation of the Earthquake. I found the sides of the House remained entire & the falling of bricks to be from the top of the Chimney; This & some plastering falling gave us the idea of the House falling. Fortunately we have sustained no other injury. A number of Chimneys in these parts have been shaken down & some brick houses in Cincinnati have been cracked. Several slight shocks have occurred since that of the 7th, & the Earth every now and then, is in a tremor. I hope we shall experience no more of these awful phemonena of nature. They have been (by account) more dreadful in the country west, on or beyond the Mississippi."

The donor of these letters is a great grandson of Gen¹ Joseph G. Totten and a grand nephew of Col. Mansfield.

Miss M. E. Dandridge

The donor, Mrs. Hester Ferguson Henshall, a great grand daughter of Captain Ferguson, adds that he resided until his death, 1853, on the south-west corner of Vine and Seventh streets; that he donated to the city for a cemetery, what is now Washington Park, and, also, donated for Market Houses, the ground now the two Eighth Street Parks.

Memoirs of Benjamin Van Cleve

FOREWORD

A baffling problem that confronts the historian of pioneer Ohio is to catch the actual point of view of the hardy pioneers and to gain an insight into their daily lives. Judge Burnet's Notes give a valuable analysis of early politics, Hildreth and McBride have accumulated many interesting details of pioneer life in the Ohio Valley, and travellers, notably Fortescue Cuming, have left fleeting glimpses of the people and their customs. But to round out the picture there is need for the plain narratives of men from the great silent mass which so deeply and surely laid here the basis of American life. In this last category of records may be classed the Memoirs of Benjamin Van Cleve.

The antecedents of the author of the Memoirs are typical of so many of the settlers in the early West. His forbears, coming from the Rhine in the middle of the seventeenth century, settled on Long Island, later moving to Monmouth County, New Jersey, where Benjamin Van Cleve was born in 1773. From their New Jersey home many of the Van Cleves followed the urge westward. One branch, settling first in North Carolina. soon pushed on to Kentucky, and became identified with the historic Boone family. Another branch, which included the author of the Memoirs, migrated to Washington County, Pennsylvania, and later to the Ohio country, where again this vigorous stock took firm root, numbering among its offsprings Orville and Wilbur Wright. The hardiness, the persistence and the practical sense of this pioneering family is illustrated in Benjamin Van Cleve, and it is these qualities, so strongly reflected in the pages of his Memoirs, that give to them their greatest value as the record of a pioneer settler.

In the Memoirs there is a lively narrative of the more colorful episodes in Benjamin Van Cleve's life. His earliest recollections were of the stirring Revolutionary days in New Jersey. The next striking event was the westward migration of his family in 1785 to Washington County, Pennsylvania. After a five years' halt in this then frontier district, in 1789 the Van Cleve family

went on down the Ohio, arriving at Cincinnati January 3, 1790, scarcely a year after the planting of the settlement. There John Van Cleve, Benjamin's father, set up a blacksmith shop, and there, a little more than a year later, he was killed by the Indians who at that time were an ever present menace to this American outpost.

Benjamin Van Cleve, a boy of eighteen equipped with only a scanty education, now became the chief support of his widowed mother and her three younger children. As Fort Washington was the headquarters for the expeditions against the Indians. the supply of the troops furnished occupation for many of the inhabitants of Cincinnati. To this means of livelihood Van Cleve soon turned, entering the employ of his uncle, Robert Benham, a well known army contractor. In this capacity Van Cleve took part in St. Clair's historic expedition, and followed General Wayne in 1794 to the new posts at Fort Greenville and at Fort Wayne. Meanwhile, in the same service he had accompanied the troops sent to the lower Ohio, in 1794, to reestablish the old French post at Fort Massac. An interesting incident sandwiched in between this work with army contractors, was Van Cleve's mission in 1792, as military courier with important despatches from Colonel Hodgdon, quartermaster general at Fort Washington, to Philadelphia. After peace was made with the Indians in 1795, the supply of the army no longer furnished employment, and Van Cleve, in characteristically practical fashion, turned to such other available occupations as his limited education made possible. In varied roles, as clerk in the Hamilton County court house, and as assistant surveyor in the employ of the proprietors of Dayton. he managed to secure a rather precarious livelihood.

The opening up of the interior after the Treaty of Greenville gave prospects of greater prosperity in a newer settlement, and Benjamin Van Cleve was a member of the first party of pioneers that landed at Dayton April 1, 1796. At first his hopes were not fulfilled. Farming in early Dayton realized such scanty returns that in the winter of 1798 he was back in Cincinnati, this time engaged in the study of surveying. In a short time he was appointed surveyor for Hamilton County, and within the next two or three years, from his home at Dayton as headquarters, he made many surveying trips through the nearby districts. Also, for the three sessions of the Territorial Legislature, 1799, 1800 and 1801, he acted as assistant to John Reily, the clerk of

the House of Representatives. The Memoirs end with a rather brief entry for 1802, and this is fitting, for from this time until his death, November 29, 1881, Benjamin Van Cleve led the placid 182/ life of a prosperous, public spirited and respected citizen of Dayton. But the cultivation of his quarter section near Dayton was not a sufficiently absorbing occupation, and the long list of his varied activities during this period reflect his untiring energy. As an incorporator of the Dayton Social Library Society and of the Dayton Academy, as a director of the first bank in Dayton. and as trustee of Ohio University, Benjamin Van Cleve served well the pioneer community in which he had found prosperity. and in practical fashion did his bit in the great American task of establishing civilization in the midst of the wilderness.

Always the Memoirs of a man who has lived a full and varied life possess importance as a human document, and especially is this value present in these pages by Benjamin Van Cleve. As the author himself tells us, the Memoirs were based upon a diary which he had been accustomed to keep from early life, and consequently the narrative is remarkably accurate in details. Internal evidence shows that the work of transcribing the original diary was done in 1820, a year before the author's death. His purpose was merely to write down the more interesting experiences of his life for the benefit of his own family. This lack of any purpose of self exaltation or of an appeal to a widespread audience, only accentuates the value of the Memoirs. Moreover, their clear and direct style has a ring of sincerity that compels the respect of the reader for a broad-minded. vigorous and self-made man.

Aside from their personal and literary interest, the greatest value of the Van Cleve Memoirs lies in the descriptions of pioneer life and travel, covering as the narrative does so wide a sweep of territory. The early trails across Pennsylvania to the Ohio Valley, the trip down the Ohio to Cincinnati, the perilous vovage from Cincinnati to Fort Massac, and the Wilderness Road are among the topics that are described in detail and with a wealth of intelligent comment. Equally illuminating is the insight given into the practical measures at this time to secure supplies for the Western troops, and the extent to which Kentucky was called upon to furnish salt and horses as well as men. The touches of camp life, too, are well done. Still other important sections of the Memoirs treat of pioneer life in Cincinnati and Dayton, record the difficulties of early surveyors, or

afford valuable sidelights upon Ohio politics in the troubled period, 1799–1802.

The manuscript, written in a clear hand that is still legible, comprises a volume of about 63/4 by 8 inches and 11/4 inches thick, substantially bound in sheepskin. Beside the Memoirs the volume contains five appendices, of which "Note A" has proved useful in affording material for footnotes with regard to the Van Cleve family. The other appendices include official accounts of St. Clair's and of Wayne's campaigns, a long and not especially noteworthy draft of a proposed constitution for Ohio, and a lengthy digest of notes with regard to the Northwest Territory. Although these last four appendices illustrate the author's interest in historical and political subjects. they are not of sufficient original value to warrant printing. Benjamin Van Cleve bequeathed the Memoirs to his only son, John W. Van Cleve, who, like his father, was an exceedingly influential and public spirited citizen of Dayton. John W. Van Cleve was keenly interested in the early history of Ohio, and sent a part of his father's memoirs to the American Pioneer. Although these printed extracts (see notes, passim) omit many of the most important passages in the Memoirs, they have been widely used by writers on the pioneer history of the Ohio Valley. From John W. Van Cleve the Memoirs descended to his nephew. Thomas Dover, son of Henrietta Van Cleve. Thomas Dover in turn left them to his daughter, Mrs. Anna Dover McKnight, of Dayton, in whose possession the manuscript is at present. A typewritten copy with the appendices has been deposited in the Dayton Public Library, but the following pages comprise the only printed copy of the entire Memoirs that is known to have been made.

The printing of this very valuable manuscript was made possible by the public spirit of Mrs. McKnight, whose purpose it is to make available to the student of the early West this narrative of the experiences and travels of her ancestor, Benjamin Van Cleve.

MEMOIRS OF BENJAMIN VAN CLEVE

INTRODUCTION

Having been in the habit from my early youth of keeping memoranda of the cheif incedents and occurrences of my life, I have thrown them together in the following pages, in the form of memoirs: occasionally noting passing events connected with the different periods; for the benefit of retrospection, & for the gratification & perhaps advantage of my children: answering the double purpose of affording them a history of my life and a cronological table to the history of the times; or to so much of them, at least, as I have been a spectator to, or in which I have been an actor.

The narative is presented with the views I entertained at the time, & my conclusions may often be found erronious; but we derive advantage as often perhaps from the errors, as from the approved maxims of others.

In my private duties as well as public I have always found it necessary to form rules for my conduct, & resolutions to adhere strictly to the rules. My main object has ever been to be useful in the sphere in which my Creator has been pleased to place me. I cannot be useful unless I am active—I ought therefore never to procrastinate anything until tomorrow that can be done today—& a small private sacrifice should never be an obstacle, where much public good can be rendred.— In my official duties my maxims have been 1. to have a place for everything & everything in its place. 2. To make my duty my study & determine what it is, & what it is not. 3. To fulfill what I conscientiously believe to be my duty without hesitation; fear, favor or affection— The advice of a friend is never to be slighted, but every man ought to be the best judge of his own business and his own interest and duty. No friend or monitor is as near, as indefatigable, as interested in my conduct as my own heart— Its lively dictates will ever afford me the most pleasing sensations, and obeying them the most cheering

consolations. 4. To have system or classification of business, to do everything in its turn to finish one before I begin another itim or class; at the same time to accommodate all persons as far as practicable. To omit nothing necessary to be done, at the same time to study brevity and avoid everything superfluous or unnecessary.

My opportunities for improvement by education have been very limited. I have never attended to the study of Grammar and I have not herein attempted to embellish my narrative by rhetorical figures attempting only a plain statement of facts. & tho' I am sensible that in the construction of my sentences they are not calculated to meet the public eye, or bear criticism, I trust in their connexion they will seldom be misunderstood.

MEMOIRS &c.

My ancestors at a very remote period (as I have understood from some of them) migrated from the City of Cleves or dutchy of Cleef on the river Rhine in Germany & circle of Westphalia now under the dominion of the king of Prussia from whence we take our name Van or Von signifying from or of in low dutch language. Some of my family spell their name Van Cleef & others Van Cleve. If the name be derived from a title the former must be correct. If otherwise either may be right. They came from Amsterdam in Holland & setled at Flatbush in Long island, when the New Netherlands belonged to the Dutch. My Great Grandfather Van Cleve lived on Staten Island My Great Grandfather Benham about the year 1717 left his relatives at Flatbush and settled near Monmouth Court house in New Jersey a few years after-my Grandfather Benjamin Van Cleve & his brothers & sisters all settled in Jersey chiefly in and near New Brunswick-when my father was two years old he moved & settled in Monmouth County-this was about the year 1751 My father married here & here I was born on the 24th of February 1773. I was named for my Grandfather. The family which was at this time numerous & spread throughout several counties in New Jersey could in almost every house belonging to the name produce a Benjamin, John & William, sometimes more than one and generally an Aaron a Cornelius Rulif (in English Ralph) & Tunis.

I was the eldest of four sons & five daughters of which two

boys & one girl died in infancy. The earliest occurrence of any importance that I can recollect was the battle of Monmouth on the 28th of June 1778.1 I was then past five years old and can remember the confusion of the women & children & their flight to the pine swamps. When we had got a mile from home the British army were in sight at a mile & a half distant. proceeded a short distance further & held a consultation about the course to pursue. The men having gone in search of our army I gave them the slip & aimed to return home, got within a short distance of the British right flank and the sound of the Bugles drove me back where in the confusion I had not been missed. The next day my father & his brothers acted as guides to seperate companies of Col. Morgans riflemen & reconnoitered the British right flank took a number of prisoners & took & recaptured a great deal of property. Morgan did not participate in the engagement & kept his men under arms (where our women were gathered) during the Battle, waiting orders.

The firing even of the smaller arms was distinctly heard where we were & the fortune of the day anticipated from the advancing or receding of the sound Our army retreated after the commencement of the action & after some time drove the enemy in turn The retreat of the enemy was made with precipitancy under cover of the night to Sandy hook. A lively interest was discovered in the corps commanded by Col. Morgan—when our army was retreating many of the men melted to tears—when it was advancing there was every demonstration of joy & exultation How different is a band of patriots fighting for their lives their liberties their all from mercenery troops!

The day of the Battle was believed to be as hot a day as ever was felt in the New Jersey. On the retreat of the enemy the inhabitants returned & found with few exceptions the buildings for some distance around in our neighborhood burnt the naked chimneys standing, great part of the trees in some orchards cut down the woods burnt & property that had been hid destroyed or carried away, the earth strewed with dead carcases sufficient to have produced a pestilence My father had neither a shelter for his family, nor bread for them, nor clothes to cover them save what we had on. He saved a bed & looking glass only which we carried with us—a yearling heifer had escaped the

enemy & a sow whose back was broken with a sword lived & his anvil I believe remained among the rubbish & ruins of the shop Several waggons & an Artillery carriage were burnt at the Shop, but the piece of Artillery was thrown into a hole of muddy water in the middle of the road & was not found by the enemy.

The British & Refugees² continued to commit depredations in our neighborhood from this time til the end of the war It was only 20 miles to Sandy hook & several other points on the Sea Coast—parties of them could reach us & return in a night Some of our neighbours within a miles distance were taken prisoners & conveyed to the Sugar house & prison ships at New York One died in the Sugar house whose family lived within 300 yards of us & who was taken at a neighbours a mile off These circumstances made it necessary that the Militia should be in almost constant service & my father was from home on this service a great part of his time & he was in some skirmishes with the Tories He was also under General Forman in the Battle of Germantown

The peace between America & Great Britain was concluded in 1783 & my father then lived on the same ground where he did at the commencement of the war. Ralph Van Cleve youngest son of Aaron Van Cleve of North Carolina Cousin to my father & about the same age had been educated at Princeton College & married in New Jersey He had formed a close intimacy with my father whilst pursuing his studies their wives had also been in habits of more than ordinary intimacy. A correspondence subsisted between them & He endeavoured to prevail on my father to remove to Carolina³ My father was strongly incline^[d] to go there; but having never been much from home the length of the journey & difficulty of making the necessary arrangements with his ignorance about the business were insurmountable obstacles At length Capt Robert Benham my mothers brother (whose father had removed many years before to Loudon County in Virginia & he had followed him thither from whence he became one of the first adventurers & setlers on

My mothers grandmother who had brought her up from two years old lived within a quarter of a mile. She had never lived farther off. There was a numerous connection on both sides. We were now to seperate from them forever But the prospect of being better enabled in a new Country of providing for a growing family preponderated.

We commenced our journey on the second of November 1785 with two waggons of my fathers, one carrying a set of Smiths tools & the other household goods in company with Cornelius Shourd & family whose wife is my mothers sister—they were in another waggon—my father & uncle had each an apprentice & a young man by the name of Tunis Voorheis a neighbor came with us to see the Country and my uncle had with him likewise my uncle Richard Benhams wife & son. We travelled this day near 30 miles & put up at the Ferry on the Delaware river about two miles below Trenton.

Nov 3 Came to Isaac Wynkoops his wife is my fathers sister He lives in Montgomery County Pennsylvania three miles from the Crooked billet & sixteen from Philadelphia having travelled 17 miles this day.

Nov 5 Came by the Crooked billet, and sign of the broad axe & encamped near the Sweeds ford on Schuylkill.⁴

Nov. 6. Sunday—We crossed Schuylkill & came in to the Lancaster road, near 32 miles from Philadelphia & encamped near the 38 mile stone.

Nov. 7. Came thro' Downingstown, crossed Brandywine Creek & encamped the third time in our wagon. The roads are getting very bad, which must be expected at this season.

Nov. 8. Crossed Millstone Creek & came within five or six miles of Lancaster.

Swede's Ford is within the present town of Bridgeport, Penn.

- Nov. 9. Crossed Canastoga Creek, came thro' Lancaster & encamped within two miles of Susquehanna.⁵
- Nov. 10. We crossed the Susquehanna at Wrights Ferry (The Susquehanna bridge has been thrown across here since, & the handsome town of Columbia built on the Eastern side of the river at this place) came also through York & lodged a mile from town
- Nov. 11. Passed through Abbots Town & encamped about 8 miles further on
- Nov. 12. Came over Marsh Creek & encamped in our wagons
- Nov. 13. Sunday. Travelled across the South mountain which is about ten miles across & encamped near Antetum [Antietam] Creek
- Nov. 14. Came through Greencastle & over Great Conococheague Creek & encamped
- Nov. 15. Crossed Little Conococheague Creek at James McDowells mill & encamped
- Nov. 16. Crossed the North mountain & came to Mr James Shields' near Fort Littleton & got pasture for our horses at four pence per head which is the usual price. This mountain produces the greatest variety of timber of any place I have seen We had rain to day which increases our difficulties. The roads are very bad.
- Nov. 17. Tarryed to repair our wagons. The women employed in cooking & baking.
- Nov. 18. Froze considerably last night The roads fill'd with ice Came this day to Mr Mays on Sideling hill The house so crowded with travellers that notwithstanding the cold we were obliged to encamp in the woods The horses & men very much fatigued having spent near half of the day in getting up the hill which was steep and stony & winding round backward & forward; to gain the summit we had to put six horses to a wagon & bring up one at a time

⁶ Later emigrants bound westward followed the Pennsylvania State Road from Lancaster via Carlisle and Chambersburg. The Van Cleve party travelled over a more direct route through York, Abbottstown and Greencastle, probably coming into the State Road at McDowell's Mill on Little Conococheahque Creek. Four miles west of Bedford, the road divided, one branch going directly to Pittsburgh, the other to Beesontown (Uniontown) and Washington County. The Van Cleves followed the latter road. Cf. Hulbert, Historic Highways, vol. 5, pp. 102+.

Nov. 19. The ice so thick as to bear a man & routes deep The cold continues & the women & children suffer very much The teams almost exhausted Came down Rays hill lashing Trees to our wagons & four miles further encamped at Esq. Martins at the crossings of Juniatta—began to snow this day

Nov 20 Sunday Mr Shourd bought half of a deer & divided with us This was the first Venison I had ever tasted—we came

this day to Bloody run & encamped.

Nov 21. Travelled this day up the Juniatta river between mountains; in some places there is only room between them for the river & road the Cliffs almost projecting over us. Crossed the river five times came through Bedford & to Todds tavern Snowed fast this day.

Nov. 22. This day tolerable clear Crossed Juniatta the 7th & 8th times & came five miles on to the twelve mile ridge

Nov. 23. Came over the ridge & half way over Duck mountain which is seven miles from one foot to the other—Snowing fast. We encamped in the woods.

Nov 24 We came over Duck mountain & to Alegheny at a Mr Spikers & had good entertainment

Nov 25 Snowed fast all day—the snow collecting in balls under the horses feet makes it difficult in ascending these mountains Came within 8 miles of Laurel Hill & received good entertainment

Nov 26 Snowed nearly all day, our best wagon broke down The Glade road remarkably bad We stuck sometimes twice or three times within a mile Spent the day in endeavoring to get the wagon mended without being able to effect it, & was finally obliged to leave it with the Smiths tools & proceed with the other

Nov 27 Sunday Came out of the Glades & seven or eight miles on Laurel Hill & encamped Snowing fast & the Snow about six inches deep

Nov 28 Continues Snowing, broke one of the Axletrees of our remaining wagon & came to the foot of Laurel Hill to Martin Overly's where we expected to get it mended

Nov 29 Remained here & got our waggon repaired—These mountains which are about 60 miles across are generally called at a distance "the Aleganey Mountains" They are generally well timbered—present at once a majestic but dreary appearance The roads being only opened sufficient for wagons to pass, neither dug nor levelled, winding in the assent & descent

to take advantage of the steeps, there is constant danger of upsetting To undertake crossing with loaded wagons requires a considerable degree of resolution & fortitude

Nov 30 Came over Chestnut ridge by Cherry's mill & two miles further to a Mr Warum's

- Dec. 1. Came to Mrs. Rachel Mounts' Widow of Col. Providence Mounts near the Broad ford on Yohiogeny [Youghiogheny] bot some Corn of her & she refused pay for the pasture & hay for our horses.
- Dec 2. Crossed Yohiogeny at the Broad ford & came to Mr Thomas Rogers'
- Dec 3. Came to Mr Porters over Redstone Creek within a mile of Beeson town (now Union)
- Dec 4. Sunday Came through Beesontown & about eight miles further & was entertained at a Mr. Findlays who appeared to be a very worthy religious man
- Dec 5 Came eight or nine miles to a Mr Halls & within one mile of the Monongahela

Dec 6 Came to Mr James Crawfords ferry on the Monongahela,6 here we were met by my uncles Robert & Peter Benham with fresh horses & before night we arrived at the end of our journey on the North fork of Ten mile Creek in Washington County Pennsylvania There were no roads properly opened after we left York County⁷

We lived on the plantation of my uncle Robert Benham nearly opposite Wises (afterwards Wallaces) mills during the years 1786 & 7. My father cultivated a small field & worked at his trade

In 1788 my father rented a farm of Thomas Nichol on the road leading from Washington to the head of Ten mile one & a half miles from Washington (then Generally called Catfish & in writings Catfishes Camp an Indian of that name having lived there a few years before) The neighborhood in which we lived on Ten mile was composed mostly of Germans⁸ They were an industrious people, cautious of strangers—my uncles however were old setlers & Robert had great influence with them,

they consulted him in all their difficulties & this perhaps served to introduce us & give them confidence sooner in us We found them indeed very friendly They knew, nor cared nothing about politicks They were honest & attended regularly on the Sabbath at public worship The meetings were usually held at Wises where they generally brought a bag of grain & after sermon took one of meal home—they likewise brought leather & other articles & saved numerous errands which otherwise would occupy much of their time within the week The minister made horn combs & it was said he generally had his pockets full to sell on these occasions It is probable they were previously bespoke The population around us near Washington was of Irish emigrants9 of the poorer class mostly tenants, rather indolent capricious & changeable but generally very friendly & hospitable fond of liquor & litigation They were very rigid in the observance of the Sabbath which with the forms of family worship kept up by some of them was all that appeared to them necessary to form the Christian character They were also great politicians Their fences & buildings were bad in the extreme & as a natural consequence their beasts were breachy & unruly Their crops were mostly destroyed their beasts dogged & maimed litigation ensued & thus poverty was a continual attendant. Sometimes he that was most injured was rendered most unguarded by passion & if he vented an unusual load of curses & imprecations the other by threatning to tell Mr. Henderson who was the seceder minister at some distance, might effect a conpromise & reconciliation & thereby prevent a suit at law Our farm however happened to be under good fences & we kept our beasts within the enclosures We had therefore no difficulty but lived in great harmony with all our neighbours. We found them always chearful & merry notwithstanding their poverty & very friendly toward us. In Washington at this time there was about three stores viz Blakeny Cunningham & Methirks & two Taverns kept by Dod & Wilson,—public offices & mechanicks in proportion During this & the preceding two years the main County roads were surveyed & opened. I think the first paper printed West of the mountains was printed at Pittsburgh by Scull & Boyd after we arrived & about this time or perhaps shortly after Colerick Hunter & Beaumont commenced printing

a paper at Washington¹⁰ The popular strife between Breckenridge & Findley was going on at this time which produced the first papers of Breckenridges Modern Chivalry.¹¹

In 1789 my father removed to the Monongehela near James Crawfords ferry. This year John Cleves Symmes some families & persons from New Jersey & this Country descended the Ohio to the Miami Country & my father cultivated a small place worked some at his trade & built a boat & made preparations to go down the river with the first swell of the water.¹²

On the 25 December 1789 We sailed from Crawfords ferry our boat carrying the families of my father & uncle Richard Benham & some passengers one of whom was a Jacob Tappan from New Jersey Our boat proved staunch & we met with no accident except running on a sandbar in the middle of the Ohio a little below Pittsburgh where we lay about 20 hours when the waters rising carried us off We drifted nights as well as days, passed Governor St. Clairs Schooner off the mouth of Muskingum which passed us again on New Years morning before day near the mouth of the Scioto I think the only settlements between Wheeling & the Miami were small ones at Marietta Bellpre Bellville Gallipolis¹³ Maysville & a small stockade at the mouth of Bracken We landed at Losantiville opposite the mouth of Licking river on the 3rd day of January 1790 Two small hewed log houses had been erected & several cabbins General Harmar was employed in building Fort Washington & Commanded Strongs Pratts Kerseys & Kingsburys companies of Infantry & Fords artillery—a few days after this Governor St. Clair appointed officers Civil & military for the Miami Country His proclamation erecting the County of Hamilton bears the date

January 2nd 1790 on the day of his arrival. Mr. Tappan who came down with us & who remained only a short time & William McMillan Esq. Were appointed Justices of the peace for this town which the Governor altered the name of, from Losantiville to Cincinnati. The settlements at this time were Columbia Cincinnati & North bend. I am not certain whether there were any other but am inclined to believe the settlements at Coleraine or Dunlaps station & Round bottom had commenced South Bend & Ludlows station were settled soon afterwards During the winter my father entered some lots on the upper bank & on that at the S W corner on Sycamore & fourth streets built cabbins for a dwelling & Smiths shop.

The Indians had embodied near the mouth of Scioto & had taken a number of boats & destroyed families descending the river. In April the Militia from the Miamies under Captain Israel Ludlow,¹⁷ from Kentucky under General Scott; & a party of Regulars commanded by General Harmar rendezvoused at Limestone & advanced part by land & part by water But the Indians had left the river before they arrived¹⁸

On the 26th of September General Harmar marched from Fort Washington with eleven hundred regulars & fourteen hundred of the Pennsylvania & upper Counties of Kentucky Militia under his command¹⁹ About the same time Major Hamtramck with regulars, & Militia from the lower Counties of Kentucky marched from the O^[Id] post of post St. Vincennes on

the Wabash²⁰ The latter destroyed a number of the Indian villages on the Wabash Genl Harmar likewise destroyed several in the neighbourhood of the old Miami village which was at the confluence of the rivers St. Mary's & St. Joseph which form the Miami of the lake On the 19th of October Col Harden was detached with two companies of regulars & about eighty militia to destroy a town a few miles up the St. Joseph At one place the path led thro' a narrow strip of prarie & there the Indians were lodged in the woods on the one side & under a bank on the other which skirted between the margins of a swamp & the praire When our troops were completely between the lines of the enemy they commenced the fire with their usual yells The Militia fled precipitately The regulars sustained the unequal contest under every disadvantage for some time until nearly all fell Capt John Armstrong sprang into the swamp & sunk himself under water with his head beneath a tuft of grass within two rods of the bank The Indians lay on the ground all night It, is very dark a little before day when he with great difficulty withdrew from his hiding place benumbed & stiff & made his escape

On the 22nd Harden was sent to the Miami village with about 300 regulars & militia under his command & was again defeated; but in this last action each party endeavored to out flank the other & keeping in constant motion the Indians had but little chance of fighting from under cover except running & treeing as it is termed. The combatants were scattered for several miles & in some places the one party was overpowered by the numbers & the other party beaten at a short distance. It was a hard fought battle but the Indians kept the ground

The army arrived at Fort Washington on the third of November The regular soldiers enlisted under the old Government (before the new Constitution of the United States was formed) as well as the Militia were discharged.

the Ohio belonged to Major Leech²¹ In order to form a settlement thereon & to have a farm opened for himself he offered an hundred acres for clearing & fencing of each ten acre field with the use of the cleared land for three years The majority of the setlers were to make choice of the corner of his tract where three time the quantity of land due to the setlers was to be surveyed into lots & then the setlers to draw by ballot for the first choice My father allowed me to engage as one of the setlers (I being then 18 years old) He calculated on assisting so that we might each get at least 100 acres. It was about the middle of March 1791 that I left home The setlers consisted of four men with families & four of us single men. We first erected what was generally termed a station Each family occupied a Block house & I am now uncertain whether we put up stockades or not We were very industrious & progressed with our clearing for Corn until about the last of April when one of Mr. Fowlers sons was killed by an accident He was a lad of about 16 years old & the old Gentlemans main dependance & the family became discouraged & moved away.

In the winter preceding²² about 400 Indians had made an attack on Dunlaps Station on the Great Miami & continued the seige for about 26 hours, had killed all the stock destroyed the grain & burnt all the out buildings Before they reached the Station they killed Mr. Cunningham wounded Mr Sloan & took Abner Hunt prisoner who they massacred in a most shocking manner within sight & hearing of the people of the Station The Garrison consisted of thirty five regulars under the Command of Capt Kingsbury & about fifteen effective men of the inhabitants one of the soldiers received a slight wound & several Indians were killed I was among the party that came to their relief & in a second tour assisted to repair their fortifications at which time I boarded at Mr Hahn's who was killed with two of his neighbours at one time & his eldest son & several others at another shortly after The Indians had now become so daring as to skulk thro the streets at night & through the gardens around Fort Washington Besides many hairbreadth escapes we had news daily of persons killed on the Little Miami or on the Great

Miami at South bend or between the settlements—one morning a few persons started in a periougue [pirogue] to go to Columbia—the Indians killed most of them a little above the mouth of Deer Creek within hearing of the Town David Clayton one of the killed was one of our family.

On the 21st of May the Indians fired on my father where he was at work on his out lot23 in Cincinnati & took Joseph Cutter within a few yards of him The alarm was given by halloing from lot to lot until it reached Town I had just arrived from Leaches [Leitch's] Station The men in town were running to the public ground & I there met one who saw the Indians firing on my father I asked if any would proceed with me & pushed on with a few young men without halting—we however met my father after running a short distance & got to the ground soon after the Indians had secured Cutter—whilst we were finding the trail of the Indians on their retreat perhaps forty had arrived most of whom joined on the pursuit—by the time we had gained the top of the river hills we had only eight. Cutter had lost one of his shoes so that we could distinguish his track frequently in crossing water courses & we found there was an equal number of the Indians We were stripped & fortunately a young dog belonging to me led us on the trace & generally kept about a hundred vards ahead We kept them on the full run till dark and thought we sometimes discovered the shaking of the bushes We came back to Cincinnati that night & they only went two miles from where our pursuit ceased. The next day they were pursued but not overtaken. On the first day of June my father was killed by them He was stabbed in five places & scalped. Two men that were with my father run before him he passed them at about 300 yards The Indians in pursuit were behind It was supposed one had concealed himself in a tree top for on my fathers passing it a naked Indian sprang upon him. My father was seen to throw him, but at this the Indian was plunging his knife into his heart He took a small scalp off and run The men behind came up immediately but he was already dead. My eldest sister was married a short time previous & my mother had with her three daughters & a son The three youngest children were too young to be sensible to their loss I immediately resolved to supply the

place of father to them to the utmost of my ability & I feel a consolation in having fulfilled my duty towards them as well as my mother My father had not many debts nor engagements to fulfil I paid some debts by my labor (all he owed) as a day laborer, & my brother in law assisted me in building a house that he had undertook & received the pay for my mother.

There is an epoch in the history of every mans life longed for, & anticipated with anxiety, embraced with enthusiasm & remembered with a lively interest It is that period when he takes upon himself the conducting & management of his own affairs when the thread of his destiny is committed to himself. It is then he embarks on an unknown sea-to himself & on the skillful guidance of his bark among its billows and shoals depends his successful arrival at his intended port Happy is he who has at this period of life, a father or friend whose experience will afford him a chart; whose kind advice will serve as a compass to direct him I was young and inexperienced without any means of support but my hands & had the accumulated burden of contributing towards the support of a helpless family & whilst necessity stimulated me to exertion it would have prevented my falling into habits of indolence & dissipation had I inclined to them. Had my fortitude & resolution been weaker they might, however, [have] been overcome; for my companions for several years were of the most rude profane & dissipated. such as followers of the army & mostly discharged soldiersamongst these a knowledge of human nature was perhaps soonest acquired & although I have often been deceived & found the deceitfulness of mankind & the capriciousness of fortune great drawbacks on my calculations I must in justice declare that there is much goodness in the human character, & even amongst the worst of men. If we take the trouble to soothe their prejudices & jealousies their friendship will be subservient to our interest & happiness & proportionately to their opportunities & abilities they will hazard more in active friendship than those in more elevated society. It may not be improper to remark that I have always endeavored to avoid seeming either superior or inferior to those with whom I have had intercourse, or amongst whom my lot placed me: a contrary course will ever bar all confidence. In perils in hardships & in want, I have always chearfully shared the dangers & fatigues & divided the last mouthful of bread, affording present encouragement to the distressed & inspiring them with a grateful recollection of me afterwards— The friendships formed in trials dangers & difficulties are most strongly cemented & the attachments are perhaps proportionate to those trials & dangers.— For several years I was in various employments chiefly in the service of the Quarter Master General & Contractors & I have the satisfaction to believe I was particularly noticed by my employers & many persons of rank with whom I became acquainted: amongst these I can mention with pleasure Gov. St. Clair, Col Sargaent Secretary of the Territory, Col Samuel Hodgden Quarter Master General²⁹ Messrs Elliot & Williams Contractors, ²⁵ & many others of inferior rank, whom I shall ever hold in grateful remembrance.

After the funeral of my father, I returned & planted my corn & attended it, but was obliged to divide my time & bestow the greater part at Cincinnati for the benefit of the family— I settled my fathers books; fulfilled his engagements, & sold the Smiths tools to the Quarter Master General.

On the eighth of August (1791) I set off for Kentucky in the Quarter Master Generals employ with Van McHenry My uncle Capt Robert Benham was commissioned to purchase horses for the Artillery &c. and several brigades of pack horses & had preceded us. Messrs Thomas Irwin²⁶ Tiba Stebbens James. Watts a Mr Sloan & two others were in the Contractors employ & were with us. When we arrived at Lexington Charles Wilkins was purchasing horses for the Contractor & my uncle had gone to Bairds town²⁷ he had left orders for myself & Mr Mc Henry to follow him thither—he had left no horses & we were fatigued in walking so far & concluded to tarry with our friends until he should return We were put in a house of a widow Curtner on the Western Street which run on a rising ground where several good houses were built amongst which the proprietors were Col Patterson²⁸ a Mr Kiser Robert Barr & Charles Wilkins were the principal merchants Love & Mc Nair Inn keepers all on the main street & I am uncertain whether there were any other Taverns or Stores—there might have been one or two of each.

²⁸ Colonel Robert Patterson, who built the first blockhouse at Lexington, was one of the three original proprietors of Losantiville, and moved to Dayton in 1807. Conover, Concerning the Forefathers, pp. 111-323; Ranck, Hist. of Lexington, pp. 23, 26.

We received the horses as they were purchased, branded them, took them to pasture in the neighborhood & occasionally changed them to other pastures. Within about two weeks from our arrival my uncle came & we joined him & lay a few days at Col. Robt. Saunder's on cane run near Georgetown whilst the droves of horses were arriving & then took the Artillery horses in the foremost drove to Cincinnati where we arrived on the 27th of August.

My uncle was quite unwell when he returned to Lexington & was very sick after he got home to Cincinnati sometimes so much so as to be unable to sign the provision returns for the horse drivers The account of his purchases & expenditures made a great deal of writing—duplicates or triplicates had to be rendered of each & this labour now all fell on me. We were however at this time in the contractors (Col. Wm Duer) employ On his arrival at Cincinnati he was appointed Superintendant of the Horse department in that service & transferred me with him Within the short time of his ilness & without any notice Israel Ludlow agent for the Contractor had superseded his appointment by appointing a Mr Winn in that place & my uncle was suffered to make out provision returns & to give orders for some time before he got information of his being turned out. He now began to recover rapidly & his being thus treated prompted the friendly interposition of the Governor in his favor & he was appointed to the same situation in the Ouarter masters service & again transferred me with him: for the month past we neither asked nor received pay from the Contractor.

On the 23rd of September my uncle received his letters of instructions & we immediately left Fort Washington²⁹ with three or four brigades of pack horses loaded with armourers & artificers tools— The Artificers with Capt Tharp their Superintendant marched with us armed & composed but a weak escort. We encamped the first night on the bank opposite to Fort Hamilton which had been recently erected. At daybreak I went some distance from the encampment to look for my horse & discovered a person armed. I ran in & gave the alarm a party turned out with me & we met the person who had discovered me & ran in by a more circuitous route very much frightened, it immediately occured to me that we had alarmed each other & on asking a few questions I ascertained it.— On the fifth day

²⁹ St. Clair started with the main body of troops on September 17. Albach, Annals of the West, pp. 577+.

in the morning we overtook the army at the first wet prairie between thirty & forty miles in advance of Fort Hamilton. This day the army lay still & the next we marched about seven or eight miles The day following we moved about half a mile & remained about a week, during this time Fort Jefferson was commenced & about half finished on ground on the right of our encampment We then returned with six brigades of packhorses to Fort Hamilton one of which to Fort Washington where I also returned Our escort consisted of about half of Faulkners company of Levies commanded by Capt, Faulkner with his Lieutenant Mr Huston who afterwards in the regular service at Greenville fought with Capt. Bradshaw the fatal duel where both were mortally wounded. Col Duer the Contractor had failed It had almost defeated all the arrangements of the army he failed to transport provisions sufficient for the troops & they were reduced before this time to short allowance in consequence of it— The orders from the board of war to the Commander in Chief were said to be imperiously to proceed We were sent to bring provisions to assist the other line in the transportation. On the last day of October we over took the army twenty two miles in advance of Fort Jefferson & found the Commander in Chief so ill with the gout as to be carried in a litter We met on the same day a few miles before we came up with the army about sixty of the Kentucky militia deserting in one body This evening the first regiment was detatched to endeavor to bring them back & to escort in provisions then on the way

On the first of November the army lay I think at Still water On the second & third we marched to a Creek supposed to be the St. Mary's but which was a branch of the Wabash We had orders to return next morning with some pack horses to assist the other line in bringing more provision.

I had been entered as a pack horseman at fifteen dollars per month: At times I had considerable writing to do Every brigade drew their rations seperately; & when we were not on the march I had this service to perform, orders to communicate & often the care of my uncles horses as well as my own, when we were on the march we could sometimes make arrangements so that I could ride, at other times I had to carry a share of our stores or baggage lashed on my beast & was obliged to foot it through the mud in the roughest manner We had a Marquee or large horsemens tent & having room took several officers into

our mess Having sometimes to be in company & employment with officers & at other times in the mud I was induced to take all my clothes with me; so that even when I was able to ride I always had luggage sufficient to make it necessary to use a lash rope On the fourth at day break⁸⁰ I began to prepare for returning & had got about half my luggage on my horse when the firing commenced We were encamped just within the lines on the right The attack was made on the Kentucky militia, almost instantaneously the small remnant of them that escaped broke through the line near us & this line gave way followed with a tremendous fire from the enemy & passed me. I threw my bridle over a stump from which a tent pole had been cut & retreated a short distance & finding the troops halt, returned & brought my horse a little further; I was now between the fires & the troops giving way again was obliged to leave him a second time—as I quit him he was shot down & I felt extremely glad as I concluded now that I should be at liberty to share in the engagement My inexperience prompted me to calculate on the strength of our forces being far superior to any the savages could assemble & that we should soon have the pleasure of pursuing them & I determined on being if possible among the foremost in the pursuit, not more than five minutes had yet elapsed when a soldier near me had his arm swinging with a wound I requested his arms & accoutrements as he was unable to use them promising to return them to him & commenced firing—the smoke was settled about three feet from the ground but I generally put one knee to the ground & with a rest from behind a tree waited the appearance of an Indians head from behind a tree or when one ran to change his position. Before I was convinced of my mistaken calculations I had become familiarized to the scene & the battle was half over. Hearing the fire at one time unusually brisk near the rear of our left wing I crossed the encampment-two Levy officers were just ordering a charge: I had fired away my ammunition & some of the bands of my musket flew off, I picked up another & a cartouch box nearly filled & ran ahead to a large

tree where I charged my piece, & fixed my bayonet, almost against the party reached me— I think there was about thirty of us-I was soon in front-the Indians run to the right where was a small valley filled with logs. I bent my course after them & found I was with only seven or eight men the others had kept straight forward & had halted about 30 yards off We halted also & being so near to where the savages lay concealed the second fire from them left me standing alone; my cover was a small sugar tree or Beech scarcely large enough to hide me, & most of the Indians in the hollow from 50 to 70 yards distant directed their fire at me: The balls some struck the tree & many ploughed along the ground at its root one moved my hat but did not cut it. I fired away all my ammunition I am uncertain whether with any effect or not—a little before I left this place I discovered an Indian throwing his blanket up & down at the side of a tree & sometimes his body appeared I took good & steady aim past the side of the tree & when his body appeared fired & did not see him or his blanket more. When my ammunition was expended I looked for the party near me, I saw them retreating and half way back to the lines. I then retreated running my best & was soon in; by this time our artillery had been taken I know not whether the first or second time our troops had just retaken it and were charging the Indians over the Creek in front, & some person pointed me to an Indian running with one of my kegs of powder but I did not see him; there were about 30 of our men & officers laying scalped around the pieces of Artillery; it appeared the Indians had not been in a hurry for their hair was all skinned off. Daniel Bonham a young man raised by my uncle & brought up with me & whom I regarded as a brother had by this time received a shot through his hips & was unable to walk I got a horse & got him on. My uncle had received a ball near his wrist that lodged near his elbow. The ground was literally covered with dead & dying men & the Commander gave orders to take them away, perhaps it had been given more explicitly—happening to see my uncle he told me that a retreat was ordered & that I must do the best I could & take care of myself. Bonham insisted that he had a better chance of escaping than me & urged me to look to my own safety alone I found the troops pressing like a drove of bullocks to the right & gained the front when I saw an officer (who I took to be Lieut Morgan an aid to Genl Butler) with six or eight men start on a run a little to the left of where I was. I immediately ran & fell

in with them—in a short distance we were so suddenly among the Indians who were not apprised of our object that they opened to us & ran to the right & left without firing I think about 200 of our men passed through them before they fired except a chance shot When we had proceeded about two miles most of those mounted had passed me, a boy had been thrown or fell off a horse & begged my assistance & I ran pulling him along about two miles further until I had nearly become exhausted The last two horses in the rear had; one, two; & the other carried three men I made an exertion & threw him on behind the two men The Indians followed but about half a mile further The boy was thrown off sometime afterwards but escaped & got in safe My friend Bonham I did not see on the retreat but understood he was thrown off about this place & lay on the left of the trace where he was found in the winter & was buried I took the cramp violently in my thighs & could scarcely walk until I got within a hundred yards of the rear where the Indians were tomahawking the old & wounded men I further detained here to tie my pocket handkerchief around a mans wounded knee & saw the Indians close in pursuit at this time—for a moment my spirits sunk & I felt in despair for my safety I hesitated whether to leave the road or whether I was capable of further exertions If I left the road the Indians were in plain sight & could easily overtake me I threw the shoes off my feet & the coolness of the ground seemed to revive me. I again began a trot & recollect when a bend in the road offered & I got before half a dozen persons to have thought that it would occupy some time of the enemy to massacre these before my turn would come By the time I had got to Stillwater (about eleven miles) I had gained the centre of the flying troops & like them came to a walk I fell in with Lieutenant Shaumburgh (who if my recollection serves me was the only officer of artillery that got away unhurt) with Corporal Mott & a woman who was called red headed Nancethe latter two were both crying Mott was lamenting the loss of his wife & Nance of an infant child Shaumburgh was nearly exhausted & hung on Motts arm I carried his fusee & accoutrements & led Nance In this sociable way we came together & arrived at Jefferson a little after sunset. The commander in chief had ordered Col Dark³¹ to press forward to the convoys of

provisions & hurry them on to the army Maj Truman Capt Sedam & my uncle were setting forward with him a number of soldiers packhorse masters & men & myself among them joined them on foot We came on a few miles when all overcome with fatigue agreed to halt Darius Curtus Orcutt a packhorse master had stolen at Jefferson one pocketfull of flour & the other of beef. one of the men had a kettle & Jacob Fowler & myself groped round in the dark until we found water where a tree had been torn out of root & we made a kettle of soup of which I got a small portion amongst the many It was then concluded as there was a bend in the road a few miles further on that the Indians might undertake to intercept us there & we decamped & travelled about four or five miles further I had got at Jefferson a rifle & ammunition from a wounded Militia man an old acquaintance to bring in A centinel was set & we lay down to rest & lay until the Governor came up a few hours after; I think I never slept so profoundly & I could hardly get awake when on my feet. On the third the ground was covered with snow, the flats were now filled with water frozen over as thick as a knife blade I was worn out with fatigue my feet knock'd to pieces against the roots in the night & in splashing barefooted among the ice In the morning we got to a camp of packhorsemen & amongst them I got a doughboy or water dumpling & proceeded We got this day within seven miles of Hamilton & lay around a burning tree so stiffened as to be unable to get out of the way if the tree had been falling on us On the sixth I arrived at Hamilton soon in the morning over the ground very rough & much frozen & remained there until next morning

Nov 7th Notwithstanding the Indians had killed several on the road recently between Hamilton & Cincinnati I came with Joseph Stephenson & with no arms but the rifle I had brought in, to Cincinnati.

On the 25th November we were discharged I received my pay, entered into the service of Elliot & Williams the new Contractors & set off the same day for the falls of Ohio to bring up a boat load of salt.³² We were detained waiting for our load

28

³² Salt was frequently brought up the river from Louisville, where it sold in 1796 for 20s Va. currency per bushel, in contrast to \$6.00 to \$8.00 per bushel for the supply brought across the mountains by packhorses. Bullitt's Lick and Mann's Lick were the chief sources of supply in Kentucky. Collins, Kentucky, II, 100, 370; Gephart, Transportation and Industrial Development in the Middle West, pp. 85-86; Imlay, Topographical Description of the Western Country, p. 121.

until the 12th or 13th of December & landed at Cincinnati December 22nd—Capt Benham had brought the old Contractors Cattle 30 or 40 head & Elliot & Williams had 66 I engaged & had one hand with me to herd them bringing the different droves to camp & salting them during the winter I built my camp between Licking & the Ohio about three miles from the river at Cincinnati—during this time I sold my improvement at Leaches [Leitch's] station for a mere trifle.

In March when the grass began to spring up I left the Cattle & went a trip with boats to Fort Hamilton & returned in twelve days A number of Horses belonging to the Quarter Master were sent to my old camp to recruit & I attended to them until the 10th of May. In the evening I was expected down to draw provisions & arrived about dark The Quarter Master General had determined to send me express to Philadelphia & had been to my mother & had my clothes packed up a horse saddled & everything in readiness for my journey I received my instructions from him & the Commandant & departed before midnight The following are true copies of my instructions³³

Q. M. G.

Mr Benjamin Van Cleve.

I left Fort Washington at near 12 oclock at night as before stated in company with a Captain Kimberland of Kentucky & travelled during the night—at 11 oclock came to Colin Campbells on the dry ridge & took one hours rest— Mr Campbell had lately built a stockade here & this was all the inhabitant between Cincinnati & four miles from George Town Started from here about noon & got among the hills at Eagle Creek about dark when a most violent storm of rain commenced & our horses lost the road. We were obliged to dismount & hold our horses by the bridles in a dreadful rain all night At daylight found the road near us & proceeded & arrived at Lexington & put up at Mr McNairs

Sunday 13th I left Mr Kimberland & crossed Kentucky & Dicks rivers & came to Col. Benjamin Logans near Lincoln Court house.³⁵ Col Logan was County Lieutenant & I was ordered to call on him for a guard of six men if necessary & for a horse if the one I rode proved insufficient

14 I got another horse, had him shod & got provision & finding as was the practice publications that a company would leave the Crab orchard next day, I travelled about 20 miles to the Crab Orchard

³⁵ Cf. Collins, Hist. of Kentucky, II, 482+.

15th Left the Crab³⁶ orchard our company consisting of 19 men & a woman Our arms were five Guns and five Pistols—Rained very hard this day, came through a broken country to Sheckle fords a new Station on Rock Castle river There was one appartment stockaded for horses it was knee deep in mud but I was glad to pay an extravagant price to have my horse in safety & get myself dried & a poor rest on the floor amongst fleas.

16th Very rainy—Came to Richland Creek rode hard until after dark & struck off the road about half a mile & lay, holding our horses by the bridles.

17th Discovered considerable fresh Indian sign, found at several miles distant where they had peeled pawpaw trees & in one place painted them red, in the other black When we came to Cumberland river, we kept up the bottom The road was hedged in close with cane from twenty to thirty feet high, it was a dangerous place & some of our company said they saw an Indian, after which the best fellow was foremost The river was almost swimming Yellow creek was nearly over its banks I swam my horse carrying my dispatches on my shoulder We crossed Cumberland Mountain & came to the settlement in Powells valley, but as we could nothing for ourselves or horses we went past it & encamped.

18 The company seperated— Two young men by the name of Stetler for the Monongahela a Mr Bigger for Chambersburgh in Pennsylvania & myself continued together We came to a Mr McNiels near Powells river.

19th Crossed Powells river & Mountain, Waldens ridge Clench river, Copper Creek & Copper Creek ridge & came to the head of Mockason Gap, & encamped

20th (Sunday) Came through Mockason Gap, over Holstein river & to Major Fulkinsons 12 miles from Washing[ton] Courthouse

21st Came through Abington [Abingdon] to Mr Eakis's 22nd Came a mile & a half to Mr Blessings our horses backs were much scalded We washed them with bark ouze & stayed to recruit them

³⁶ From Crab Orchard for two hundred miles the only settlements were at Scheckle's Ford and Powell's Valley. Travelers usually went from here through the Wilderness in groups, for protection from the Indians. Filson Club Publications, vol. 2, pp. 40-41; Imlay, Topographical Description of the Western Country, p. 114.

23rd Came to Mr Millers opposite Fort Chissell [Chiswell]³⁷

24th Came over New river & Alleganey mountain & lodged at Mr Havens' on Roan oak river

25th Came to Boitetoit [Botetourt]³⁸ & lodged at Mr Kings

26th Came to Mr Hardy's seven miles from Lexington & parted this day with the Mr Stetlers & Mr Rice

27th (Whitsunday) Came through Lexington & within seven miles of Staunton

28th Came to Laurence Protsmans in Rockingham

29th Came to two large stone houses of Dutch people

30th Came to Jacob Leonards in Stephensburgh or New town

31st Came to Martinsburgh

June 1st 1792 Lay sick in Martinsburgh attended by a Phisician who I understood was a native of Russia (I think perhaps that part formerly belonging to Poland) he gave me a history of a campaign in which he had served in the East with much curious information

2nd Crossed Potomac & lodged in Williamsport at a Mr Davis's

3rd Parted from Mr Bigger & came through Hagerstown & to Mr Scotts in Nichol's Gap in the South mountain.

4th Travelled in company with Mr Scott to Little York 44 miles

5th Came through Lancaster & six miles further

6th came to the white horse 26 miles from Philadelphia

7th At 2 oclock P M arrived at Philadelphia & put up at Mr Alexander Andersons No 39 North Second Street sign of the Sorrel horse & nearly opposite to Christs Church

June 8th Called at General Knox's & he had gone to New York—Delivered my dispatches to Major Stagg Chief Clerk at the War office Corner of Chestnut & fifth streets.

9th I went to my uncle Wynkoops 16 miles from Philadelphia & returned on the 11th day against the War office was open, expected every day to set out on my return home; on the 15th went to the Playhouse Southwark The play was the Country wedding & dancing on the tight rope

16 Some of my friends in at market & I went out with them as far as Frankfort

17th (Sunday) I went to Christs Church & attended divine service They have an extraordinary organ here.

18th I took a view of the foundation of the house now building for the President (Genl Washington) & drew a plan of it— I have to call daily at the War office at 9 or 10 oclock to see if there are any commands for me

20th I went home with Garret Wynkoop from market to Montgomery County & returned in the morning.

23rd Went to my uncles in Montgomery County & returned on the 25th viewed the Bettering house, 39 State House & yard, Doct. B. Franklins statue in front of the New Library &c. The statue of Doct Franklin I was told was made in Italy & cost either 400\$ or £500 Sterling I am not sure which It was presented by William Bingham Esq.

27th General Knox asked me if I would have any objections to go to New York on business, he observed that as I was under pay he did not know that it would be improper to employ me in going there altho' on another business from that which I was engaged for He stated that the heads of department had presented two elegant horses to Capt Joseph Brantiv Chief of the six nations of Indians I informed him that any reasonable service that I could perform for the public I was willing to perform & that I would be much pleased to go to New York & had rather be engaged in active service than be idle. He seemed very well pleased But I informed him that I had no money I would have to apply for money to bear expenses— He enquired particularly of me the amount I had received & respecting my expenditures on my answering him broke out abruptly & swore with vehemence that it took more for my expenses than would support the prince of Mecklinberg. I suppose he was in jest but I felt nettled & observed that I ate three times a day as I was accustomed to do at home & my horse had to have hay & oats, that I had been on expenses almost fifty days & on forty dollars & that I was a small matter behind with my landlord He made no further reply, but gave orders to the Chief Clerk

about my money, instructions, & said I would return in the stage.

I drew by order at the bank twenty five dollars in silver & thought it unnecessary to carry saddlebags—the money being heavy & inconvenient to carry I thought of taking no more with me than was barely sufficient for my expenses & without making a close calculation except as to the days I should be gone supposed eight dollars sufficient for three days whereas my passage in the stage was four & my diet & lodging ferriages & keeping two horses amounted to considerably more than the other four. My letter of instructions was as follows

"War department June 27th 1792

Sir

You will proceed from hence to the City of New York taking under your care, two saddle horses the property of Capt. Joseph Brandt— On your arrival there you will deliver the said horses to Mr Edward Bardin at the city tavern taking his receipt; & whom you will request to furnish stabling for said horses, until the arrival of Capt. Brandt.

You will keep an exact account of your expenses to, at, & from the City of New York.

Your route to New York will be, from Philadelphia to Bristol, Trenton, Princeton New Brunswick, Woodbridge, Elizabeth town, Newark, to Paulushook ferry.

Having delivered the horses as above directed you will immediately return to this city.

I am Sir

Your humble servant

Jno. Stagg Jun Chff Clk

Mr B. Van Cleve.

I set off for New York at four oclock in the afternoon & lodged at Bristol having travelled twenty miles

28th Breakfasted at H. Drakes in Trenton—he was an old acquaintance & formerly kept a Tavern at Monmouth Courthouse—passed through Princeton, Brunswick Woodbridge & lodged at Joseph Lyons in Elizabethtown having travelled sixty miles this day. I was acquainted with Mr Lyons two brothers many of his acquaintances in the North western

Territory & promised to bear his letters to his brothers & made known to him the circumstance of my having with me through inadvertence a sum insufficient to bear my expenses He politely gave me a note authorizing me to take passage in the stage of a line in which he was one of the proprietors & to pay my passage when I arrived in Philadelphia

29th I arrived in New York by 11 oclock Captain Brant had arrived in the Stage before me & receipted for the horses himself He was quite intelligent & communicative, wrote a decent hand, & was dressed more than half in the fashion of the whites. The heat of the sun was intense & I had rode hard, was much fatigued and quite unwell, but I performed my business—I delivered letters to Major Staggs father & others of which I was charged chiefly in the neighborhood of St. Pauls Church, the Bear market, & Maiden lane. At 3 oclock I took my passage in the Stage & arrived that night at Mr Lyons in Elizabethtown where I had lodged the night before

30th Left Elizabethtown at two in the morning— when I left New York there was only one other passenger, a sailor who had just arrived from China or the East Indies & had his pay in silver tied in a course handkerchief which he held in his hand We agreed to treat the drivers & give them a small fee alternately to give us a good ride. From Elizabethtown to Trenton our Stage was quite crowded, Aaron Kitchell esq. was one of the passengers & several persons of rank were in company with whom I did not get acquainted Mr Kitchell had some relatives & many friends in Cincinnati & conversed most of the way relative to them & the Country Another Stage was running with us which was empty & my first Stage mates' & my example added to the ambition of the drivers to outrun the empty stage gave us a merry ride indeed We arrived at Philadelphia at half past 3 oclock having travelled eighty miles

July 1st 1792 (Sunday) I was very sick—a dreadful hurricane happened today from the N. & N. W. the vessels in the harbour were driven to and fro almost every where, one Brig was driven on the bar & a fine ship lying near Vine Street was forced from her moorings, drifted about a mile down (with the tide) on her beam ends & got aground. Several boats were upset & one boy drowned

4th Anniversary of American Independence— My uncle Wynkoop & several of my friends came to town— Doct. Morrell from Cincinnati arrived & put up at this Tavern— The anniver-

sary was celebrated 30 rounds of twelve pounders a morning & evening gun were fired— I think a Col Proctor commanded the artillery

Kentucky had become a State since I had passed through it She was admitted into the Union on the 1st day of June 1792 Vermont had recently been admitted so that there were now fifteen States in the Union. When I came through Kentucky the Convention had just risen but I was unable to procure a copy of the Constitution

July 5th Intelligence from New York—"Last Lords day between 3 & 4 oclock P. M. we were visited with a severe squall of wind accompanied with some rain.

Mr Wade Ship Carpenters boat which contained him, his wife & two children & a young man were overset opposite Yellow hook a few miles from this city & all drowned except the young man who clung to the boat.

Also another boat with three men & two boys were overset & they were all drowned.

Also we learn that a sloop containing fifteen or sixteen persons were all drowned in consequence of this tremendous gust.—tis supposed that several other boats were overset & persons lost the truth of which we cannot avouch."

6th I attended as usual at the War office & was informed by General Knox that Col. Hodgden was on his way from Pittsburgh & I should certainly leave Philadelphia on thursday (this being friday) Major Stagg asked leave of absence for me to visit my relatives & the General politely consented that I should be absent until tuesday evening & I went this evening to my uncle Wynkoops.

7th I had determined last evening to visit my friend^[s] in New Jersey & the place of my nativity & I travelled this day forty seven miles by 3 oclock P. M. I arrived first at my Great Grandmother Benham's I found her sitting churning butter at a small churn, the staff of which was almost worn off. She was ninety one years of age. One of her daughters was present (Mrs Vanhorne,) & a negro woman who was left to attend to her & to receive freedom at her death I remonstrated against the impropriety of her labouring & was told that this was rather a favorite amusement to her, that she was very childish & had

been refused it & would cry about it when prevented. I went after another of her daughters my mothers aunt (Betty Conover) to one of the neighbors in a light wagon with her son John—at my uncle Thomas Wests whose wife (Anna) was my fathers sister & called on several old acquaintances & lodged at night at my uncle Benjamin Van Cleves.

8th (Sunday) I went to my uncles William Van Cleves & Daniel Hays's & visited many other old acquaintances & on the 9th came in company with John Conover came 11 miles on my return to Anna Taylors another aunt of my mothers near Allentown

10th. Returned to my uncles Isaac Wynkoops in Pennsylvania

11th Returned to Philadelphia against opening of the office & Maj. Stagg informed me there was no liklihood of my returning home immediately

14th Was on board the Wilmington packet all the forenoon with Mr De Butts the mate who claims he is a Cousin to Captain De Butts (afterwards aid to General Wayne) The packet is commanded by Capt Collins— In the afternoon sauntered through the city with a Mr Holmes a merchant of Sussex in New Jersey.

This day was celebrated here as the Anniversary of the Revolution in France A vessel in the harbor fired cannon all day— Illuminations & fire works were displayed back of Oelers hotel The doors windows & tops of the houses were crouded with spectators on the occasion & a dinner was provided at the hotel for the Cincinnati Society.

15th (Sunday) Went to the Friends meeting— One hour & five minutes was occupied in meditation & silent waiting, when a reverend looking man raised from his seat & made a short discourse on the prevailing vices & errors of mankind. He then set down & in a few minutes a man about 30 years of age arose & spoke fluently on the passions, their tendency & the necessity of our controlling them, of governing ourselves & of cultivating humility & contentment.

It was a Quaker family that I lived with & most of the boarders were of that sect Whilst with them I read Barclays appology & many of their books The landlord & landlady assumed the exercise of parental authority over me the same as over their own son. I believe I was more obedient to them & a considerable share of mutual attachment took place. I felt

regret at parting with them & my good mother shed tears on the occasion.

16th I was informed at the War office that Col. Hodgden had arrived I went immediately to his house & he informed me that my relatives at Cincinnati were all well on the 12th of last month.

22nd (Sunday) Went with David Brookes a son in law of my landlady, a Mr Pierson & several young men of the Quaker profession to Schuylkiln We rested & drank a bottle of excellent Madeira in a cool summer house at St. Tammany's wigwam⁴²

July 25th I received my dispatches & instructions & called for commands at Col. Hodgdens & Col Clement Biddles & came 11 miles to the Buck on the Lancaster road— my instructions are as follows viz:

War department July 25th 1792

Sir,

You will proceed immediately with the letters & packages delivered in your charge to Pittsburgh. The Letter directed to Major General Wayne you will deliver to him, & proceed with the remainder to Fort Washington.

Major General Wayne will furnish you with a conveyance down the river, among the first boats which shall be going to Fort Washington.

I am, Sir,

Your humble servant

Knox

Secy of War

Mr Benjamin Van Cleve.

26th Came forty seven miles to the Sign of the bird in hand within eight miles of Lancaster.

27th Came through Lancaster crossed the Susquehanna at Wrights ferry came also through Little York Dovertown & to Captain Carpenters in the Canawaga settlement

28th Came through Carlisle & Shippensburgh & to Strasburgh at the foot of the North mountain.

29th (Sunday) Came over the three mountains by the burn'd

cabbins; over sideling hill Rays hill crossed Juniatta & came to bloody run The roads have been very much improved since I crossed these mountains before At that time they were only opened by cutting the brush & logs out sufficient for a wagon to pass & not dug The route wound backward & forward on the face of a mountain to gain the ascent I saw the place where we tied the trees to our wagon to descend Rays hill & the road starts now from the same place & is dug along the mountain so that good loads may be drawn up it.⁴³

30th Came through Bedford, over Dryridge & Allegany & to Gilmore's in the Glades

31st Came by Jones's mill over Laurel Hill & Chestnut ridge to Henry Whites near Yohiogeny [Youghiogheny].

August 1st Came over Yohiogeny river to Brownsville (formerly known by the name of Redstone, or Redstone old fort In New Jersey I remember when the whole country west of the mcuntains was called Redstone There is a small creek that empties into the Monongahela at this place called Redstone) Crossed the Monongahela & came to Ten Mile Creek to my uncle Peter Benhams & remained there the day following

3rd Came to Washington & lodged at John Dodds'

4th Came to Pittsburgh & delivered my dispatches to General Wayne I put up at Mr Tannehills Lieut. Harrison with whom I had been acquainted & who was afterward Governor of the Indiana Territory &c put up here at the same time I stayed here until the 7th I must confess that I was guilty of great misconduct in going so far out of my way to see my friends when I might have been at Pittsburgh two days sooner. I was slightly reprimanded by General Wayne for being as long on the road. I had no excuse & received it conscious that I deserved it.

7th I left Pittsburgh, with two boats under the Command of Ensign Hunter with a sergaent & Corporal & twenty one privates, new recruits enlisted in Morristown & New Brunswick in Jersey We had Dennis Ferris for our pilot The Ensigns boat had a quantity of Cannon balls, two pieces of Artillery & a few boxes of shoes on board; the other boat was loaded with oats & Corn We thought we would be more at liberty & the pilot & myself having the Corporal & six men with us took charge of the boat of grain We came past Chartiers Creek & lay near

⁴³ Cf. p. 14.

Ulrich's The river was very low & we were unable to drift at night so that we made about 15 miles a day.

11th Arrived at Wheeling We had but just landed when four of our soldiers deserted. I turned out with a party & we searched for them until night without effect

12th (Sunday) We left Wheeling & arrived at Marietta on the 17th I lodged on shore with an old acquaintance a Mr Buell

Passed the little Kenhawa & lay opposite Bellpre The river being so low we often run on shoals & sand bars I was exceedingly fond of swimming & being the best hand at getting the boat off was generally foremost at it; amongst the soldiers in our boat was one whose name was Adam Hill a rope maker recruited at Morristown exceeding fond of drink We had from Pittsburgh a passenger by the name of Joseph Swearingen & another from lower down by the name of Findley & we had a keg which we had to fill every few days with whiskey We kept the soldiers in our boat generally mellow. Adam was entirely devoted to me & would sometimes sing for us half a day together I had brought from Philadelphia about 25 volumes of books which I read mostly if not all through on our passage so that the time did not pass heavily away Adam was a very good washer & did all my washing The Ensign & his lady interchanged visits with us & we treated them with sweetened whisky on these occasions when they visited us but the extreme heat & tediousness of the passage induced Mrs Hunter to stay at Marietta

19th (Sunday) Passed little & big Hockhockings & lay at Belleville

21st We came over L'tart falls⁴⁴ & lay a little below We met here a number of canoes from Kentucky.

23rd We passed the Great Kenhawa [Kanawha] & lay at Gallipolis (the French Station) The Great Kenhawa was raised considerably so that we can make better progress in sailing.

24th Did not get our boat fast all day—lay a little above Guiandot

25th The pilot run a head in a canoe with Mr Swearingen & myself to take a hunt & was to wait at the mouth of Guiandot for us We wounded a deer & was so long searching for it &

[&]quot;Letart Falls, really a ripple, but in pioneer days "machinery" was necessary here in order to pull a boat upstream. Cramer, Navigation, ed. 1818, p. 87; Cuming, Western Tour, p. 120.

without getting it at last that the boats passed us & the Canoe went on & when we arrived at the river they were several miles a head We had to cross Guiandot at the mouth which was pretty full & run until we overtook them discovered some fresh Indian sign below Guiandot We passed this day Great & little Guiandot & big Sandy & lay a little below.

26th Came fifteen miles below Scioto.

27th Came to the three islands

28th Passed Limestone & lay at Charlestown

29th Passed Eagles Creek Lees Creek White Oak & Bracken & Locust at dark & drifted all night

30th In the morning found ourselves near the twelve mile Creek above the Little Miami We passed the little Miami after dark & came to the landing at Fort Washington & lay until morning.

August 31st, 1792 (Friday) Early this morning I delivered my dispatches to Captain Cushing Commanding then at Fort Washington.

My expenses during my absence from leaving Fort Washington until my return was one hundred & fourteen dollars fifty six & two thirds cents I was away 112 days, one hundred & fourteen including the days of my departure & arrival

I was one month in the Quarter Masters (O'Hara's)⁴⁵ employ after I returned

1793 I did not get my pay until the 15th of March There had been some misunderstanding between Col Hodgden before his departure & General Wilkinson The price for my services had not been stipulated. Col Hodgden told my mother that I should be paid accordingly as I discharged my duty but added that I should have a dollar or ten shillings per day He examined my bills of expenses at Philadelphia & was well satisfied with them. After my arrival at Fort Washington I was called on for my instructions & bill of expenses I handed them to the Quarter Master General deputy (John Belli)—46 they were mislaid.

46 Major John Belli was deputy quartermaster general under Wayne, and settled later at the mouth of Turkey Creek, near Portsmouth. Bannon, Scioto Sketches, pp. 39-40; Jones, Fort Washington, pp. 82-84; Evans, Hist. of

Scioto County, Index.

⁴⁵ James O'Hara, an important contractor in supplies for the Western Troops, succeeded Hodgdon as quarter master general. O'Hara did most effective work, especially for Wayne's expedition, and was a well known citizen of Pittsburgh. *American Pioneer*, I, 436–37; II, 270; Killikelly, *Hist. of Pittsburgh*, p. 519; McBride, *Pioneer Biog. III*, 32.

I had fortunately kept copies & had repeatedly to produce copies I was ordered to call another time & in a few days. I became tired & disgusted with their arrogant & ungenerous treatment & in want of the money I begged they would pay me something anything that they thought I merited There was no mails nor way for me to make it known or get redress at Philadelphia & they were so good as to pay me five shillings per day—I paid Israel Ludlow for my lots in Cincinnati got bills of sale for them & cleared & fenced them I laboured intolerably hard so as to injure my health & raised a fine crop of corn

The young men of Kentucky after their summers work was over, frequently came to Fort Washington to engage in the public service Knowing this, Stacey McDonough & myself engaged with Elliot & Williams to bring salt & other loading from the falls of Ohio. They found a boat & a hundred weight of flour for each trip we performed & gave us six shillings & six pence per barrel for the freight We took the boat down ourselves & engaged our hands to be ready at a certain day (when we got our load) & for five dollars each we brought up one load of salt & two of corn by the first of December & I made about seventy five dollars clear of all expenses. We then engaged at fifteen dollars per month & went for another load of salt which we did not receive until after the first of January, 1794—we had a tedious trip, the river was almost shut with ice & we did not arrive at Fort Washington until Jan. 25th.⁴⁷

On the 7th of February 1794 I engaged with my uncle Capt Benham to keep a store at Greenville which was now Head Quarters. In 1793 the army lay at Hobsons Choice below & adjoining the town of Cincinnati. It had moved out, & built forts at St Clair Recovery & Greenville My uncle was in partnership in a Grocery or sutlers shop with Alexander Andrews I took out six horses loaded with stores & liquors Mr Andrew had not setled his business & I returned for another six horse loads & arrived at Greenville again in March I had no assistance & was boarded at Mr Morrows principal armourer in the Laboratory

On the 2nd of April whilst at supper my shop was broken open before Tattoo beating In the morning I had sent away about \$1500 & had reserved some change only I should suppose by the bulk between 20 & 50 dollars My trunk was taken all my

⁴⁷ Cf. p. 28; Note 32.

clothes this money & some books & other small articles I arose on the third at Day break & found my pocket book near the creek at the upper bridge It was empty & lying open—soon after my trunk was found over the creek near the lower bridge I got some few articles of clothing & some papers

There was a general order against selling whiskey & any other liquor without a permit⁴⁸ My employers had left with me several horse loads of whiskey one of cherry bounce & some other liquors & knowing the present orders told me to do the best I could with it from which I infered I was to sell it & smuggle it off as carefully as I could which was a notorious practice amongst Sutlers. I had disposed of the whiskey & almost all the other liquors My uncle at the request of a subaltern officer had brought him about 200\$ worth of stores without charging him any advance on them & having waited a long time without his ever speaking about compensation ventured to ask him for the money There was no doubt but this gave occasion to watch me & I was informed on & on the fourth a centinel was placed at my door with orders to let no person whatever in or out except myself & not to suffer me to take anything in or out

On the sixth I was tried by a General Court Martial whereof

Captain Ford was President

Captain Howell Lewis
Captain Price
Lieutenant Ingersoll

Captain Cook
Captain Thomson
& Lieutenant Massie

Ensign Charles Hyde Judge Advocate .

For disobedience of the General Order of the 24th of January that in selling bartering or giving spirituous liquor to a soldier, or soldiers of the third sub-legion on the night of the third instant & thereby occasioning intoxication & irregularity among the soldiers of said sub-legion

To which charge I plead not Guilty

Andrew Louck sworn said he saw me sell liquor to a soldier a few days before without a permit (he could not tell to whom nor when where & I believe he swore false)

Henry Sexton was sworn & said that he was sent by Saml

⁴⁸ Cf. a similar order by General Wayne, March 21, 1796, in the Mss. Collection of the Hist. & Phil. Society of Ohio.

Brown with a paper he did not know if it was or was not a permit on which he got from me a quart of Cherry bounce.

Humphrey Gerry was sent after & swore he was with Sexton & drank of the liquor He swore that Sexton got two quarts at several times but he was unable to say whether he had a permit—he had some papers

Brown was then sent for & swore honestly that he had been a good customer & had wrote that he was unwell & wished me to send him a quart of cherry bounce & that I did so.

Lieutenant Andrew Gregg who was the informant & swore that there was on the evening of the 3d much irregularity intoxication amongst the soldiers of the company he belonged to & that he was informed they got their liquor from me.

This is the substance of the testimony there was other inclement matter recorded in the proceedings but nothing relevant is here omitted. The Court found me guilty & under the 23d Article & 13th section of the rules & articles of War sentenced me to forfeit all the liquors in my possession & to go from the legion without the privilege of ever returning to it again in the capacity of a sutler.

On the eighth at night I found some person again in my store but he escaped with my pocket book & a few dollars notwithstanding the centinel & a number whom I had called to my assistance

On the 11th my sentence was read on parade I had only a few gallons of brandy on hand & they did not take it— I believe the greatest injury sustained was to myself in my own feelings.

On the 15th of April Captain Benham & Andrews arrived at Greenville They did not then nor had they any reason to find fault with me— the prices of articles here were as follows butter cheese sugar a third of a dollar per pound—flour ten cents, whiskey a dollar a quart, & other articles—the prices of which I have forgotten. ⁴⁹ Capt Benham had written to me to inform him with a kind of estimate of the goods on hand & I think I mentioned "without being particular" or without taking the trouble to measure or weigh— I wrote in answer & set down as near as I could guess in this way about one third of a barrel of Coffee

⁴⁹ The Cincinnati corresponding prices were: butter, 1s per lb.; flour, £1. 4s to £1, 10s per bbl; sugar (probably maple sugar), 1s 10d per lb.; whiskey, 5s per gal.; coffee, 2s 6d per lb. Smith & Findlay Accounts, 1794, in Torrence Papers, Box 56, No. 2, property of the Hist. & Phil. Society of Ohio.

one keg of Cherry bounce & a few gallons in another & so on. One of my kegs was tapped through the wall afterwards & half lost It seems Andrews had made a lump bargain with my uncle & had taken all the stores on hand. I never knew their bargain nor was I acquainted with the man He might have been deceived by my statement of the goods on hand there might not have been as much for instead of one third there might not have been more than a fourth of a barrel of Coffee & of some other articles in the same way & half a bushel of Coffee at a dollar per pound & other articles in proportion, being deficient would make considerable difference. I am entirely ignorant whether there was less or more than I so carelessly inventoried I supposed they wanted the statement only as a guide in making their purchases to keep up their assortment I had lost great part of my clothes left Greenville penniless & Andrews having made a bad bargain or affecting to have a bad one charged me to my uncle with having embezzled some of the property I was chagrined very much on account of the sentence & am sure I would not have asked so much to dispose of the property had it been my own I was heartily sorry I had done it for the interest of so ungrateful a scoundrel I took some pains to convince my uncle of the falsity of the charge & I feel confident he knew that I was the only real sufferer in every point of view whether he forgot that it was he that had engaged me, or thought of my wages I know not, but he never spoke to me about them & I felt too ambitious to crave them.

16th April I left Greenville with an escort & some brigades of packhorses I think Major Mc Mahan commanded the detatchment; we came this day to Fort St Clair— This fort was built in March 1792.

17th We came to Fort Hamilton & myself & the store-keepers lodged at Captain Grier's

Friday April 18th 1794 Came to Cincinnati & was summoned on the petit jury— I think I served about two weeks in court

May 16th 1794⁵⁰ Engaged in the Contractors employ & started on the 24th with Hugh Wilson Commissary John Henry

On the 29th we landed at Fort Steuben opposite Louisville engaged Moses Oliver a pilot to take us over The boat in which Wilson was run aground & we brought a keel thro' the falls next day & lightened her & brought them safe over.

June 2nd & 3rd The Major had several boats broken up to line the others so that the balls might not pass through in case of an attack

On the 4th The major arrested Captain Guion⁵³ & sent him back & left Mrs Doyle here & proceeded some distance when one of our Indians died & we halted to bury him with the honors of war We had orders to keep in exact order No 1 the Majors boat No 2 His kitchen boat No 3 The Surgeons boat The Artillery boat No 4, a boat with hogs & forage No 5, Wilsons boat No 6, our No 7, The Indians No 8, Cattle boat No 9, & the Lieut my friend Gregg brought up the rear with No 10. On the 8th we passed the Yellow banks about three leagues below the hanging rock three families settled here. This is the first settlement below Salt river & there are only two below to wit at Red Banks & at the Diamond island Station⁵⁴

9th We Passed the Red Banks & Diamond island Station &

bot some fowls not quite as large as a pigeon at 25 cents each full grown fowls sell in Kentucky at six cents

10th Began to stop occasionally & cut pickets & put them on board to be ready to set up on our arrival at Massac

11th Cut more pickets met a Mr Sala & family & three young men going up from the mouth of Cumberland to the Red Banks who concluded to turn back with us We passed the Wabash at dark at Saline we observed a fire on shore & hailed when two Canadian French hunters came to us with their canoes loaded with skins bears oil & dogs Mr Wilson bought 32 gallons of bears oil which they had in a bear skin suspended in their canoe, one of these was a native of France the other had lived this savage or hermits life 26 years through this wilderness from Vincennes to Illinois—before morning we found three others who went with us to hunt for us

12th We passed Cumberland & Tennessee rivers & landed at Massac in the evening The Soldiers put up pickets in a circular form at the upper corner of the old works & brought up the Artillery & ammunition & we were in a good posture of defence before daylight next morning

We were detained at Massac unloading & without any opportunity of seeing the Country until the 3rd day of July when we had passage on board of the Majors boat which was sent with a sergaent & twelve men to the falls for Mrs Doyle Came above the mouth of Tennessee

The land about Massac as far as I was out was not superior to second rate. The bottom full of Cypress timber & where there was not much timber of that kind the roots & knees appeared. The upland was of that kind of soil natural for wheat. The timber the various species of oaks & hickories pecan Locusts Poplar beech etc. The face of the Country tolerably level & covered with brush as well as timber.

July 4th came some distance above Cumberland river

5th Came above the big cave or rock & cave It is on the Indian side⁵⁵ of the river, is shaped somewhat like the inside of a Bakers oven about sixty five yards from the front to the extremity within & at the mouth twenty five yards wide The bottom is uneven & descends toward the river it is perhaps below high water mark at the highest floods the sides contain

a vast catalogue of the names of such as have visited it with dates of many of the names & some of them remote

6th We passed the Saline & lay opposite the mouth of Wabash We have very rainy weather & disagreeable company.

7th Got to Diamond Island Station

8th Came to Red Banks.

9th We determined to quit the boat & travel the remainder of the way by land & made preparations to set off in the morning.⁵⁶

On the 10th We left Red banks our company consisted of Mr Gahagan Aaron Connor myself, & a Mr Overly from Vincennes who undertook to pilot us We relying on him did not start out of town in the right trace but he assured us that it was to our left & we would fall into it shortly We travelled until night & found no road & encamped He concluded that we might be to left of road leading to Vienna on Green river which was the road we intended to travel, but said that there was a road still to our left that would strike Panther Creek about ten miles up from whence it lead to Hardens⁵⁷ settlement which although more dangerous & less travelled was nearer than the other. This place is a refuge, not for the oppressed but for the horse thieves, rogues and out-laws that have been able to effect their escape from justice in the neighboring states. Neither law nor gospel has been able to reach here as yet. A commission of the Peace had been sent by Kentucky to one Mason and an effort to introduce law by the South-west Territory was made (for it was unknown as yet to which it belonged) but the inhabitants drove the persons away and insisted to do without. I enquired how they managed to marry and was told that the parties agreed to take each other for husband and wife before their friends as witnesses. I was showed two cabins with a street running between where the men had some time ago exchanged wives. An infair was given this day by the aforesaid Mason to a fellow, who had escaped from Carolina for crime and had run off with Mason's daughter to the Diamond Island Station a few weeks before. The father had forbid the man, whose name was Kuykendall his house and threatened to take his life, but had now become reconciled and sent for them. The parents and friends were highly diverted at the recital of the young couple's ingunuity in the time of their courtship and laughed heartily when

the woman told it. She said she came down stairs a while after all had retired to rest with her petticoat over her shoulders and returned with him thro' her parents room, the petticoat being around both and she brought him down in the same manner before daylight in the morning.

This Kuykendall, I was told, always carried in his waistcoat pockets "devils' claws" instruments or rather weapons he could slip his fingers in and that could easily take off the whole side of a man's face at one claw. He was a terror to this people and although we left them holding their frolick, I afterwards understood that he was killed by some of the party at the close of the ball. Mason a few years afterwards with his sons and others formed a party and waylaid the road between Natchez and Tennessee and committed many daring robberies, and some murders if I recollect aright. An armed party was at length sent against him and killed some and dispersed and broke up the band. I was informed that many boats had been robbed by the Red Bank people and many persons swindled out of their cargoes and as there was no law there, they would add insult to injury by laughing at the credulity of the dupes.⁵⁸ This short sketch will afford a picture of human nature where the society is unrestrained and without the control of religious principle, or the regulations of civil polity, where the strongest tyrannizes over others, until the weaker combine and assassinate, usurp the rule and tyrannize in turn, where there is no security even for life, nor no redress for injury, where man knows not the meaning of the sacred name friend in reality, nor the enjoyments of social life.

11th We came to Green river about 10 oclock & each got an armful of wood sufficient to bear our clothes & gun secured by a vine which we held in our mouths & drew after us swimming the river Mr Overly was now of opinion that we was a great way up the river above where the road crossed that lead to Vienna That we were of course now between the road & the river & could not go wrong We accordingly took the course he advised occasionally looking at the compass & at about 3 oclock P. M. came to the Ohio at the hurricane island⁵⁹ a few miles below the yellow banks we immediately knew where we were—broke Mr Overly of his commission as pilot we came to the Yellow banks & lodged & got some victuals to take with us

⁵⁸ Cf. Cumings, Western Tour, p. 243.

⁵⁹ i. e. Little Hurricane Island. Hurricane Island proper is about 120 miles further down the river.

12th Started for Hardings [Hardin's] settlement It was unknown by the people here or ourselves whether any white person had ever been through before us— We kept up the river to the mouth of yellow creek & then travelled due East & came thro' a pretty country today the land rich well watered & well timbered

13th Travelled E. by S. over poor land rather broken & brushy timber oaks ashes hickories & chestnut & Game very plenty Started a large gang of Buffalo today but could not get in sight of them—on passing a tree whereon were three cubs a very large she bear attacked us quite abruptly our guns in so bad order from wet weather that not one went off The Bear made off in a few minutes & we could not get a shot at her as she kept round at some distance & the brush was very thick We killed the young ones & encamped to roast them.

14th Travelled due East through a very broken country discovered an Indian track where he had crossed our route just before us & came over a level extending about a mile to a precipice crossing our course at right angles—the rock projected a considerable distance over the level below which was about 100 feet from the top of the rocks. We turned to the left & found a hollow & a hickory tree the limbs of which reached the top of the rock at this hollow. We threw down our blankets & hooked the limbs of the tree to us & slid down with our guns. The caves extended a considerable distance under these rocks where the rain had never wet the earth which was strongly impregnated with nitre. There was no water falling over these cliffs at this time, but had at times & which had washed fifteen feet deep from whence at this time issued beautiful rivulets of good water. Came this day to Hardings [Hardin's] Station without altering our course

15th Travelled forty miles this day to Mr Van Metres the first setler in Severns valley. The first five miles was through woodland & the remainder of the way led through barrens full of sink holes the water courses running under ground. In the middle of these barrens is the big spring. It issues in a sink hole in a plain, 20 or 30 feet below the level of the plain, runs about 30 yards to a subterranean passage between this sink hole & another; the passage is about 5 feet in height & fifteen in breadth & tolerable smooth & regular & about 20 yards in length; The stream is about 12 feet wide & half a leg deep very cold & runs with a rapid current. It then runs considerable fall about 100 yards & sinks amongst broken & irregular rocks. One solitary

oak stands near this spring as if to invite the weary traveller to rest under its refreshing shade. We fired at a deer on these plains & there being nothing to reverberate the sound or afford an echo the report was similar to a rap on a shingle.

16th We left Mr Overly, crossed one branch of Salt river

& came to the Long lick

17th Crossed Salt river came by Bullits lick & to Major Wilsons plantation near Manns lick where we rested three days & Mrs Wilson purchased a horse for the Contractors which she sent by us & on which we carried our luggage & one rode alternately

21st We travelled through a fine country & came to Mr Tylers on the waters of Bashears creek in Shelby County.

22nd Came to Kentucky river & lodged at an old acquaintances Mr Brian opposite Frankfort

23rd Came to Georgetown & fell in with a party of packhorses purchased for the Contractors & got each one to ride by leading one; came about eight miles further & encamped

24th Came to Littles on dry ridge

25th Got to Allison William's on Bank lick creek

26th Arrived at Cincinnati & received the news of the defeat of a detachment of our troops at Fort recovery (where Gen. St. Clair was defeated) and that the brave Major Mc Mahon Capt Hartshorn, Lieut Craig & Cornet Torry with 17 men were killed⁶⁰

28th I started with a drove of Cattle for Greenville, where my brother was who I wished to see; & went this day to Fort Hamilton

29th Let our Cattle graize in the Great prairie

30th Came to Fort St. Clair

31st To Greenville. I found my brother in good health & the works at Greenville entirely altered A Citadel was built where the laboratory was formerly & the stores all moved except three

August 2nd 1794 Six of us left Greenville & came three miles past Fort Jefferson on our return

3rd passed St. Clair & Hamilton & lay at Charles Bruces below Hamilton

4th Arrived at Cincinnati & was attacked with the bloody flux with which I lay low until about the last of this month when after paying my board doctors bill & for some necessary clothing

⁶⁰ Cf. American State Papers, Indian Affairs, I, 487-489.

I had one dollar left, & was so weak I could just make shift to walk

20th August. On this day the victory was gained by General Wayne over the Indians at the rapids of Miami of the Lake Had I got home from Massac a few days sooner & not had the late spell of sickness I should have been with the spies on this campaigne some of whom had come for ammunition to Cincinnati as I arrived & strongly solicited me, but my feet were almost worn out as well as my clothes they had to return on foot & I was neither prepared nor able to stand the journey.⁶¹

On the 6th of September⁶² there was several droves of Cattle arriving from Kentucky for the winters provision for the army I feared that I would not have strength to perform laborious service during the winter. I was out of money & if I did not go with these Cattle I knew of nothing I would be able to do. I fancied I should be able to ride if I could get a horse that travelled smoothly & although my friends insisted that I was unable to go I went to the Compting house & offered to engage The Clerks were hiring the best hands at twelve dollars per month & would give me no more whereupon I went to the house where I found Mr Elliot Mr Williams & Major Wilson I told them that I had been long in their employ that many hands remained at their charge while sick & were continued at the same wages for which they had engaged—that I should have been out at the outpost at fifteen dollars had I not been taken sick- I had remained at home on my own expenses & was now ready to enter their service & thought it not unreasonable to get the same wages which those whom I left in the service received & which I had heretofore received they readily agreed to it & I got me a good horse & went with a drove to Mill Creek

On the 7th Some of our hands returned to Cincinnati & others took the drove out to graize I was so indisposed as to be unable to stir & was permitted to keep camp

On the 8th Another drove had arrived last night & I had become so far recruited by resting yesterday that I was able to ride & we took our drove to Fort Hamilton on the ninth we took our cattle out about a mile to graze I was barely able to ride this distance. The weather was pleasant & I lay in the shade all day—having formed a line of Centinels on the ride

⁶¹ Cf. American State Papers, Indiana Affairs, I, 491-2.

from the river we easily kept the drove within We continued here until the 21st by which time we had received additional droves & I had become able to perform my duty without being very much fatigued We took about 400 bullocks to Fort recovery where we arrived on the evening of the 24th & met Major Price with his select corps of mounted volunteers who had been sent to hurry on some beef & I took charge of 120 bullocks & started with him on the morning of the 25th & on the evening of the 27th arrived at Camp⁶³ & found the army without beef or salt

On the 29th the remainder of the drove got in, 331 in number & I was left with nine men to take charge of them until the 10th of October when another drove of cattle & sheep got in The army eat 10 beeves per day issued regularly in rations & the Kentucky militia destroyed at some times about as many more This gave our party considerable trouble & occasioned some hard swearing of General Wayne to the great terror of the Commissary

Oct 12th The Kentucky Volunteers left Head quarters I suppose gratified with the prospect of seeing their homes & their friends & their absence was not regretted by me

About this time my horse had been stolen & I could get no other but one badly abused & broken down with a miserable sore back which I took great pains to heal & for that purpose kept something to it during the days covered with my blanket Our provisions were frequently stolen & we left to fast a day at a time I had not yet gained my strength & was very peevish & irritable I had considerable share of Misanthropy & one morning I had fixed my blanket on my horse & began to entertain hopes that I should be able to ride home & was just starting with the drove to graze when the rascal broke loose run down the line & crossed the Miami [Maumee] I run my best but could not get him The river was deep I was warm & thought it imprudent to wade it. I felt as sure as possible that my blanket & surcingle was already gone I fancied that this was a rascally world that an honest man had no business in it, that without sharp elbowing no man could get through life & I determined for the future to

fight my way like others with force of hand I resolved on remunerating myself for my own losses from anything of value that fortune & opportunity should throw in my way without respect to persons I borrowed a horse & went in pursuit of mine I had got a mile or two down, on the opposite side of the river when a fine black gelding was following me with a collar & buckle & dressed leather tug halter on I stopped & took it off in part for my surcingle & had seen a new bridle laying near where a horse was grazing in some bushes near the river I thought of driving the horse off to a little distance & if no person noticed it should conclude the owner was out of sight & would take the bridle—however when I returned I saw the man—when I came to the bridle I could not find my horse & returned

After a short time one of the spies who knew my horse found him & brought him to me with the blanket & surcingle all safe. I had then no excuse for taking the neck halter I had no account to place it to. I was unable to return it for I knew not to whom it belonged. I wore it constantly on my horse in hopes the owner would at some time see & challenge it, that I might restore it but no person ever claimed it & I fortunately kept it for several years I never suffered so much in mind by any circumstance of that nature, nor received a lesson of more importance or that I felt more.

On the 27th the Fort was finished & called Fort Wayne four or five companies marched into it & we fixed the cannon & small arms on that occasion & in token of our success in the late victory over the enemy & in taking possession of their Country The residue of the army then on the same day marched for winters quarters & took General Harmars⁶⁵ old trace up the St Marys

On the 30th The army being at a short distance from Fort Adams⁶⁶ I took six beeves & three sheep & delivered them to the Commandant We encamped at Kettle or Gerty's town⁶⁷ 55 miles from Fort Wayne & 36 from Greenville

2nd Arrived at Greenville & lay there the 3rd & 4th & on the 5th the packhorses were ordered to Fort Hamilton & came in with them & arrived on the 7th at Cincinnati

The whisky run boys or insurgents from Fayette Washington Westmorland & Allegany the four western Counties of Pennsylvania were arriving at this time Daniel Bradford⁶⁸ the principal leader in the Western insurrection was said to have passed alone in a canoe—twenty five came down in a ferryboat

Nov 9th I started with another drove for Greenville & got back on the 16th

Dec. 6th Went with another drove as far as Whites Station on Mill creek & on the next day to Fort Hamilton where I continued until the 17th here another drove joined us & we took them to Greenville & got back to Cincinnati on the 21st & settled with the Contractor on the 27th

On the 17th instant Israel Ludlow laid out a town at Fort Hamilton & it was first called Fairfield⁶⁹

January 5th 1795 I entered into partnership with my brother in law Jerom Holt I made sugar cleared ten acres of ground for Captain John Schooly on Mill creek & we were in partnership with Mr Schooly in a wagon & team of six oxen which Holt drove in the Quarter masters employ from Fort Washington to the outposts I worked hard & had about as much when we quit as when we began & lived poor & was very ecconimical

On the 3rd day of August the Treaty was held at Greenville between General Wayne & the Indians on the North of the Territory & the lands were ceded to the United States from old Fort Laurence [Laurens] to Lorimiers [Loramie's] Store to Recovery & thence to the Ohio opposite the mouth of Kentucky river with sundry reservations On this day I engaged to write in the Recorders office for Capt George Gordon Register of Hamilton County—near the last of this month his excellency Gov St. Clair & the honorable John Cleves Symmes left this place

on a circuit to the Illinois I had very little to do in the office & as the opportunity offered I embraced it to see the country north on Madriver & between the Miamias Gov. St. Clair Gen Wilkinson Jonathan Dayton⁷⁰ Speaker of the house of representatives in Congress & Israel Ludlow on the 20th of August (only 17 days after the Treaty) had contracted with Judge Symmes to make settlements one at the mouth of Madriver, & one on the little miami in the seventh range, in consequence of which he relinquished his claim to them The Surveyors set off on the 21st of September Mr Daniel C Cooper to survey & mark a road 71 & cut some of the brush & Captain John Dunlap to run the boundaries of their purchase which was the seventh & eighth ranges east of Madriver. I went with Dunlap. There was several stations by this time on Mill creek I think they were as follows Ludlows, Whites, Tuckers Voorheis's & Cunninghams the last was eleven miles from Cincinnati We came to Voorheis's & encamped

In the morning Mr Cooper & his party proceeded with the road & our party took Harmars old trace⁷² in company with a Mr Bedell⁷³ who had a wagon with provision & tools & was going to make a settlement a considerable distance in advance of the frontier which was afterwards called Bedells station & lay a few miles West of where Lebanon now is

23rd Sept. We run from the N. W. corner of Mr Bedills section four miles East thence 2 miles North to the line between the 3rd & 4th ranges of townships which had been run by Capt Dunlap in 1788

24th run 9½ miles North through level land, not very well timbered & very brushy.

25th made our 18th post on our meridianal line which was on the South boundary of the 7th range⁷⁴ & run thence one mile

& a few chains West to the Great Miami river running at this place nearly South

26th This morning our horse was missing he had been well secured We hunted for him all day but never found him & supposed the Indians had stolen him. It was very rainy this day.

27th We carried our luggage up the mouth of Madriver about 30 rods up Madriver we found a camp of six Wyandott Indians We were a little alarmed at each other at first but they behaved very friendly They gave us some venison jerk & we in turn gave them a little flour & tobacco & several other small articles I exchanged a large knife, scabbard & belt that I had carried for several years for a less valuable one to one Indian & he gave me his with a wosted belt & a deer skin to boot, we had not been here long until Mr Cooper & his party arrived

28th Some Kentucky men who had come with Mr Cooper to view the Country went up Madriver & found the weeds so high & so many vines that they could not see the land & became discouraged & returned to Kentucky Mr Cooper returned to make some alterations in his road & we meandered a short distance from the nouth of Madriver down the Miami

29th finished meandering the Miami to our West line & commenced at the 18 mile post on our meridional line & ran East three miles on the South boundary of the seventh range & North of the sixth

30th run to Big beaver creek which we took for the Little Miami & found the distance from our meridional line 9 miles & ten chains

Oct 1st Commenced at our last mile post & run North 9½ miles through some fine prairies & good woodland & encamped on a handsome creek afterwards called muddy run a little above where Mercer afterwards erected a Station & where Fairfield has since been laid out.⁷⁵

2nd Struck Madriver running nearly West at 10 miles & seventy chains We sent our packhorseman & hunter William Gahagan & Jonathan Mercer the former of whom was the hunter to cook at the mouth of Muddy run against we got there but we had to make two miles & a half easting to get one mile & ten chains North to the Northern boundary of the eighth range & to meander all that distance again down so that it took us all

day nearly to get to them & when we found them some Indians had robbed them of the most of our provision & menaced their lives

3rd We continued meandering down the East side & prairies laying to our left It rained very hard & the Surveyor got his paper all wet & was about stopping We had about a pound of meat & though nearly done our business were thinking of setting off for home I undertook to keep the field notes & fell on the expedient of taking them down on tables of wood with the point of my knife so that I could understand them & take it off again on paper

4th meandered to the mouth & eat our meat & then set off in a hurry for home, went 7 miles to Holes creek

5th Came to Cunninghams 34 miles fasting & got a large pot of mush & milk at John Clawsons & we all made a hearty meal on it

6th Arrived at Cincinnati & wrote for some time again in the Registers office and went again to Madriver about the first of November On the 4th Israel Ludlow laid off the Town at the Mouth of Madriver & called it Dayton for one of the proprietors a lottery was held & I drew lots for myself & several others & engaged to become a setler in the ensuing Spring⁷⁶

April 1st 1796 Landed at Dayton after a passage of ten days Wm Gahagan & myself had come with Thomson⁷⁷ & Mc Clures families in a large pirogue.

During the preceding winter two or three setlers had arrived here—several families had setled Holes Station where Miamisburg now is—a few persons had settled at the big prarie two on Clear creek on our road & several were scattered about the Country lower down. This spring a Settlement was made by Jonathan Mercer 8 miles up Mad river one at the forks called Chribbs' Station one at the Mouth of Honey Creek & one at the old Piqua on the Miami⁷⁸

I raised a very good crop of corn this year & in August took the ague severely & did not get able to labor until Spring I received my pay for my possessions In Cincinnati which I had sold

—thro' my indisposition & other misfortunes & the high price of provision & labor I sunk the price of my lots my corn was mostly destroyed & I was about forty dollars in debt I gave eighty dollars for a yoke of oxen one of them was shot twenty dollars for a cow & she died flour cost me nine dollars a barrl & corn meal one dollar a bushel at Cincinnati & other articles in proportion & the transportation to Dayton was two dollars & a half per hundred weight

When I came to Dayton it was my intention to settle myself permanently & for this purpose I had paid my address to Sarah Lawson Kemper second daughter of the Reverend James Kemper near Cincinnati⁷⁹ She was a worthy girl, but my circumstances were now so changed, & my prospects of supporting a family so gloomy that I was compelled to abandon my favorite anticipations of happiness This adventure facilitated an acquaintance between me & her cousins the Kempers who afterwards figured in the affairs of West Florida⁸⁰ a correspondence between Reuben & myself continued for some time Major Doyle under whose command I descended the river to Massac had retired from service & was now living at Cincinnati & had intimated to Mr Kemper that he believed I was an enemy to him The story that gave rise to his impressions is as follows When we descended the river the boats were numbered as I have before stated & we were ordered to keep our places³¹ Ours was heavily loaded & weak in hands so that when rowing we could not keep up & when we drifted we out went them We ought perhaps to have made a proper representation to him of these circumstances at the time but he had sustained the character of being haughty arbitrary & imperious & was called King Doyle when he commanded the post at Hamilton so we thought it would be of no use & we kept the current at night which took us sometimes ten miles ahead against morning. It would then take the other boats with hard rowing half the day to overtake us The men by this time would be pretty much fatigued & we could manage very well to keep our place until night. We generally received a hearty volley of execrations for our disobedience of

his orders returned mild excuses & determined to repeat the offence Capt Guion had been arrested & sent back Lieut. Gregg was a poor tool & was not my friend Wilson the Commisary I had partially known when he was a very snotty-nosed boy & whilst he lived with his parents Old James & Margaret in Washington Pa. He (like most persons of narrow minds) was very much uplifted & bloated with self importance assumed the command over us & would have wished us to have waited on his person We of course despised him did our duty in our own boat & refused any other service. This occasioned him to make frequent complaints to the major on trivial eccasions without having any real cause to censure us but which served to excite prejudices On the 26th June 1794 a number of men enlisted in Tennessee under officers commissioned by citizen Genet the French ambassador in the United States as they said having nothing to do had volunteered to escort some salt boats from the mouth of Tennessee to Nashville & thro' curiousity had come down to see us—but perhaps their real object was to examine our force & posture of defence My companions were acquainted with one of the men—they solicited us to go up with them & although it was a circuitous route we concluded to take it believing it the safest & not knowing when another opportunity might offer Connor had a public rifle & went up to give it to the Major & inform him of our intention Wilson had already been complaining The Major cursed Connor struck him in the face & ordered him under Guard & at the same time ordered a Corporal & file of men to bring them damned rascals out of the boat to the Guard house The orders were given in our hearing The Corporal came with his guard into the boat & having been acquainted with me for some time delivered his order to me & as I discovered with some reluctance I was loth to submit to the power of Military tyrants strongly prejudiced against me & whose situation in fact prevented their being accountable for almost anything they might do I determined rather to risk my life—my plan was that if I saw myself near the Guard house to spring from them suddenly to a thicket within six rods of the Guard house, amongst the soldiery I knew I had some friends & I determined to risk their fire I further determined to have my arms with me to support & defend me on my way home which thro' a wilderness of several hundred miles I should then view as a light undertaking Mr Gahagan was engaged in putting on his mockasons or something that detained him & I seized the

moment of their delay to speak to the Major who was walking backward & forward on the top of the bank With my gun in one hand & tomahawk in the other, a knife eighteen inches long hanging pendant at my side dressed in a hunting frock breech cloth & leggins My countenance perhaps betraying some degree of excitement. I leaped out of the boat & with a very quick step almost ran up the bank to the Major I have no doubt that I looked like a savage The Major mistaking my object & intention was alarmed & had no time to call for assistance—as I approached near him he retreated & I believe had almost a mind to run—as I advanced near him he turned assuming a gentle voice & manner bid me Good morning I stopt & paid him the same compliment & asked him if he wanted me He observed that he understood we were going to leave him that his boat would go to the falls after Mrs Dovle which would afford us a better opportunity of getting home & would start in eight days that his party was weak & had hard service to perform—that we ought to stay until our boat was unloaded— that it had been customary for the troops to build store houses & assist in unloading but it was not their duty—that his troops were engaged in building a Fort & were unable to assist us as much as he would otherwise wish but that both his team & men should assist all in their power & if we were as far accomodating we would sometimes assist them I told him our instructions from the Contractor Mr Elliot were to return by the first opportunity if it should offer as soon as we had made our boat fast, that we thought we were obeying his instructions & had known of no other opportunity likely to offer, that it was always my wish to perform my duty for the interest of my employers to the utmost of my power I owned that his boat would afford us a more direct & safer passage & that I was perfectly willing to stay & had no objection against assisting occasionally about their works at least as much as he should assist us in unloading— By this time Mr Gahagan was asscending the bank under the guard The Major bid the Corporal to let the men go & discharge the one at the Guard house. I performed my promise & so did he but we found the company of the soldiers disagreeable & left them at Red banks which I suppose induced him to believe I remained unfriendly to him I saw him soon after he had hinted his opinion to Mr Kemper & he introduced the subject An explanation took place & we parted on very friendly terms He informed me that at the time above alluded to he had information that

200 Indians were lying at Cape Girardieu soliciting the assent of the Spanish Commandant at that post to permit them to attack us.

On the 26th of April 1797 I moved to Little Beaver Creek about seven miles from Dayton & boarded with Joseph Mooney I raised a crop & the expense & profit of which is as follows

To two months labor myselfpounds	7.10.00
Provision	6.00.00
Cooking & washing etc	3.07.06
To cash paid Isaac Mooney for work	0.17.06
To ditto to Jos Mooney & Leachman fords	1.00.00

This may shew the disadvantage of trusting business to disinterested persons & the necessity of our own attention to our business. On the 16th of October I engaged & started from Cincinnati with Israel Ludlow & William C. Schenck Surveyor to survey the United States Military lands between the upper parts of the Scioto & Muskingum rivers—our district was about forty miles square next Scioto I was two months & twelve days in this employ at half a dollar per day. Our route was past Columbia & Newtown on the East fork of the Little Miami & thence to the falls of Paint Creek where we fell into Zanes' road⁸² from Wheeling to Limestone lately opened thence to Chillicothe another new town setled by a few persons in the spring previous thence the Indian path up the Scioto to the forks where Franklinton & Columbus now are We commenced our survey a little way above the forks. The lands from the little Miami to Scioto is generally second rate mostly flat & wet On Paint & Scioto there are fine rich bottoms Our survey is mostly flat & wet & not well watered-on the North fork of Licking there is however some broken thin land well watered We discovered two salt springs On Whetstone & Allum Creek are many slate banks impregnated with allum & copperas & a kind of stone resembling iron when broke but containing so much

sulphur as to evaporate in smoke on a hot fire. We had a deep snow covered with crust the weather was cold & still so that we could kill but little game & were 29 days without bread & nearly all that time without salt & sometimes very little to eat We were five days seven in company on four meals & they except the last scanty they consisted of a turkey two young raccoons & the last day some rabbits & venison which we got from some indians At the Forks of Scioto our company parted & Capt Abia Martin & Capt John Brown whose daughter afterwards married General Pike⁸³ & myself steered Westward for Dayton We came to Buck Creek above where Springfield now is, having travelled as we suppose about 45 miles through a prairie country.

1798 Feby 13th I commenced the study of Surveying at Cincinnati & boarded at Capt Benhams & was promised a district. in the United States lands by Israel Ludlow who had the power of filling blank commissions from the Surveyor General but who as on a former occasion never fulfilled his engagement—after I had got through my studies I assisted Avery in his Tavern during the sitting of the Court for some time, afterwards I posted Books for several persons, paid one visit to Madriver & in the fore part of July wrote a short time in the Quarter Masters office in Fort Washington. During this time Gen Wilkinson moved out with the Garrison & he sailed for Natchez Capt Shaumburgh for Fort Massac & left Sergaent Ambrose Whitlock (who was soon after promoted) & four or five soldiers. I had been waiting all summer to get my job of Surveying & was dissapointed & put off from time to time I was now put off until the first frosts should commence when I was to go with Mr Ludlow to begin at Lorimiers [Loramie's] Store so I concluded to return to Dayton & on my arrival there dug a pit for a saw mill for Mr Cooper & had a fit of sickness I suppose I caught cold from profuse perspiration in so cold & damp a place as I dug My sinews were swolen & drawn up as in the Cramp I had a high fever & when I began to recover a little took the pleuricy which near finished me

1799 I had been obliged by necessity to sell my preemption rights to our lands & by which I was enabled to purchase a creature I rented some ground at Dayton & raised an excellent crop of corn boarding in the meantime with my brother in law

Jerom Holt On the 1st of Sept I commenced teaching a small school⁸⁴ I had reserved time to gather my corn & kept school until the 1st of October I got my corn in the first week in Nov Through the recommendation of my uncle85 who was a representative for Hamilton County in the first Territorial Legislature under the second grade of Territorial Government I was written to by John Reily Esq. 86 Clerk of the house of representatives to come down to Cincinnati & assist him I wrote with him until the assembly adjourned which was a few days before Christmas On the 2nd of March in this year Congress passed the first preemption law granting preemptions to purchasers & setlers between the Miami rivers who had contracted with John Cleves Symmes & his associates It provided that they should lay in their claims with the Secretary of the Treasury of the United States or the Surveyor General pay one third of the purchase money in hand & the other in two equal annual instalments, but three or four persons entered their land under this law.87 In July & August the Indians were counciling & evinced an unfriendly disposition The British & French among them had made them dissastisfied with the cession of their lands & with the boundaries Block houses were built at Dayton & all through the Country & the people became considerably alarmed. I returned to Dayton & kept school about three months longer

At the late Session of Legislature an act was passed by the Council & house of representatives dividing Hamilton Co. into four The Governor denied that the legislature had the power & the act was negatived by him At the close of the session an adulatory adress was formed to John Adams Pres of the U. States⁸⁸ by members who in a short time after assumed to be leading democrats & thorough going Jeffersonians which was so filled with flattery (by Peter Pindar⁸⁹ called Oil of fool & on

this occasion called Bears oil) that it was opposed by the staunchest federalists I did not understand at this time sufficient of the political controversies in our own republic to form an opinion of them I had never made politics my study further than this, that the evil dispositions of men made Governments & laws necessary that power was delegated to men possessing passions & prejudices & liable to imposition ambitious & fond of power. That all public officers are public servants, that they ought to be supported, but the people ought ever to be jealous & watchful of their rights & oppose the encroachments of power & usurpation I always felt at least for the persecuted & remarking the shifting & sycophancy at the time of Mr Jeffersons elevation to the Presidency perhaps induced me to rank among the Federalists—but I have never supported either men or measures because they were of this or that party & indeed I have always been averse to every man who is warm or violent of any party, believing that party measures are destructive of the general good

1800 This year I raised a crop of corn & determined on setling myself & having a home & accordingly on the 28th of August married Mary Whitten daughter of John Whitten near Dayton⁹⁰ She was young lively industrious & ingenuous My property was a horse creature & a few farming utensils & her father gave her a few household or kitchen utensils so that we could make shift to cook our provision, a bed, a cow & heifer, a ewe & two lambs, a sow & pigs & a saddle & spinning wheel I had corn & vegetables growing. So that if we were not rich, we had sufficient for our immediate wants & we were content & happy.

I engaged to write for Mr Reily again this year The Legislature met at Chillicothe on Scioto I put up my corn & set off for Chillicothe on the 2nd of November & arrived there on the 4th The assembly convened on the 3rd & set until the 9th of December when the Governors term of office expired No other appointment had arrived & it was the General opinion that the ordinance would not authorize the Secretary to act in this & that of course it was an interregnum The Governor adjourned the Legislature on the 9th Previous to this his Excellency appointed me Surveyor for Hamilton County I came on the 11th to Mr Lintons at the round praire on Deer Creek being the upper settlement from whence it was 45 miles to the first settlement

near the little Miami—on the 12th it was very stormy & I did not leave there. On the 13th I left there & found the travelling very bad, made about 30 miles against sunset & endeavoured to strike fire but could not effect it & pushed forward. I got to the settlement a little before day & had my feet badly frozen Arrived at home on the 15th

1801 This year I planted corn in the bottom opposite Dayton & afterwards took in the returns of taxable property in Dayton Township which was all the Miami Country from the fifth range upwards The number of free males 21 years old & upwards within the Township extending between the Miamies & to the heads of the waters of Madriver & the Miamies was between the rivers 382 West of the Great Miami 28 & east of the Little Miami under 20 A petition was presented to the Governor praying for a new County to be erected from Dayton & a part of Franklin township to which I obtained the signatures It recommended Dayton for the seat of Justice & I recommended for Justices of Common Pleas & Quarter Sessions Daniel C Cooper John Paul & Backus-Prothonotary John Reily of Cincinnati—Sheriff James Miller Esq. or William Maxwell, Coroner Benjamin Chambers-Judge of Probate John Paul Justices of the peace Abel Crawford & Nathaniel Gerard & I solicited the office of County Surveyor for the New County (which Office I held for the old)91

The land offices were opened this year for the sale of the public lands under the late laws of Congress—at Cincinnati in April—at Chillicothe in May—and at Marietta in June. At last session a new law was passed for the benefit of the purchasers & setlers under Symmes & his associates & commissioners appointed to sit at Cincinnati to examine the claims & issue Certificates⁹² It is proper to observe that neither under the former nor this law the proprietors under Symmes for the 7th & 8th ranges viz Dayton Ludlow St. Clair & Wilkinson laid their claim Mr Ludlow who was one of the proprietors & agent for them informed me that they relinquished their claim on account of the rising price that he could not afford to give two dollars per acre & he made this known to the Commissioners (William Goforth James Findlay & John Reily) as well as to the setlers & aided them in supporting their claims I had sold my

preemption rights to out land conditioned that 8s 4d per acre should be the price as the proprietors were bound to me & now took it back & laid my claims & got Certificates for 160 acres & some lots in Dayton for which I afterwards obtained the patents

On the fourth Monday of November (23rd) the General assembly met at Chillicothe & continued until the 23rd of January 1802 I wrote this session for Mr Reily clerk of the House of Representatives Governor St. Clair had been reappointed Governor & Thomas Jefferson now President of the United States

1802 In the latter part of January I returned from Chillicothe by the way of Williamsburgh & Lebanon Mr Lytle93 whilst at the Legislature had politely offered me a copy of the Connections of Surveys in the Virginia Military district next the Little Miami (he having been a deputy Surveyor for Surveying & locating the warrants in that district & as I held the office of County Surveyor I was unable to lay off the lands sold for taxes without them) I copied the plats in one or two days & started for home There had been a deep fall of snow which was beginning to dissolve with heavy rains before I got to Williamsburgh & made the travelling very bad. After I left there the flats were covered with water sometimes to the saddle skirts the creek full & having had neither air nor excercise & being confined to a close room during the winter & with the exposure in such very bad weather & travelling I caught a violent cold I had been in the habit during the winter of leaning against the edge of a table whilst writing until it became sore My cold seemed to settle there in my stomach & right side raising into my breast My stomach seemed to lose the power of digestion when my food reached a certain stage of fermentation it threw me into the most violent pain 'The process of digestion seemed not to proceed further & I have up to this time (1820) had my annual returns of the disorder continuing during the cold weather. is perhaps a dyspepsia.

Before Mr McMillan set off as a Delegate to Congress he had asked my advice respecting establishing the Surveys of the Miami Count^[r]y knowing that I was as well acquainted with them as any other person The persons below the sixth range had settled agreeable to the monumented corners on the lines

run North from the Military or third range No east & west lines had been run & the lines running North having been run by different Surveyors by the time they reached the sixth range some mile posts were about half a mile further North than others the variance decreasing Southward to the Military range from whence they began Yet the people had invariable setled by these monuments Mr Ludlow as agent for the Proprietors under Symmes for the seventh & eighth range had had a standard line run from the third to the sixth range & then run the south boundary of their purchase from his eighteen mile post which cut off in some instances near three fourths of a mile & mostly half a mile from the upper tier of sections in the sixth range He had from this boundary so regulated, commenced his survey of the seventh & eighth ranges & run it into sections. Surveys of all the lands North were regulated again by his, so that had the Surveys been corrected by the Standard line, many of the purchasers below the seventh range would have lost their improvements wherever the improvements had been made in the northern part of their sections quarters etc, and if these old lines had been established & the Surveys of the upper County had been regulated by them all above the sixth range would have fell on different tracts Agreeably to my representation Mr McMillan had the preemption law so drafted that the monumented corners on the old lines were established South of Ludlows line at the South boundary of the seventh range and the residue was to be surveyed as would best accomodate the purchasers 94 I think I was here instrumental in doing a great service to a very considerable part of the setlers of this country.

I had last fall surveyed the Township North of Vevay near the mouth of Kentucky river for Major Chambers (who was U. States deputy Surveyor) into half sections—had assisted him in making his plats & copying his field notes. I also copied the field notes for several townships for Mr Cooper This spring I was obliged by a law of the State passed for that purpose to assist in running the lines between Hamilton Clermont & Ross Counties I met with Roger W. Warring Esq County Surveyor of Clermont County & run the line between the two first. The law required Col. Elias Langham Surveyor of Ross to give notice to the Surveyors of Adams, Clermont & Hamilton of the time & place to meet him He surveyed the lines between Ross

& the other Counties first & had sent notice to me to meet him at Vanmeters on a certain day but he had finished his other lines sooner than he expected & had proceeded on the line between Hamilton & Ross leaving word for me if I came to follow him, but hoping to get through to the settlement on the Little Miami & sending to me in time for me to meet him there As he had so considerable a job he had to provide himself with horses to carry provisions & luggage & had wrote for me to come on foot & bring nothing but my instruments as it would be difficult keeping unnecessary horses at that season When I arrived at Vanmeters he had been gone some days—supposing he might wait at the Little Miami I hurried through on his line wading most part of the way & the next day came home in a snow storm These trips laid me up with my complaint for some time again

I had put up a Cabbin on my quarter section adjoining Dayton & felt no disposition to interfere with public affairs nor had I thoughts of any office If my health would have permitted I should have Labored hard at Clearing ground & beginning to farm, but I was unable to work most part of this summer & necessity forced me out to survey some I found the whole country in a ferment The Scioto people on the passage of the law in the Legislature assenting to a division of the Territory into two States by the Scioto river⁹⁵ had become so exasperated as to raise a mob & committed some excesses & had put every man that could possibly act, under requisition to ride with petitions throughout the State praying Congress to admit us to a State Government & almost every person except some about Cincinnati had signed them Every act of the Governors life public or private was villified His appointments found fault with His arbitrary conduct censured where he had negatived laws which he thought did not come within the province of the Legislature such as the division & making of new counties which he contended the ordinance vested in him etc. There were many office hunters who were crying out against everything in the present order—against all officers their acts their salaries or their fees Our taxes we could not complain of as the greater part of the expenses of Government was paid by the General Government but it was agreed that some how or other we were in a state of vassalage & iron bondage & that it would make better times & we should enjoy so much liberty

⁶⁵ Burnet, Notes, Chs. XVII & XVIII; Laws of Northwest Territory, Vol. 3, pp. 130-32.

On the other hand it was contended by a few that the expenses of Government at present was nothing that when we came to have a Convention Legislature a Governor Secretary Judges etc. our share of revenue for the support of the General Government all to pay our burdens would be so far increased as to be oppressive— The Virginia Military district was setling fast & they had contended that Congress had unconstitutionally prohibited slavery within that district particularly the slaves being part of their families inherited from their ancestors or raised by themselves by motives of attachment as well as their habits & interest they could not part with them or live without them—that Congress might as well in justice rob them of their lands for which they had fought & bled as to render it of little value to them On the score of interest to the Territory they said that on admission of slavery it would induce so many of the wealthy Kentuckians & Virginians that with this flood of migration our Country would be immediately setled & with men of fortune that would by the accession of wealth in the State make the State rich General Posey⁹⁶ & many men of influence from the slave States had waited on our Territorial Legislatures & had pressed the subject endeavoring to influence them so far as to agree to an alteration in the ordinance for the Government of the Territory but without effect It was known that there were many in the Scioto Country strongly in favor of the admission of Slavery & a law was at one time near passing the Council & house of representatives in favor of slavery under the specious name of Servitude Many had brought slaves over taking indentures on them from seven to twenty years & generally until they would be worn out & be only fit to become charges to the Townships These things influenced a few to oppose entering into a State Government for fear lest the slaves interest which they supposed had taken the lead would preponderate & lest in our infant situation our revenue should prove unequal to the expenditures of the Government.

There was however a strong party in favor of going into a State Government partly because the popular current would force us there & contended for the right (if Congress would not

In order to consult for the public good, we called a meeting at Dayton. Isaac Spining, Esq. was chosen chairman and myself Clerk. MAJOR GENERAL GANO TO MAJOR DAVID WADE

Dayton Sep^r. 20th, 1813 2 Oclock PM

Major Wade,

Sir

I arrived here this moment and find the whole Regiment or the 8 Companies under Zumalt nearly ready to march and will proceed by my order tomorrow Morning but under every disadvantage for want of a Surgeon, one must be sent on immediately and made if practicable to march without delay the nearest rout to the Yellow Spring and from that to Franklinton where Medicine and some Rum will be furnished if I do it out of my own pocket—can you persuade Doct^r. Douglass Drake or some respectable one to come on. If no alternative Doct^r. Drake must be ordered as Maj^r. Stanleys Battalion furnishes a considerable proportion of the Reg^t. I have some claim, you understand, prepared or unprepared they must come on and report him or

themselves to Col^o. Zumalt or myself. I can only inform you that Col^o. Orr has just arrived from Franklinton says the Gov^r. was expected hourly and the Troops from the upper part of the State coming in—this is all—

Dear Gen1.

Major Hawkins has just arrived here from Fort Meigs, and informs me that Fort Findlay will probably be evacuated by Cap^t. Simontons Company the 22nd or 23^d and that there is considerable stores there. Gen^l. Harrison informed Gov^r.

Meigs that that post must be relieved by Ohio Militia, which circumstance makes it necessary to relieve that post without delay you will therefore order a Commissioned Officer suitable Non Commissioned Officers and thirty two privates of the nearest drafted Militia to that place to march immediately by forced marches for that post and the Officer to Report to me on his arrival there by Express the state of the Fort and publick stores and his Command and remain untill further orders as I think it important to keep up the communication on the Center line which it appears has been too much neglected and unless exertions are made will be entirely abandoned which I will prevent if possible

Franklinton Sep^r. 28th. 1813

Dear Gen1.

I have to inform you the Regiment from the first Division left here yesterday for Sandusky & from thence to Seneca without receiving their advanced pay as promised them, I was obliged to apply to the Quarter Master at this place for some shoes and blankets for them which I procured on a statement made and becoming responsible to that department that I would procure your sanction 69 pair shoes 26 pair socks and 69 blankets which the men have receipted for as part of their pay and will be deducted. I expect to leave this day for Sandusky from which place I will again write you I am happy to inform you I have prevailed on Major J. Lawrence Lewis a gentleman & an excellent disciplinarian to act as Brigade Major & Inspector to the Ohio Troops, he certainly will be an acquisition to us and the service, and is very highly recommended by Gov^r. Meigs as one of the first characters in the State. I have ordered a

detachment to Fort Findlay and there is also a Company at Manares Block house, etc. I have had no accurate return of the Ohio Militia in Service except Col^o. Zumalts Reg^t. which is near eight hundred strong and Col^o. Delongs which is about the same, tho a Number has been detached to the Quarter Master & Artificers Department and I have had to leave some sick, the men that have marched are fine robust healthy men and if they had some pay to purchase necessaries say they will be willing to march to any place when ordered I have been obliged to be very rigid with the officers & men and I find both want drilling and that will never make some men officers, any orders you may have to communicate relative to the Ohio Troops &c shall be immediately attended to by your most

GENERAL ORDERS

Head Quarters Ohio Militia Seneca Octr. 5th. 1813

The General Commanding the Ohio Militia in the service of the United States announces with pleasure the satisfaction he has enjoyed at the orderly deportment of the two Regiments that have been marched from the Extreem southern part of the State of Ohio to this place and that in Marching through the inhabited part of the State they have acquired the Name of being the most orderly Militia that have passed on to the Enemies Country which is highly honourable to the Officers and Men and will afford a pleasing reflection when they have retired from the tented field to domestic life. The Gen¹, enjoins it upon all Officers of every grade to be vigilent and attentive to discipline and their duty and as sub-ordination and rigid discipline is esentially necessary in an army to make it respectable, formadable and Efficient against an Enemy, will be a sufficient Inducement to Vie in those esential points. Colo. Delong being eldest in Rank and his Excellency the Governor having designated his Reg^t, as the first, which is hereby ordered to be Recognised as the first and Colo. MAJOR GENERAL JOHN S. GANO TO GENERAL HARRISON

Head Quarters Ohio Militia Lower Sandusky Oct^r. 6th, 1813—

Dear Gen¹.

I have the honour to inform you by Major Vance that I arived here yesterday with the 2nd Regiment, the first will be here from Seneca to day. the 3rd is on the left & center lines of communication, these two Regiments are considerably reduced having detached one Company at Upper Sandusky, two Companies to Fort Meigs and three small Companies to Detroit who start today as an escort to the Beef Cattle and there is a number engaged in the employ of the Quarter Master by special request of Colo. Bartlet and a number sick, the Effective force in the two Reg^{ts}. at this place is about one thousand. the Garrison here will be relieved as the Chillicothe Guards times are nearly expired. I found the Garrison of Upper Sandusky in a dirty miserable state I have ordered the Company of Militia there to build a small Hospital, to clean the fort and put the rooms in repair with safe and confortable fire places which must be done at this post if you think proper. I am anxious to receive your orders to know how the troops are to be disposed of, we are all willing to cross into Canada or go to Detroit or where you

may think proper, the men are very orderly good Militia and willing to do their duty but are badly cloathed for the winter in this Northerly climate on account of their not receiving the pay that was promised in advance—which was attended with great murmuring and complaint as many was not able to buy a Blanket or pair of shoes and actually Marched from the neighborhood of Cincinnati to Franklinton without shoes Blankets Tents or Camp kittles. I there got a partial supply and some Companies Marched to Seneca without more than 2 Tents and 2 Camp kittles to a Company, they are all now supplied with Camp Equipage so that they are more comfortable. Brigade Major Lewis I expect up today and will have the two Regiments again inspected and make Report. Major Vance one of my Aids can give your every information in detail, whom I highly recommend to your Excellency and beg that he may be dispatched back as soon as practicable, I am sir with great

GENERAL ORDERS

Head Quarter Ohio Militia Lower Sandusky Oct. 11. 1813

The Court Martial ordered for the trial of Cap^t. Fordice for leaving his post at Guard fire No. 1. & suffering some of the Guard to do the same & also being charged with unofficer like & ungentlemanly conduct &c. The court after hearing the merits of the case have sentenced him to be suspended from his command and deprived of his sword for the span of 48 hours. The General concurs in opinion with the court & orders the same to be carried into execution & confidently hopes that the Officers of every grade will in future be more vigilent in the discharge of their duty & never suffer themselves by bad conduct to be arraigned before a court martial in a similar case The General cannot help expressing his surprise at the court being so lenient in their sentence for a crime of this Magnitude It is decidedly the opinion of the Gen¹. that in strict Justice for crimes of this nature cashiering & disgrace is its reward & in many armies

would cost an officer his life as the exposing a camp in this manner in an enemies country might lead to the destruction of a whole army and every officer & soldier must on reflection reprobate such conduct. It is therefore confidently hoped that this small & first example will have a good effect & act as a stimulus to all the Officers in regulating their future conduct. The Gen¹. must express his pleasure & satisfaction at the general good conduct and orderly behavior of the most of the Officers & Men he has the honor to command & sincerely hopes it may continue & that each One may have the pleasing reflection when they retire from the field to domestic life that they have done their duty faithful for the Government & Country of their choice which in its Liberties & principles is unequalled on Earth.

Dr. Sir.

With extreme concern I mention the unfortunate loss of two hundred of the Beef Cattle which we started from Lower Sandusky.

That the escort which you had the goodness to send should loose 200 head at such a place as Fort Meigs is to me astonishing and almost leads me to believe there is something wrong. At a moment like this when the subsistence of the army is dependent on supplies, from this quarter it is truly shocking to think of the present disaster.

However I trust they will go on with what remains before the Army wants

JOHN C. PAYNE TO MAJOR GENERAL GANO

Major General Gano will please to furnish me with forty privates and a commissioned officer to take charge of the boats on the Sandusky river. The removal of the Pennsylvania Troops from Portage renders it necessary that the General should also furnish aid at that post to supply the Quarter Masters Department with the necessary fatigues for the safe keeping of the boats and preservation of the property which will be deposited there as speedily as the nature of the case will admit. The General has already displayed so determined a disposition to meet the views of the Commander in Chief that the Adj^t. Quarter Master General looks with confidence to his support in the prosecution of his duty—

ALEXANDER A. MEEK TO MAJOR GENERAL JOHN S. GANO

Detroit Nov. 11th 1813

Dear General

I have the pleasure of saying to you that I am in good health and my Brother is recovering as fast as can be expected, and I assure you I am very anxious to be with you. I think it is probable my brother will hardly be able to ride for a considerable time yet as we must expect very severe weather I shall therefore as soon as I can with propriety leave him, will leave here. The Ohio is expected here in about a week & think I shall go to Portage in her.

Maj^r. Irwin has been deprived of his sword by Cap^t. Moore of the 26th for ordering the officer of the Provost guard to release some of the Maj^{rs}. men who had been committed to his charge by Moore (for disobedience of orders) Cap^t. Moore was sent for by the General the next day & advised to withdraw the charges & Moore told me he would as he was of the opinion that the court would do no more than Flunk the Maj^r. into about 3\$ worth of whiskey therefore the Generals advice was complied with. No Popularity in this? The Ohio Militia Officers here are viewed with the most profound contempt except Col^o. Zumalt who is much respected not from his accomplishments or information but from his very correct conduct on and off duty & his promptness & decisions on all occasions the other field officers parade the streets in unnoticed dignity &c. &c. A great many of the Reg^t., Sick officers & men,

& all anxious to go home the Col°. is not in a good state of health himself at present but never misses his tour of duty

The very amiable and accomplished Doc^t. Rogers of late of the 19th Reg^t. U. S. Inf^y. arrived here the day before yesterday & without ceremony (in the absence of the Col^o.) had his baggage deposited in the Col^{os}. quarters I saw the Col^o. afterwards he told me he did not know what to do with him I advised him to discharge him without ceremony (Rogers wanted to act as Surgeon to his Reg^t.), which he did last night telling Rogers that none of the Surgeons at this place would associate with him after the sentence of the Court Martial (which was that he should forever hereafter be incapable of holding any post in the Military Establishment of the U. S.) & that he would not have the Ohio troops disgraced by having him in the Reg^t. Rogers said it was hard & went away —alas poor Yorick.

My respects to the family your aff^t. friend in haste Alex. A. Meek

MAJOR GENERAL JOHN S. GANO TO GOVERNOR RETURN J. MEIGS

Head Quarters Lower Sandusky Nov^r. 12th, 1813

His Excellency Gov^r. Meigs,

Sir,

I have here in confinement four Indians I am not furnished with any charges against them and the former Commandant would not inform me any further than they were sent here by Your Excellency to Gen¹. Harrison, it appears they have been long in confinement, and it appears to me something ought to be done with them they cannot be tried here if they have transgressed the law, and if permitted I will send them in to Franklinton or where you may direct, for I think it best to have them removed and wait your order; as I observed in my last the men have not received any pay and I have not heard what has become of Col^o. Huntington

If I dont hear from him in a few days will again send the pay master in to Mr. Hunt— The men have had a continued series of fatigue and have improved considerably in discipline.

I have the Honour to be with Respect and Esteem your most obed^t. Hum^e. Ser^t.

CAPT. JOSEPH CARPENTER TO MAJOR GENERAL GANO

Cincinnati, Nov. 18th 1813

Dear Sir

I rec^d. your letter of the 7th ult. at Fort Winchester, giving me an account of your arrival at Sandusky & requesting me to report to you the strength of my Company, the state of the Fort, &c. I immediately attended to your order, but the person by whom it was sent, returned to Fort Winchester without having delivered my letter directed to you, since then I have had no chance of conveyance I presume Majr. Fye has ere this given you that information. For fear that he might too have not had a conveyance I here state we arrived at Winchester the 2^d Oct. found the fort, as is generally the case, very dirty & out of order it is now in tolerable repair, have made the houses warm and comfortable for winter quarters, better, I am confident, than any on the line my company consists of sixty two men, in good health, and are finest of lads, having got the garrison in good order for winter quarters and my business at home demanding my attention Majr. Fye gave me a furlough to come home, which I hope will meet your approbation I was directed on my arrival at this place to inform you and await here your orders, and have availed myself of the first mail after my arrival Your family & friends here are all well

I have nothing new, novel or interesting to inform vou of, things remain pretty much in statu-quo—

I cannot close my letter, sir, without mentioning, that the arrival of Maj^r. Fye to take the command of Winchester mortified me very much and it strikes me that any other person in like circumstances could not avoid simular feelings there being but one company at the place, and no more ordered or even

expected to be ordered, it was of course only a captains command A major being ordered to take the command under those circumstances, carries with it an idea that, that confidence which is necessary for the commanding general to have in the cap^t. was forfeited, and became necessary to send Maj^r. Fye to watch him if such sir, was the inducement, I beg leave to tender to you my resignation, that a person capable of inspiring more confidence may take my place.

I shall remain here until I hear from you, when your orders

shall be as promptly obeyed as I am capable of doing.

I am, Sir, respectfully
Your very humble servant

THOMAS THOMPSON TO MAJOR GENERAL JOHN S. GANO

Portage Nov 25th 1813

Dear Sir

I am sorry to inform you that the business at this place is not in that state of forwardness that I expected. I cannot attribute the defect to the want of exertion on the part of Maj^r. Crook, nor to any officer at this post; there being a considerable quantity of timber cut, but all in the woods, except a trifle I believe the entire defect was in the teams, there are but one horse and one ox team at this place, the first of which, is not fit for any kind of duty, nor can they be recruited under the restricted alowance of forage

M^r. Ermintinger has ordered the forage master not to issue more than one gallon corn to each horse or ox employed which is hardly sufficient to keep life in them, and do no service. The

teams at this post at present would not haul the timber necessary for the contemplated work before the first of April next.

I neglected to state to you the answer of Q. M. Gardner on the subject of furnishing the Q.M. at Lower Sandusky with funds he says he is ordered by Dep^{ty} Q.M.Gen¹. to furnish particular post Q.M^s., that M^r. Ermintinger was not of the number, and therefore could not furnish any.

I have been compelled to write this in the night without time to copy or correct it, I must beg your indulgence, therefore, for its imperfections

Please write me by the Majr.,

Fatigue will be very considerable, could a little whiskey be had for the men?

Your most Obd^t. Ser^t.

JAMES ABBOTT TO MAJOR GENERAL GANO. Post Office Detroit 27th Nov 1813

Dear Sir,

Having no acquaintance at Lower Sandusky, to whom I can address myself to, on a matter very interesting to the Public, to wit, the Mail; I take the liberty of writing to you on this subject.

Within a few days past, a number of charges, coming from a source deserving of Credit, have been in circulation, very much to the prejudice of W. Port, at present, doing the duties of Port Master at Lower Sandusky. If they are correct, I am clearly of opinion, that he ought not to continue where he now is. Will you be pleased therefore, Sir, to inquire and ascertain as far as possible, the circumstances that occured at Seneca, some short time back, respecting the opening of a Mail, or cutting the straps thereof. I should be happy also to be informed of the character of W. Port. In making this inquiry, I do assure you, that I have no other motive in view than the good of my country, and hope that it will be considered by you, as an apology for the present intrusion.

With the highest respect, I am, Sir, Your very Obd^t. Servant James Abbott Ag^t. G^l. P. Office

LIBRARIAN'S REPORT

DECEMBER 4, 1922.

To the President and Members of the Society:

The annual report of the Society for last year, 1921, stated that the total number of volumes in the library was 29,127. The addition by purchase, gift, binding, etc. during the present corporate year, ending this day, increases the totality of volumes to 29,865.

During many previous years such purchases were accredited solely to the Margaret Rives King fund, the Elizabeth Haven Appleton fund, the Society of Colonial Dames fund, and occasionally to the General fund, but last year it was considered advisable, in view of the increase in our income derived from the estate of Eugene F. Bliss, to make use of a portion of that amount for the bulk of these purchases. As a result of this determination the purchases have been accredited as follows:

445 to Income from Eugene F. Bliss fund;

10 to Margaret Rives King fund;

6 to Elizabeth Haven Appleton fund;

1 to Society of Colonial Dames fund.

Adding to these purchases, 106 volumes donated, and 170 volumes obtained by binding periodicals, other paper-covered publications and newspapers, the number of acquisitions for the year is shown to be 738. By gift and purchase 550 pamphlets have been added.

The newspapers bound consist of 61 volumes of the New York Times, covering the period of the World War, and were donated unbound by Mr. and Mrs. Albert H. Chatfield during that time; the other newspaper volume bound is the Cleveland True Democrat, July to November, 1847, edited by Edward S. Hamlin, and as there are very few copies extant—none in the Western Reserve Historical Society of Cleveland I am informed, it seemed desirable to place the copies in our collection between protective covers.

To our collection of early newspapers we have added a file of the Cincinnati Western Spy, 46 numbers, July 21, 1815 to June 28, 1816; also, we have acquired by purchase an early map of the Western Reserve, Ohio, of 1826; and, some few pamphlets that relate to this locality, as "Papers relating to Indian Village site and the cemetery near Madisonville, Ohio"; "Account of the Ohio Mounds in 1829," printed in German and written by W. J. Mone; "Journey from Bethlehem, Pa. to Goshen, Ohio, in 1803" by Loskiel; "Sermon by Isaac Story of Marblehead, Mass. delivered at Hamilton, Ohio, Aug. 15, 1798 upon the ordination of his brother, Rev. Daniel Story to the pastoral call of the church in Marietta and its vicinity in the Territory of the United States northwest of the Ohio river, Another pamphlet of interest although not bearing upon our locality, is "Examination of the various charges exhibited against Aaron Burr, Esq., Vice-President of the United States, and a Development of the characters and views of his political opponents" by Aristides, 1804.

Seven manuscript volumes of records relating to this immediate vicinity have been given to the Society by Mr. Robert Ralston Jones, they are as follows:

Colerain Township, Docket of H. L. Wilmer, justice of peace, May 29, 1783-March 27, 1840; contains 33 Marriage records; 1834-1839;

Town Records of Colerain Township, 1803-1845;

The Records of the Universalist Church of Delhi, Green and Storrs townships, 1838-1873, and accompanying this is the Delhi Universalist Church Bible;

The Records of the Baptist Church of Carpenters Run, beginning 1797. This church was located in Sycamore Township about two miles west of Montgomery and near the Plainfield schoolhouse;

Records of the Cincinnati & Hamilton Turnpike Company, July 6, 1832-June 16, 1872;

Letter Book of the Cincinnati & Hamilton Turnpike Company, Mar. 1, 1838-Oct. 16, 1847, and between the covers of this volume are several pamphlets including the Charter;

Notes of the Survey of the Cincinnati, Mt. Pleasant & Hamilton Turnpike Road;

From Mr. George P. Carrel, Mayor of our city, we have received a number of communications sent to him by the first U. S. Air Mail service that came to this city. These were letters of congratulation over the new landing field for airplanes on the outskirts of Cincinnati, and were sent by the Mayor of New York, the Mayor of Cleveland, the Air Board of Cleveland, the Aviation and Athletic Club of Cleveland, and the National Aeronautic Association of U. S. A.-Fifth Section at Cleveland.

Thus we have a record of the first aeroplane mail service in connection with our city and this fact occasioned the Mayor to forward these letters to the Society for preservation.

Mr. Walter St John Jones has presented to the Society a portrait of Robert Clarke of Glendale, Ohio, who was one of the most generous and active members of the Society from the beginning of his membership in 1868 until his death which occurred August 26, 1899. In the Memorial on the Death of Robert Clarke, by William H. Venable, read at our Annual meeting, 1899, is expressed the love and respect of the Society for him and the deep felt sorrow at the loss of this devoted member. The donor states that this portrait of Mr. Clarke is the only one known to exist. That the portrait was painted by Webber, who died before it was finished, although he had

done all save a part of the clothing, which was painted by Miss Dixie Selden of Cincinnati.

We are further indebted to Mr. Jones for a volume of copies made by Robert Clarke from original manuscripts.

Mr. William C. Smith has lately given to the Society a Bible once the property of Robert Clarke of Glendale. This work is an incunabula as it was published in 1479, in Nurenberge and printed by A. Coburger. The printing is in double columns and the initial letters are painted in red and blue alternately. It has wooden binding covered with stamped pigskin and with brass clasps.

Mr. Peter G. Thomson presented the Society with a framed photograph of two different views of the Bust of George Washington, made from the Death Mask of Washington, by the sculptor, Hiram Powers. Mr. Thomson is the present possessor of the original bust and he had this attractive copy made for the Society.

Other gifts of miscellaneous character have been received as follows:

From Mr. Philip Hinkle:

Twelve photographs of Civil War Officers;

Mrs. M. H. Bowman:

An odd coin made of a postage stamp encased in metal which the donor states was circulated in place of small currency in Cincinnati, during the civil war. Mrs. Bowman is a daughter of James Hall, the author.

Mr. Charles B. Wilby:

Sent to the library a number of visiting cards used by Webster, John Quincy Adams, Millard Fillmore, Calhoun, and many other men of prominence, in Washington about 1850.

Mr. Beverly W. Bond, Jr.:

Photostat of a plan of the Battle Ground of Tippecanoe sketched by General William Henry Harrison;

Mrs. George M. Allen:

Two large pictures in frames, one of the old Cincinnati Hospital and the other of the Miami Medical College located on Twelfth Street.

The additional volumes purchased this year number so many that an adequate description is hardly possible. A large number of histories of counties and towns of different States; works of early voyages and travels; biographies and some family histories; accounts of early social life and customs in the United States; works on the tariff, foreign relations, western expansion, and other current topics relating to American history; Ohio material, the World War, 1914-1918, etc., have been secured.

PRESIDENT'S REPORT

Quarterlies of the Society have appeared during the past year as follows:—

XVII, Nos. 1 and 2, January-June.

Memoires of Benjamin Van Cleve, edited by Beverly W. Bond, Jr., Associate Professor of History at The University of Cincinnati, and a corresponding member of this Society.

XVII, No. 3, July-September.

Selections from the Gano Papers, edited by our Librarian, L. Belle Hamlin.

XVII, No. 4, October-December.

Will consist as usual of the Annual Reports of the Society.

The Society lost by death during the year one life member and three corporate members:

Mrs. Nicholas Longworth (Life member) who died June 27, 1922;

Miss Alice Neave, died April 20, 1922;

John H. Patterson, of Dayton, Ohio, died May 7, 1922;

Hon. Bellamy Storer, who had been a member for over thirty years, died in France, November 12, 1922.

A year ago our investments at book value were \$84,055.21; they are now \$86,018.59.

The \$1500.00 par value U. S. 43/4% Victory Liberty Bonds, which we bought in 1921, as shown in the Treasurer's Report for last year, have been exchanged for \$1500.00 par value 43/4% U. S. Treasury Notes. The Victory Bonds were about

to become due; the Treasury Notes will not mature for several years.

During the year ending November 30, 1922, we have received out of the income of the estate of Mr. Bliss, in the hands of his Trustees, the sum of \$3000.00 in compliance with requisitions for the general purposes of our Society.

JOSEPH WILBY.

December 4, 1922.

I have the honor to present my annual report of the assets and liabilities of The Historical & Philosophical Society of Ohio for the year ending November 30, 1922, as shown by the following statements of The Central Trust Company,
